## Iowa College 6, S. U. I. 4.

About twenty of our foot ball enthusiasts accompanied the team to Grinnell, last Saturday, and, with a crowd of about 300 Grinnell people, watched one of the best foot ball games that have been or will be played in the west this season; notwithstanding the fact that it had rained all the forenoon, and the grounds were very slippery and quite muddy in some places. The teams began the game as follows:

S. U. I.	I. C.
Hull, r. e.	Powell, l. e.
Sanford, r. t.	Darby, l. t.
Hall, r. g.	Savage, l. g.
Stiles, c. r.	Paul, c. r.
Woolston, l. g.	Hunt, r. g.
Elliott, l. t.	Ward, r. t.
Harlan, l. e.	Carpenter, r. e.
Pierce, q. b.	Miller, q. b.
Ferren, r. h. b.	Jones, l. h. b.
German, l. h. b.	Pooley, r. h. b.
Dutcher, f. b.	Heald, f. b.

I. C.'s rush line averaged about six pounds more per man than our line, but it was very soon shown that they were not equal to our men on the push. We think no one will deny the assertion that our team played by far the best rush line game from beginning to end. On our rush line the playing of Elliott and Sanford was especially noticeable, they having the ball in most of our plays. Woolston managed to find his way around the 200 pounder whom he was bucking almost every time I. C. had the ball, at the same time keeping him back while our men were making their plays; Hall said that after he was hurt in first scrimmage he couldn't see anything but his man, which was all that was necessary; Stiles as usual played all around his opponent at center; Harlan on the left end blocked his man well and got through several times; Hull at right end, this being his first game, let his man through several times, but otherwise played well; Pierce, as quarter-back and captain, played well, making most of his plays V rushes, giving the ball to the tackles; thus the half-backs, German and Ferren, had little chance to distinguish themselves; although they both made some good gains. Dutcher, as full back, was out-kicked by Miller.

The game was called at 2:30, with Holbrook, of S. U. I., as referee, and Hoyt, of I. C., as umpire. The points were made as follows: On the start I. C. had the ball, and were pushing toward the south, their V gained 12 yards, Heald gained 5 yards, but S. U. I. soon got the ball on a fumble, gaining, however, very little at first. During the first half Pooley made three good

runs for I. C., and S. U. I. gained steadily by their straight wedges and V's. German made one good gain of 25 yards. Near the end of the half when S. U. I. had the ball near I. C.'s goal the umpire gave I. C. 25 yards on foul tackle, but S. U. I. soon got the ball again, and slowly, by wedge after wedge, pushed it up to I. C.'s goal line again, and at last within about a minute of the end of the half they pushed Sanford over the line, making a touch down. No goal was kicked, and the score stood 4-0 in favor of S. U. I.

After ten minutes rest, the teams resumed play at 3:45. S. U. I. started with V. Ferren came out and gained about 20 yards. Hunt was badly hurt in this rush, but being one of I. C.'s best men was not taken out of the game. Sanford gained 10 yards, I. C. got the ball on fumble, but was downed twice without gain, when Miller made long punt past center of field, and Dutcher had to fall on the ball. S. U. I., by steady gain with their wedge, carried ball to 25 yard line. At this point the I. C.'s thought it best to get Lyon into the game, so Jones got hurt; Heald went to half, Miller to full back, and "Cub" Lyon, amid great cheers from Grinnellites, entered the game as quarter back. But S. U. I. continued to gain, so Carpenter became suddenly lame; Heald went on the end, and King went into the game as half back. S. U. I. gained by their V's, and Sanford ran to 10 yard line, but I. C. got the ball on three downs; then by some good runs, and 5 yards given them by the umpire, they carried it back past the 25 yard line. Then with two downs and eight yards to gain, they lined up quickly, and Pooley started down the field before all of S. U. I.'s men were on their feet, and nobody left to tackle him but Dutcher, who would have gotten him had not his foot slipped on the wet grass, thus giving a clear field for a touch down, which was easily made, and goal kicked by Miller. S. U. I. gained slowly by their wedges, but time was nearly up, and as a last hope Dutcher attempted a goal kick from field, but missed. Miller kicked back, and time was called with ball in center of field. Score, 6-4 in favor of Iowa College.

### NOTES.

That second half was a long one.

Holbrook gave, as usual, universal satisfaction as referee.

It was very queer how much difference it made with the umpire, in making his decisions on foul tackle, which side made the foul.

The faculty should give Mr. Hoyt another lay off so he can read the foot ball rules before he attempts to umpire another game.

The following conversation was overheard on the grounds:

Lyman (to Lyon):—"You must get into that game."

"Well knock somebody out."

It was very noticable that Mr. Jones became a cripple a few minutes after this.

Ferren got a good start on the road to fame in his chosen profession. He skilfully doctored men on both sides.

Ferren was injured in the arm within about three minutes of the close of the game, and Fenner took his place. Outside of this no S. U. I. man left the game.

### New Course in English.

Nearly thirty students met in Room 7, Saturday morning, at 10 o'clock, with the intention of joining the new course to be known as English XX. After the names were taken, a few minutes were spent in trying to arrange the time for holding the exercises. It was decided that each one should give his first, second and third choice of the time most suitable for him and allow Mr. Stephenson to state the hour most convenient for the majority. The object of the course will be to train the members of it in preparing and conducting debates. It was impressed upon each one that he should always treat his opponent as a gentleman; nothing is to be gained by personalities or by belittling remarks. After making other valuable suggestions and fully stating the course to be pursued, Mr. Stephenson announced that the first question for discussion would be: *Resolved*, That chaptered Greek-letter societies will gradually give place to local organizations. To be affirmed by E. R. Seaton and S. B. Rigg; denied by W. L. Converse and L. W. Bannister. This debate will be in Room 7, South Building, Saturday, Nov. 21, at 9 A. M.

### Delta Party.

The Delta Tau Delta fraternity opened their new halls, last evening. Their halls are models of beauty and elegance. The party was most pleasant. The boys were enthusiastic, and did everything in their power to entertain. Refreshments were served in the billiard room. The following ladies were present: Mrs. Frank Carson, Misses Culver, Morrison, Collins, Rice, Clark, Ashley, Horne, Alford, Jewett.

VIDETTE-REPORTER,  
Iowa City, Iowa

Entered at the Post Office at Iowa City as second class matter, Sept. 17, 1891.

We always like to see good feeling between neighboring colleges and it is not our intention to create enmity with any of our sister institutions of the State, but we cannot pass without mention the inhospitality with which Iowa College students treated our foot-ball team last Saturday. The least sense of fairness on the part of the Grinnell management would have secured more gentlemanly entertainment for our team. For example, four of our players were taken by a member of the Iowa College team to a hotel in Grinnell where they have two dining rooms, one being the regular hotel dining room and the other a restaurant where they serve "meals" for 25 cents. When dinner-time came the players were shown to the 25c. table. In a minute or two, three or four S. U. I. boys (not players) came in and asked to eat with the foot ball men, when the landlady asked them if they didn't want something better as there was a special rate for foot ball men, at the same time showing them into the 50c. room. Dinner was finally brought to the players, who finding that there was nothing fit to eat, went to another hotel and paid for their own dinner. Three more players were sent off by themselves to find the club where they were to eat. After wandering all over the north part of town they finally found the place, but if the meal they got is a fair sample of Iowa College board they have great sympathy for the people down there. A few of the players who had friends there were well entertained, but in general it was the shabbiest treatment we ever heard of.

## Baconian Club.

At the meeting of the Baconian Club last Friday evening, Professor E. W. Rockwood read a carefully prepared paper on "The Formation of Fat in the Animal Body." After discussing the subject from the chemical and the physiological points of view, the essay-

ist offered some practical suggestions for the treatment of persons afflicted with obesity. The paper was discussed by various members of the club, including the essayist. Professor Aby made some appropriate remarks upon the histology of fat. Professor Jameson will read a paper next Friday evening, November 13th, on "Field Methods of Railroad Location."

## Hesperians.

The Hesperian programme was pronounced by the lovers of novelty to be the best programme delivered by that society this fall. A prominent feature was the "clear and lucid exposition of the prevailing and current ideas ably manipulated by the four political parties," in which Misses Fanny Davis, Bertha Wilson, Julia Crawford and Julia Rogers, were the "exponents." Though their arguments perhaps were rather hard to follow, their speeches nevertheless profoundly affected the audience. After several recitations, and a paper on "Man, the Laughing Animal," the programme was concluded with a tableau representing the Three Witches of Macbeth."

## Notice.

The Engineering Society will meet this evening, Nov. 10th, at 7:30, in Prof. Jameson's lecture room. Essayist, S. Ver Veer.

In the formation of the company and marching, the men are now six inches apart instead of touching elbows as of old. The men fall in at an "order," facing to the front, and come to an "order" from "right shoulder" at the command halt. "Port arms" is executed from an "order," as is also "right shoulder." Other changes will be noted as they are introduced.
