The Iowa-Minnesota Debate.

Our representatives in the Iowa-Minnesota debate dowered the "Gop-ers" in their own hole; last Thursday evening, and to the three contests that have been held between the two schools Iowa has won two. The contest was held in the University chapel at the University of Minnesota before a fair-sized audience. The question of discussion was, "Resolved, that it would be desirable for American cities of five thousand or more inhabitants to have their minster governments, subject only to the constitution of the state, and that the state itself should not be required to exercise such a power as to interfere with the plans and obvious purpose of this measure." The judges of the debate were Judges Hoar, Hon. E. C. Stevens of St. Paul, and Geo. Geo. Becker of St. Paul. S. U. C. is the name given to the debate. The Minnesota men put up a good debate, but S. U. C. conducted in such a manner as to be superior.

C. G. Buring open the debate for Iowa, a speech which dwelt more with force upon the principles underlying all governments, and pointed out, plainly that the proposed measure was sure to be that of the affirmative and literally tore it to the corners of the room. Mr. Frank Horack. E. H. Bood then spoke on "Our Military Department," claiming that the only remedy for present evils in our large cities is municipal home rule. Special legislation is left in the hands of the states, and general legislation does not meet the requirements of the cases.

E. C. Malvern argued that the only remedy for present evils in our large cities is municipal home rule. Special legislation is left in the hands of the states, and general legislation does not meet the requirements of the cases.

The inference, it appears, is reasonably plain. So long as the work done in a literary line has to be accomplished in time stolen from work recognized by the Faculty, no great excellence will be developed by those who care for high grades. If the time should ever come when the power of public speaking shall be deemed worthy of encouragement as other powers are, the condition will probably change.

Zetacubism.

The program at South Hall on Friday evening was as follows:

Music .................. Violin Solo
M. C. Peterson, Professor Barryhill.
oration .................. C. E. Kellogg
"Blaine's Eulogy on Garfield."
Declaration .................. R. R. For.
"The History of Liberty."
M. C. Peterson, Professor Barryhill.
"Marion Davies." (Are Millionaire's Desirable?)
Music .................. Miss McFarland and Mr. Horack.
The program was one of the best of the year, the speakers all entering fully into the spirit of their respective parts. The society should feel especially proud of the appearance of its new members.

Mr. C. H. Hinten, instructor in mathematics at Princeton, has lately made another trial of his pitching machine, a device intended to pitch balls for batting practice. Either a straight or a curved ball can be thrown at any desired speed, and it is expected that the batting strength of teams can be materially increased by the use of this invention.

The Yale library has received $4,800 from the class of '96, this sum being derived from the profits of the Junior promenade.

Notice.

I was not thrown out last year on the charge of professionalism, as stated by the Des Moines Leader of its cent. No such charge was brought against me. I voluntarily withdrew and gave up the medals. I shall not run at Grinnell or Marshalltown unless I receive reinstatement before that time by the Amateur Athletie Union of the U. S.

JOHN C. PAILL.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the ear. When this tube is inflamed you have a running smell or impercept hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine times out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any cure of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for cures.

Hall. Every evening. The next meeting will be postponed to twenty-five o'clock. The reserve seats in advance should address M. H. Douglas, Grinnell, Iowa.

State Tennis Tournament

The State Tennis Tournament for the year was scheduled at Mt. Vernon for last Friday and Saturday, but was not finished on account of rain. On account of threatening rain only three colleges sent players to compete. Penn College was represented in the singles by H. C. Ellis, and by the Ellis brothers in the doubles. Grinnell sent D. Long for the singles, Warner and Fallar for the doubles, and Misses Spencer and Friesen for the ladies' doubles. Miss Spencer also played the singles. Super and Munson for doubles, and Miss May for ladies' singles, who also was entered in the doubles.

The ladies' singles was the only final event decided Saturday, Miss Spencer winning over Miss May 6-2, 6-1. In the preliminary singles Super beat DeLong 6-4, 8-1; and DeLong and H. W. had just begun the preliminary doubles when rain forced a postponement.

In the business meeting held Saturday afternoon, S. U. I. was re-instated into the State Association, and after a close contest between S. U. I. and Penn for next year's meet, the location was finally awarded to Penn, at Oskaloosa. The officers were distributed as follows: President to Corneill, Vice-President to Grinnell, Secretary to Penn, and Treasurer to S. U. I. The Grinnell and Penn men remained over Sunday to finish the tournament, but as S. U. I. did not have men entered, her delegate to the business meeting did not stay to witness the completion of the tournament.

Now that S. U. I. is re-instated in the State Association we should like to see a general re-awakening among tennis lines so that next year the state championship may go where it has gone in former years—S. U. I.'s representative.

The home tournament will be held the first of next week on account of the Dual Meet next Saturday. Medals will be awarded the winners of events and entries should be in by Friday noon. The entrance fee is twenty-five cents, and each contestant is required to furnish one new tennis ball to play with.

Notice.

There will be a meeting of the Athletic Association at Close Hall at 7 o'clock this evening.

A. R. Wells, Pres.

Notice.

Owing to other attractions the Senior meeting will be postponed to 7 o'clock Wednesday evening at Close Hall. Every member is urged to be present.

N. D. Ely, '13, who has been spending a few days in the city on business, has returned to Davenport.

The Hesperians will join with the Zeta-thalians in the memorial program to be held at the Armoury one week from Saturday night. Hesperian will be represented by Joseph Pughham as orator, and Gertrude Preston declaimer.

Buelow Lytton's remarkable drama, "The Lady of Lyons," is to be given at Grinnell on the evening of the local Field Meet, by two of the college literary society, the Grinnell Institute and the Calocagathian Society.

Alcoa will play with two of the last year's state single, Beyer and Grinnell and Pon.

"A General View of the University of Iowa," was written by the year's class and is to be printed from the firm name as below in an envelope.
