Saturday's Game, First Nine 9; Second Nine 4.

The second game between the first and second nines was played Saturday afternoon. As will be remembered the second team was victorious in the first game by a score of 6 to 5, and consequently each team was determined to do its best Saturday. The players took the following positions:

FIRST NINE.		SECOND NINE.	
Schooley	c.	Ingham	
Lindsay	p.	Hurst	
Hess	f b.	Chambers	
Tuttle	s b.	H. C. Hull	
Reno	t b.	Lamb	
Hopkins	ss.	S. Coldren	
Lyon	r f.	Patterson	
Zmunt	c f.	R. F. Bailey	
J. Hull	l f.	Herrig	

The game began at 2:15, the first nine going to bat. In the first and second innings no scores was made by either side. In the third inning Hess came to bat and was struck out. Hopkins made a safe hit and stole second. Lyon followed with a safe hit bringing Hopkins home, making the first score of the game. Lindsay made first on a single and Lyon and Lindsay both scored on an error of Lamb's. Zmunt then made a single, Tuttle followed with a two base hit and Zmunt scored. Reno and Hull were both put out at first, Tuttle dying on third.

Herrig came to bat for the second nine and made a single, stealing second. Bailey was put out at first by a bunt to Lindsay. Herrig slid to third base, and Patterson made first on three strikes. Herrig made the first score for the second nine on a passed ball. Ingham and Hurst both made safe hits. Patterson was put out at second and Ingham scored, Hurst making third base. Chambers made first and Hurst scored. Chambers was put out at second, retiring side.

In the fourth and fifth innings the first nine made two more scores, one by Schooley and one by Lindsay. The second nine were retired in one two three order in both innings, Lindsay doing some excellent pitching.

In the sixth inning Schooley made first on a liner past third base, but was put out by Henry Hull, in stealing second. Hess fanned out and Hopkins made a safe hit, stealing second, and getting third on a passed ball by Hull. Lyon followed with a safe hit, stole second, and Hopkins scored. Lyon scored on a base hit by Lindsay, and Zmunt was put out on a fly to Coldren. The second nine here did some very good batting. Ingham opened with a three base hit. Hurst followed with a single, making second, and Ingham was caught between home and third and put out. Chambers made a two base hit but was put out in sliding to third base, Hurst scoring. Henry Hull was put out at first.

Neither side scored in the second inning.

The rest of the game was well played. Hess made the only score after the sixth inning; in the eighth coming home on a passed ball and making the score nine, to four for the second team.

The pitching on both sides was good, Lindsay striking out ten men and Hurst four. Hurst gave two bases on balls.

The batting was much improved, and it is evident that one of the weak points in last year's team has been overcome.

Owing to lack of space we are unable to comment on the individual players, but the work of the team is very satisfactory and we may expect great things this year if the men keep on the way they have begun.

Zetagathian Society.

At the program Friday evening, ex-President Plum, in a few appropriate words, introduced the President-elect for the spring term. Mr. Lovell accepted the gavel and thanked the gentlemen of this Society, for the honor they conferred on him, in his short speech, calling attention to the importance of the work that was being undertaken by the Society.

After a mandolin duet, Cunningham, '95, rendered a recitation, "Penn's Monument," in a pleasing natural manner. "Labor" was the subject of an oration, by Sayers, '97.

The debate was on the question, "Resolved, That the State University should be moved to Des Moines." Clark, '96 and Treimer, '95, for the affirmative submitted that the University should be near the center of the State; Iowa City is not easily accessible; the city has a reputation for carelessness; Des Moines offers better facilities to the professional departments; at Des Moines, the school would be better advertised; Des Moines would insure public confidence; Des Moines would insure financial support; Des Moines would increase the attendance. VanLaw, '97, and McKinley, '95, for the negative submitted that a college should be retired from center of civilization; the facilities for the study of geology and botany are here especially fine; the relations between the citizens and the students are here cordial; the fact that Iowa City is not a railroad center is in its favor from a moral standpoint; the Medical College here has all the clinic material that the students have time to attend to. The affirmative gained the decision of the judges.

Thomas, '97, gave a declamation on "Cell 67"; it was delivered too much in a monotone.

The oration of Brock, '96, on "Iowa," was thoughtful and well delivered.

Hesperian.

The Hesperians opened their literary work of the term with an excellent and interesting programme.

The first feature of the programme, an instrumental solo by Marion Davies, was highly appreciated and was encored.

Following this, Miss Kelso, in a few well chosen words, retired from her duties as President, and relinquished her badge of authority, into the hands of one of Hesperian's most deserving members, Miss Elizabeth Jones. Miss Jones stepped to the platform and responded in a fitting manner; thanking the society for thus demon-

strating an appreciation of her work among them, and adding some remarks concerning the value and benefit she had derived from literary work.

A declamation, "How Burlington was Saved," was then delivered by Bernice Barlow. Her delivery is good, and her manner very pleasing.

Gertrude Howell followed this with a paper on "The Red Cross Mission." She told in an interesting manner, of the organization, work and workers of this great movement, for the relief of suffering humanity.

The debate on the question "Resolved, That the Mulct Law is the practical solution of the liquor question in Iowa," was ably discussed. Theresa Peet gave a statement of the provisions and restrictions of the law, and cited instances where this law would change matters considerably in our own city. Marion Davies regarded the action as an absurd attempt to control the liquor traffic. That crime could not be abolished by compromise. Fanny Davis urged that no legislation could be enforced ahead of public sentiment, this was in favor of restriction, not abolishing, and that the saloon men themselves would enforce the law. Mary Holt gave good logical argument; the law should be made easy so all could understand; that this law was more complicated than the prohibitory, and that it would be a special tax and not uniform. The Judges decided in favor of the negative.

Margaret Van Metre rendered a very pleasing vocal solo, and a hearty encore testified to the appreciation of the audience.

Nannie G. Carroll next declaimed "The Trial of Rebecca." This is an interesting selection and was much enjoyed.

Cora Dorcas followed with a touching recitation, "The Ballad of Baby Bell." Miss Dorcas is one of our new workers, but promises to become an excellent member.

Gertrude Wood closed the programme with a piano solo.

Sophomore-Freshman Field Day.

The Freshmen seem to lay upon the Sophomores the blame for the reported failure to hold a bi-class field meet. In justice to all concerned we wish to say that the two committees met on the last Thursday evening of last term and tried to come to an agreement. It was first decided that all regular State field day events should be contested. At the request of the Freshmen it was agreed to have a half-mile walk instead of a mile, and also a half-mile bicycle race in place of the two mile race.

The Freshmen then demanded that the fifty yard dash should also be contested, and gave as their reason that they were entitled to have their wish granted in view of the fact that the Sophomores were sure to win the long runs. The Sophomores made three propositions to them: First, to add the fifty yard dash, and also the standing broad jump. Second, to add the fifty yard dash, and also another bicycle race. Third, to add the fifty yard dash and omit the running high jump. They requested an answer of

the Freshman committee, a plain "yes" or "no," but after a two hours' session the Freshmen had not yet learned their own minds, and so the committee adjourned to meet again on the Monday evening following.

Upon the arrival of a majority of the Sophomore committee the Freshmen said, "All that you will have to do to settle the difficulty is to give us the fifty yard dash." The Sophomores replied that if the Freshmen had come there with that idea they might as well have no meeting, as the Sophs would never agree to grant them that, but would offer them the regular field day events or nothing, and demanded an answer. The Freshmen answered that they would not accept that proposition, and they immediately left the building.

Now if the Freshmen must blame the Sophomores in the matter, then in justice to the cause of truth and honesty let them blame us for refusing to give them a few points which they could not win, and not blame us for refusing to meet them in a free and fair field day contest.

If the Freshmen are now willing, as it is rumored, to hold this field day and accept the Sophomore's challenge to a contest, which shall be governed only by the rules which govern the home contests, let them express such willingness to the Sophomore committee, so that the proper arrangements can be completed without delay. SOPHOMORE COMMITTEE.

Athletic Ball.

Although the Athletic Ball of last Friday evening, had no precedent in the social history of the University, it was nevertheless one of the most brilliant and enjoyable affairs of our present school year. The young ladies of the University who planned and carried out the affair in such a magnificent manner may well feel gratified at the outcome. Through their loyal efforts some forty dollars has been added to the Association treasury, and that this opportune gift will be highly appreciated by our athletes goes without saying.

The evening was so filled with pleasure and enjoyment that it will be remembered by the merry throng that was fortunate enough to be in attendance.

A New Organization.

University life has been enriched by another organization, called the "Ivy Lane," which came into existence last Saturday night. It is based on intellectual lines and is an exclusively underclassman body, having a very limited membership. The active charter members are:

W. H. Clark, A. R. Denny, L. M. Freeman, Rains, H. A. Suther, and the Misses Eva Houser, Adelaide Laschek, Beulah MacFarland, Elena MacFarland, and Margaret Van Meter.

Tennis Tournament.

The Tournament of the Home Tennis Association will be held on Friday afternoon, May 4. The winners will represent S. U. I. in the State Tournament. All desiring to enter must give in their names to Roy L. Emry, on or before May 1.

Entered at the Iowa City Post Office as second
class matter.

The course of events in Chicago courts the last few months, and notably in the Coughlin and Prendergast cases, contributes little toward increasing or sustaining the respect that Americans are said to have for law. It may be that the proceedings which the public has been witnessing were perfectly legal so far as that goes, but the belief is prevalent that they mark a dallying with justice. When writs of error, new trials, and legal technicalities and subterfuges make justice so erratic that the chances are greatly against the punishment of any considerable crime, it is time that a change be made. The protection of society demands that the penalty for wrong-doing be swift and sure; but it seems to an observer that the tendency is in an opposite direction. Our laws seem, in some cases, to foster the lawyer and liberate the criminal rather than to secure the interests of the state.

Pedagogical Seminary.

The Seminary in Pedagogy had its first regular meeting, Saturday morning. The members for this term are: C. E. Wood, '95; H. G. Pium, '94; A. T. Rutledge, '94; H. Blunt, '94; E. F. Mutchler, '94; G. A. Fracker, '94; Mr. Hiron, Virginia Swan, '94; Rose Blanchard, '94; Clara Slotterbec, '94; Miss Payne, M. E. Lumbar, '94; Rose Henderson, '95.

Two papers, studies from current literature, were read. "Moral Training for Children," by Rutledge, '94, who presented the thought that everything that is read by or presented to the child in the form of literature, should have a direct moral bearing. Miss Swan gave a report on the "Comments of the Committee of Ten," as given by some of the best educators of the nation.

On account of the large number of students belonging to the class, there will be two divisions of this seminary, one division meeting Tuesday evenings, at 7 p. m., the other Saturday mornings, at 9 a. m.

Theresa Peet, '95, was chosen June Orator by the Hesperians at their meeting Saturday evening.

Sophomore - Freshman Field Day.

EDITOR OF VIDETTE-REPORTER.—In a recent issue of your paper it was stated that the Freshmen had decided not to hold a field day with the Sophomores. Such is not the case. A misunderstanding simply existed between ourselves and the Sophomore committee, which, having been adjusted, the Sophomore-Freshman Field Class Meet will take place the latter part of this month.

Beware of Ointments for Catarrh that Contain Mercury,

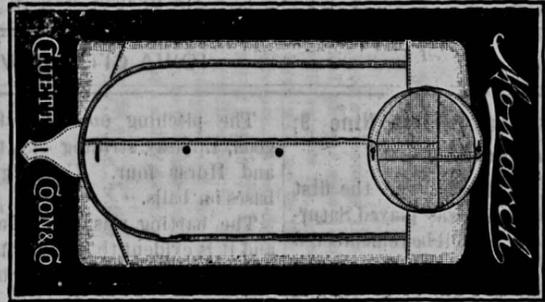

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Once More "The Nabobs."

Some plays are like dew drops—eva-
nescent; others are like diamonds—
lasting and forever lovely. While
some productions engage the popular
fancy for one season, and then pass
into oblivion, others maintain their
popularity with the public, returning
year after year to the scenes of their
former triumph, always receiving
substantial welcome. To this latter
class belongs the "New Nabobs," as
presented by Henshaw and TenBroeck
and their capable company of comedi-
ans, singers and dancers. Upon its
last engagement here the company
made an especially favorable and last-
ing impression upon our theatre
goers, and Manager Clark has booked
the organization for a return date,
which will occur on Wednesday even-
ing, April 11.

Edouard Remenyi.

The following speaks well for the great violinist who will appear in our city, April 17:

Association Hall was crowded last evening with an audience that showered upon Mr. Edouard Remenyi, the great Hungarian violinist, sounds of applause that betokened the virtuoso's powers of arousing enthusiasm, as in days gone by, when he met with unprecedented triumphs in all parts of the Union. He has not lost any of the vim and fire that have made him famous. This was shown in his playing of his own "Hungarian Melodies," and in this he aroused his audience to the highest pitch of enthusiasm. He was recalled repeatedly and for his last encore played his famous "Liberty Hymn," composed by him during his former visit to the United States. After every one of his selections he was forced to respond to encores. It is very evident that he will repeat his former conquests.—*The Philadelphia Press.*

GREAT ROCK ISLAND ROUTE
BEST LINE TO THE WEST
SUPERB DINING CAR SERVICE.

As long a time as David reigned, so long has the Chicago, Rock Island & Pacific Railway run trains westward from Chicago. The Rock Island has for forty years been marching on in the work of civilizing a vast and fertile but primarily a nonproductive country and accomplished its fair share in rendering millions of acres capable of returning a fruitful abundance.

The equipment is thoroughly complete with vestibuled trains, magnificent dining cars, sleepers and chair coaches. All the most elegant, and of recently improved patterns.

With a double all steel track from Chicago to Rock Island, and heavy pattern rail on excellent ties and road bed to the Rocky Mountains, on which runs solid vestibuled trains, renders this route preeminently attractive, and because of its safety in transporting passengers—a most desirable one for traveler, visitor, tourist or business man.

A very popular train on the Chicago, Rock Island & Pacific Railway leaves Chicago daily, at 10 p. m. It is called "THE BIG FIVE." It is only one day out, and passengers arrive at Denver, Pueblo or Colorado Springs early the second morning. The train is a magnificent one, equipped with brand new Coaches, Chair Cars (free), Pullman Sleepers of latest designs and improvements.

The Rock Island has become a popular Colorado Line, and the train above referred to his Vestibuled and carries the Rock Island's excellent Dining Car Service.

RICHMOND
Straight Cut
NO. 1
Cigarettes.

Cigarette smokers who are willing to pay a little more than the price charged for the ordinary trade cigarettes, will find this brand superior to all others. The Richmond Straight Cut No. 1 Cigarettes are made from the brightest, most delicately flavored and highest cost Gold Leaf grown in Virginia. This the Old and Original Brand of Straight Cut Cigarettes, and was brought out by us in the year of 1875.
