The Western Inter-Collegiate Meet.

CRUM WINS THE 100 AND 220 YARD DASHES IN 10 SEC. AND 22 SEC.

The meet was in every way successful, but the disqualifying of some of Michigan's men on the grounds of professionalism caused not a little hard feeling. Hall, Michigan's representative in the shot put, had succeeded in breaking the record and placing it 44 ft. 7 in., while Le Roy, the broad jumper from the same state, had broken the record and cleared 21 ft. 7 1/2 in. Both men competed under protest; Hall on the grounds that he had been paid to act as coach for a college team, and Le Roy, that he had formerly been expelled from the Association and had never been reinstated. Both of these protests were sustained at the meeting held in the evening, and thus the Michigan men found themselves deprived of ten points. The decision caused not a little dissatisfaction to the Michigan men, and they threatened to withdraw from the Western Association and join the Eastern Association. This left the California team winner with 34 points, Grinnell second with 14 points, Wisconsin third with 13 1/2 points, Illinois fourth with 12 points, State University of Iowa fifth with 10 points, Chicago sixth with 8 1/2 points, Northwestern seventh with 7 points, Michigan eighth with 5 points, Lake Forest ninth with 2, St. Alban's tenth with 2, Center eleventh with 1. The attendance was fairly good, about five thousand being present. Each institution had its numerous friends in the grand stand, and the friends of S. U. I. were as numerous as any of them. Crum was the central figure of the day, and at almost anytime remarks or inquiries could be heard concerning him.

The events opened with the 100 yd. dash, and out of the forty-five entries but twenty-two started. Considerable speculation had been done concerning who the possible winner might be, and although Crum was the general favorite his friends were not over confident of his winning, as they realized the severe work which he had undergone recently. He had no trouble in winning the 100 yd. and 220 yd. dashes in the same time which he had made at New York, 10 seconds and 22 seconds respectively, with Stewart, of St. Alban's, second.

Bloom had the misfortune to fall from his wheel in the third final heat of the bicycle race but escaped injury. The mile walk was won by Mervin, of California, in the remarkably good time of 7:31 2-5. Allison finished fourth.

Victory for Illinois's.

WE LOSE IN A POOR GAME BY A SCORE OF 14 TO 3.

The supporters of old gold expected to see a good game of base ball last Wednesday between our team and the one from Illinois University, and consequently a good crowd filled the grand stand and lined up along the side lines. As on one or two former occasions of a similar nature, a big dose of disappointment was in store for them, however, and they were compelled to witness the ignominious defeat of our base ball aggregation in what was perhaps the poorest game of the season. After the brilliant work in Saturday's fourteen inning game with Nebraska, we had reason to look for a much better exhibition of ball playing than was given us.

Something seems to be radically wrong with our base ball team somewhere; one day their playing is practically errorless; but on the next their playing is decidedly of an "off color." We hope sincerely that the reason for this may be discovered and the cause obviated in some way or other in the future.

Illinois played a magnificent game, and only two or three errors were marked against them. Their infield was almost impenetrable, and the outfield made a clean record. Kingman pitched a good game; while he struck out only two men, base hits were scarce. At base running the Illinoisans surpassed any team that has yet played upon our grounds this year.

Bailey was in the box for the first six innings for S. U. I. He was rather unfortunate Wednesday; he did not have very good control of the ball, and

besides the umpire gave him the worst of close decisions on strikes. Between the two he managed to let quite a number of men take bases on balls. Otherwise he played a plucky game. Wilson supported Bailey splendidly.

Hopkins made a mistake in placing Gaines on first; he should have taken this position himself from the opening of the game.

Chambers played short stop position and did it creditably.

Ingham was out of his position on third; he should stick to his work behind the bat.

The outfield was weak; Herrig is discredited with two errors and Arey also; Lyon was given no chances.

Illinois took a big lead in the first inning. Our men went out in short order without any scores to their credit. Lowes and Baum each went to first base on balls. Frees hit a fly over short, and two men came in. Huff lined out a two bagger, Cooper hit over short and Huff scored. Haskell hit to third and Cooper was through out at second base. Before the third man was put out two more runs were placed to Illinois credit. Kingman ended the inning by going out at the home plate on a throw from the field.

In the next inning both teams failed to score. In the third Iowa stock went up because of the three runs that crossed the plate. This inning was the only one in which we scored, however, the remainder were all shut outs.

Illinois did not score again until the fourth, when the score increased to 8. In the sixth another batch of five scores were placed on the score book for them, and in the seventh, one, making the total 14.

In the seventh inning Leighton went into the box for S. U. I. Hopkins took Gaines' place on first, and Bailey took his old position on second. This strengthened the infield very much; we believe that the men should always be played in these positions if possible. The change failed to turn the tide in our favor, however, and the game was ingloriously lost.

The men played as follows:

ILLINOIS.	IOWA.
Lowes, 3 b.	Lyon, r. f.
Baum, 1. f.	Hopkins, 2 b. 1 b.
Frees, c. f.	Chambers, s. s.
Huff, c.	Ingham, 3 b.
Cooper, 1 b.	Bailey, p. & 2 b.
Haskell, s. s.	Gaines, 1 b.
Thompson, r. f.	Wilson, c.
Kingman, p.	Arey, c. f.
Fulton, 2 b.	Herrig, l. f.

Following is the score by innings:
Illinois..... 5 0 0 3 0 5 1 *—14
Iowa 0 0 3 0 0 0 0 0—3

THE VIDETTE REPORTER,
Iowa City, Iowa.

Entered at the Iowa City Post Office as second class matter.

In a few days many of the underclassmen will have gone to their various destinations to spend the summer. We hope that these persons realize the opportunities which are afforded them for doing some work for the University during the summer. There are few students who cannot be influential to some degree in securing new students for the University. If you do not know of any person who is ready to enter the University, urge them to attend the preparatory schools in our city if such advantages are not afforded them at home, for if they once get into the atmosphere of the University they are very likely to remain with us until they complete the course. Much good can also be done for the University by simply telling her conditions and those wants which are most urgent at the present time. When the Legislature meets next winter the extent of its liberality will depend largely upon the feeling of the people of the State toward the University, and no better means can be adopted by the students who have the welfare of the University at heart than by placing the numerous disadvantages under which our institution is laboring clearly before the people. We believe that if every student exercises what influence he has along these lines we will not only be favored with liberal appropriations but the number of students will be greatly increased.

Was the Record Broken?

The following is what the New York World has to say in regard to Crum's time at Berkley Oval:

"The Iowan had his field well in hand at 100 yards, despite another bad start, and held it safe all down the strip at a heart-breaking clip. He was really never extended, and it is an interesting problem just how fast this Westerner can travel the distance. Unfortunately there was blundering in the timing at the finish, and the young man goes on record as hav-

ing won in 22 seconds flat. There is little reason to doubt, however, that he captured his easy race in 21 3-5 seconds. Charley Reed, one of the official timers, failed to work his watch as Crum broke the tape, an injured hand being responsible for the mishap. Bob Stoll, who is by all odds the most reliable timer in the country, caught the winner in 21 3-5 seconds, but the other official timer, Mort Bishop, showed his watch to register 22 seconds. The rules call for the intermediate time of three watches, but as Reed could not report the officials were forced to take the slowest time, and Bishop's 22 seconds was accepted. Such experts as 'Sparrow' Robertson, Fred Stone, Mickey Finn and Ed Moulton all tallied 21 3-5 seconds with Stoll, but they were outsiders. Hence, Crum doesn't get his record, and the probabilities are that the young man doesn't care a continental, for it is whispered that the professional ranks will claim him immediately?"

College Notes.

Pennsylvania won over Cornell in track games at Ithica, 95 to 31 points.

Princeton's prize for \$500 for excellence in Latin and Greek is the largest scholarship offered by an American college.

The tri-angle boat race between Cornell, Columbia and Pennsylvania will be rowed on June 21st, either on the Hudson or the Delaware.

Edmund Clarence Steadman has written an ode for the Yale commencement which Professor H. W. Parker has set to music. It will be rendered by a chorus of half a hundred voices, mostly from the Yale Glee Club accompanied by an orchestra.

The Anti-Saloon League "omni-partisan and inter-denominational," was organized by Oberlin by a prominent alumnus of the college. Its aim is to unite the friends of temperance "that they may act together on temperance issues, as the liquor league unites the liquor interests of Ohio."

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free. F. J. CHENEY & Co., Toledo, O.
