BASE BALL
From the opening of the base ball team went to Ames Friday evening to play with Iowa Agricultural College. The success that attended them at Drake did not desert them here and contrary to all expectations the I. A. C. team which two weeks before had defeated our men by a score of 10 to 0 now went down before the determined onslaught of the Varsity nine. Up to the eighth inning the score stood 3 to 0 in favor of S. U. I. but in the latter half of the eighth Gillen was called by driving out a neat single. Tuttle got first on a dropped fly. Reno made a safe hit and the bases were full. Blair made a sacrifice hit and Gill 11 brought in the first score. Clarkson and Converse each made a three finger and by the time the side was the second five men had crossed the plate. In the ninth S. U. I. made more runs and had a large number of runners on base. Hurst was the pitcher, and a large number of the visitors brought in the first score. The score was tied the score but for the ninth inning with one man out. Hurst was the pitcher. After the ninth inning with one man out, Hurst was the pitcher and a large number of visitors brought in the first score.

Hesperian - Zetagathian Program

The program was opened by the mandoline quartet. Following this came a scene from Hamlet. Ralph Dunlap, '95, as the mad prince showed a remarkable power to show himself into the thoughts and feelings of the character he personates. Bessie Parker, '95, was the queen and supported Dunlap's acting with a realistic strength that made the whole thing an excellent bit of amateur tragedy. McKInley, '95, as the Ghost deserves praise for his makeup work. The effect in which he carried that difficult part. Between this scene and the farce that followed Miss Dunn gave a very pleasing vocal solo.

"The Albany Depot" was the farce and the parts were well played. Keefe, '93, as the tipy Irishman and Mame McKInley, '95, as his wife probably called forth the loudest applause from the audience but while these two characters merited all the praise they received the other parts in their way were supported equally well.

This closes the program of the Hesperian Literary society for this year.

News From the Bahama Party
HAYAHA, CURA, May 31, 1892.

President Charles A. Schaeffer,-Dear Sir: You have doubtless received my cabling announcement our safe arrival here. I am glad to be able to report a successful voyage so far. Nearly all of the party suffered from seasickness but were recovered within the week. Every one is in excellent health at present and delighted with the opportunities afforded by the expedition. We have collected considerable good material on our way down. The dredging apparatus has been tried and worked well. Tell Professor Waugh that the iron rope is a success and vastly more convenient than the hemp rope could be. The hoisting machine is amply powerful and works without a hitch. We have not as yet discovered the omission of any important instrument or material for our work.

The members of the party are prompt and willing to do anything requested of them, and I feel more confident than ever of the success of the expedition unless some disaster occurs. An American naturalist set of naturalists I never saw, and they may well be so, for their appointments are certainly exceptional. Mr. Sabin's published letters will inform you in regard to many details.

Please have our mail addressed to Key West until further notice.

Very respectfully,
C. C. Wishing.

Decoration Day Program

Among the customs established in the University which reflects credit on the institution and shows a happy spirit among its students is the custom of giving an annual program at the Opera House on the occasion of Decoration Day. Last Tuesday evening in harmony with this custom representatives of the Zetagathian and Irving societies spoke to a fair sized audience with sentiments and words appropriate to the occasion. B. E. Shambaugh, '95 was the presiding officer, with a brief reference to S. U. I.'s part of the war and the very enthusiastic audience that attended. Hurst brought in the first score. Harry was the pitcher. At the ninth inning the score stood 3 to 4. In the tenth inning with one man out, Hurst was the pitcher and a large number of visitors brought in the first score.

The German comedy.

The presentation of the German comedy given under the auspices of Mr. Dierl, by the members of the German Conversation Club at the Unitarian church, was witnessed by a good audience Monday evening. The piece of the play was simply a representation of a German school under the charge of a well meaning but rather incapable school mistress. A visit from the school inspector throws teachers and pupils into a state of panic and the mistakes made by both were very ridiculous. Messers. Reineslein, Tod, Good, Mason and Black took an active part, as did Misses Gilkeister, Jones, Cochran and Holmes. Professor Hall took the role of the inspector with great dignity, and Mrs. Dietz acted the part of the agitated school mistress to perfection.

College Notes.
A bicycle club has been formed at Wellesley.

The freshman crew won the inter-collegiate meet at Columbia.

The University of Michigan base ball team is playing under league rules, with the pitcher five feet further back than in the Eastern Colleges. Professor of Virginia has won the Oath Collegiate championship of the South in baseball. His nine has accepted an invitation to play at the World's Fair.
The Vidette-Reporter.  
During the Collegetime at the University
Published at Waterloo, Iowa.

The track team accompanied by manager Anthony leaves for Des Moines this afternoon and while there will make its headquarters at the Savory. The men on the team with possibly one or two exceptions have been doing good faithful work since Home Field Day, and are worthy of the confidence imposed in them by the student body. It is true that a larger percentage of new men than usual are this year entered in the various events, but notwithstanding this fact our prospects for winning the cup were never brighter or our hopes of success better founded. Special railroad rates have been secured and a large number of students should endeavor to be on hand to see the old, the new, and cheer their wearers on to victory.

Many students seem to forget that certain books are for the use of certain students who are seriously inconvenienced by being unable to find a place at the tables whereon are the reference books which they are required to consult. The Philosophy above is not the place to learn a German lesson, neither is it just that a Philosophical student should find the table occupied by students working mathematical problems. This year is so needy over that there is little more opportunity for such annoyance but it is a matter which students should keep in mind not only for the remaining two weeks but throughout their university course, that the library is for the use of all, and no one person has a right to do, for a small convenience to himself, what will seriously in convenience others. In a university young men and women should if anywhere, observe the courtesies of life and there is about last occasion for their observation or neglect in the use of the library.

Girard College, at Philadelphia was 143 years old a week ago Saturday. The average weight of this year's Harvard crew is 171.42 pounds.

Colgate University has for nearly three years been a president. John D. Rockefeller has just given $150,000 more to Chicago University.

Solomon Jones Homer, a full blooded Cheyenne from the Indian Territory, will deliver the valedictorians at the Keokuk (Ia.) college commencement.
