Thursday, June 16—
10 a.m. Commencement Exercises of the College Department.

Holbrook Prize.

Eleven essays have been handed in by competitors for the Holbrook Prize. At Faculty meeting Thursday afternoon the following judges were appointed on the merits of these productions: Professors Perkins, Loos and Instructor Stephenson. The decision of this committee will be reported a week from Thursday, on Commencement Day.

Democracy Meeting.

The adjourned meeting of the democratic students of the S. U. I. was held Monday evening in Close Hall. About sixty students were present. The name adopted is "The Jefferson Democratic Society of the S. U. I." A constitution was adopted embodying the principles of the Society and such rules and by-laws as best tend to carry out its object. The following officers were elected: President, Joseph Mekota, L. '92; Secretary, Richard '91; Treasurer, H. M. Walker, L. '93.

The meeting adjourned to meet early in the fall term.

Base Ball.

The game this afternoon between S. U. I. and Minnesota will be played at the Ball Park instead of at the the Fair Grounds as previously announced. The game will be called at 3:15 P.M.

Anniversary of Christian Associations.

In accordance with the custom of the Christian Associations in other Colleges, the S. U. I. Associations have arranged for an Anniversary meeting to be held next Sunday evening. Hereafter this will be a regular feature of the commencement exercises. The programme will consist of brief reports of the work of the year and an address by some prominent speaker from abroad.

The programme this year will be as follows, with Miss Frances Rogers, President of the T. V. C. A., presiding: W. Y. C. A. report, Miss Nellie Ankeny; Y. M. C. A. report, Fred Blanding; Address, Pres. Geo. A. Gates of Iowa College.

The associations are especially fortunate in getting Pres. Gates as he is one of the ablest platform orators in Iowa. His address will be one of the treats of commencement week and students can well afford to stay over Sunday for the purpose of hearing him.

The Junior Annual.

No student of any department of the University should go home for the vacation without taking with him a copy of the Hawkeye. To those who are bearing not to return in the fall, the book will always mean a means of pleasant remembrances of University life. To those who will return, the book will be a means of help in working others to come to the University.

The Hawkeye reveals the inner workings, the life of the University, matters that do not appear in a catalogue, and it presents facts and information in an attractive and pleasing manner. The examination of the book by one hesitating where to take his college course, cannot but help to influence him for S. U. I.

Besides, it is the plain duty of every student to purchase these books to help the finances of the institution, and insure the success and continuance of the Annual. No leading university or college in this country is without its college annual; many have two or three. The absence of an annual at this educational institution brands it as institution as small, weak, or woefully behind the times. And yet an annual can not exist without the support of the students. Part of the expenses can be met by advertising alone. All in an institution as such as this, with 900 students, it seems that a book of such interest to all should at least reach a sale of 600 copies; but it doesn't.

Last year the first Junior Annual was issued by the Class of '92. The fact that it was not issued till so late was supposed to be the reason for its financial failure. The present Board thought to profit by the experience of the year previous, and had the Annual issued on first March. This Annual was issued that was a credit to the Class of '93 and the S. U. I. Compliments for the work have been received from other colleges where annuals are old, established things, that was the result? An assessment of $5.00 has already been made on every member of the Board, and $3.00 has yet to be paid, with perhaps $80 assets. Now do the students of S. U. I. suppose that the Hawkeye will endure many years at this rate? Do they think that future classes will have the nerve and enthusiasm for S. U. I. to put six months of hard work on the preparation of the Annual with the sure prospect of getting stock $300 or $500, and then get laughed at for their misfortune?

Do the students of the College and Law Departments know that the Medics and Dents bought more Annuals than their departments? We suppose not. Yet it is a fact that the Laws and College, the class of students who are supposed to have more taste for such things and more University spirit, have not taken nearly as many copies as did the Medics and Dents, who were here only one week after the Annual cameout.

Of course such support as this can not maintain any kind of an Annual. Two Boards of Editors have undertaken the task of placing the S. U. I. on a par with other colleges in this respect. They have fulfilled their task, but in doing so, have sacrificed time and money. The prospect for the continuance of the work is not promising. The Board of '94 is carefully considering the matter, and unless the students hasten to yet give their support to this trembling and tottering institution, it is very doubtful if the work will be continued.

If the students and Faculty wish the Hawkeye to be discontinued, let them say so. The absence of their support will if they wish it continued they must buy the Hawkeye that are now on sale at the bookstores at and Wienie's.
The marriage of Frank P. Wright, '99, and Miss Madie Griffith, occurred last evening at the home of the bride on Jefferson Street. Mr. Wright has taken the law course at Columbia College since graduating here and is now in his father's firm at Council Bluffs, where he and Mrs. Wright will reside after a short wedding trip east.

Ninety-three has received a challenge from the base ball team of '93 of Cornell College for a game of ball here next Saturday. The team of '93 would gladly accept the challenge were it not that our regular team which plays at Ames next Saturday, contains some members of the class team and that other members of the team will be out of the city Saturday, inasmuch as that is the first day of vacation at S. U. I.

Do you want an Iowa City paper during the vacation? The Weekly Herald enlarged to eight pages will be sent to students during the summer vacation, for Fifteen Cents. During the summer we intend to publish, two large special illustrated editions of the Herald, containing complete reviews of the State University, and the local schools, with matter calculated to create a better impression of our city than at present. All those subscribing will be asked to help us in getting these papers distributed over the state by judiciously distributing a proper number in the home vicinity. All those interested in the success of the school, and the removal of the objectional reports current concerning the city, will at once see the value of this. By paying Fifteen Cents, you become a bona fide subscriber and we are thus enabled to send you extra papers at newspaper rates. Competent persons will canvass the students in the interest of the matter we are undertaking.

# University Battalion, I. N. G., 1891-92

**Commandant—Major George W. Read.**

**Adjutant—First Lieutenant William H. Walker.**

**Sergeant Major—Clarence W. H. Smith.**

**Color Sergeant—Charles B. Moore.**
