Game with Cedar Rapids Postponed.

Seven games of base ball have now been postponed and the last one which was to occur today, was to have been played with the Cedar Rapids Y. M. C. A. team. This team though hot as strong as ours, would have put up a game and given our boys good practice, but as usual and as was expected the weather again interfered.

On Saturday the Vidette will publish a full account of State Field Day.

Law Reception.

Professor and Mrs. McClain held their annual reception last evening. In spite of the continuous rain, almost the entire senior class, of seventy-three members, was present, and everyone seemed to enjoy himself very much in spite of the weather. Besides the law students there were present, President and Mrs. Schaeffer and Miss Elizabeth Schaeffer; Professors Perkins, Loos and Wambaugh; Mrs. and Miss Wambaugh, Mrs. North, Misses Besie and Madie Griffith; Mrs. Fred Cochran, Mrs. Ridgeway, and a number of University girls, including Misses Nelle Ankeney, Julia Rogers, Laura Clark, Frances Rogers, Beth Wilson, Besie Bowman, Relelia Gilchrist, Nellie Peery, Julia Crawford, and several others.

An article in the May number of the Library Journal on Iowa Library Legislation by Mr. Charles Aldrich, in speaking of the increased liberality of the State toward public libraries, contains a very complimentary recognition of the work of Mrs. North. "The improved feeling in Iowa," says the writer, "is mainly due to the efforts of a few individuals whom I wish to mention. Mrs. Ada North, Librarian of the State University at Iowa City, has written many articles for our newspapers, in which she has ably and eloquently urged the claims of all our libraries for better support. I am quite certain that she is the foremost Iowa writer upon library topics. It seems hard to get the public ear; but I am convinced that her judicious and always able writings have had a powerful effect upon the public sentiment of Iowa."

The Iowa Agricultural college base ball team, of Ames, came through the city last night returning from Iowa City where they had gone to play the State University nine yesterday. To say they were sorer would be putting it too mildly. They said that the game would have decided the collegiate championship of the state, but the university team was afraid of them and refused to play, claiming that the grounds were too wet. —Colfax Evening Gazette.

The above clipping explains itself and to our minds, if not the usually exaggerated newspaper report, is very contemptible, to say the least. Manager Deering and President Zmunt both inspected the grounds after dinner. Decoration Day and were unanimous in their opinion that the grounds were entirely unfit for use. The rain began falling at 9 a.m. and continued until 3:30 p.m. and by that time the park was in a very muddy condition, to say nothing of the various pools of water at the bases and home plate. The Ames team, if the above is true, apparently neglect all thought of the expense of $100 caused by their trip, and the fact that if the game had been played, the financial result would have been considerably different with our already depleted treasury. This paragraph has caused considerable comment among the students of the University and the sentiment against this unwarranted attack is very strong. S. I. always has had a great desire to meet the Iowa Agricultural College in a ball game and for them to make such statements is simply absurd.

But a little over one week of this term remains, but it is the hope and wish of every one interested in base ball that arrangements may be made so this game may yet be played and there will then be time enough for Ames to cry out.

At a very late date word has been received that Dr. Schurman cannot deliver the commencement address here as he had intended to do. This is an unfortunate circumstance, but perhaps it is not yet too late to secure a good speaker to take his place. Dr. Frank W. Gunsaulus of Chicago is to deliver the commencement address at Iowa Wesleyan University at about the time of the graduating exercises here. Dr. Gunsaulus is too well known as an educated man and an eloquent pulpit orator of the modern type to need further commendation. It would be a good thing for the University if he might be secured. A prominent man, a good speaker, and a man of ideas, is needed for such a place. It would be a thing much to be deplored, if no one were secured, or no attempt made to secure one. It seems that Dr. Gunsaulus is the most available man.

The Junior Law Class at a meeting held yesterday morning decided by a vote of 36 to 21 that as far as the class is concerned June 3 is not to be a holiday. It is a matter of regret to us that so little University spirit should be shown with reference to State Field Day. We all appreciate by this time the intrinsic value of athletics and certainly should know that few things do more to give an institution a name and a reputation than success along Athletic lines. In order that athletics be conducted with success it is necessary however that the men on the various athletic teams do faithful work; but how can the University expect the men that represent her to do their best work, to train faithfully week after week, when they feel that their fellow students do not appreciate their efforts and manifest no interest in their success. The weather for the past three or four days has been of a decidedly discouraging nature but at present prospects seem favorable for Friday. It is to be hoped that every student who is half way able to go to Des Moines will do so.

Notice.

The meeting of the Junior Annual Board of '94, for Friday, 3:30 p.m. is postponed till Saturday, 10 a.m., at Close Hall. This is the last meeting of this year and all should be present.
