The game began with the Seniors kicking the ball from the north goal. They pushed the ball steadily down the field until within 3 yards of Instructional goal, where they held, the Instructors taking the ball on down. The Instructors punted the ball without gain. However, then took the ball around left end for a touch down for the Seniors, in 7 minutes. Gibbs game off for a place kick for goal, but Foster failed to catch the ball and it went back to center, where the Instructors kicked off.

It was the rest of the first half the ball changed hands five times on downs and fumbles. Score: Seniors, 1; Americans, 0.

In the second half the Instructors kicked off from near center. The Seniors were forced to punts. Badrow made a poor punt, Budd caught the ball near the north goal, ran toward the center, fumbled, made a;line change, recovered the ball for the Seniors. The Seniors held the Instructors for four downs.

The game was somewhat exciting, but little gain. The Instructors taking the ball, also, were forced, Badrow making the running kick and Budd catching the ball near the home line. The game was more of an interference, much calmer than any play in the game.

Based on the second half, the game was fair. The Seniors gave all they could, as it was the last half. Seniors soon forced three punts. Badrow made a poor punt, Budd caught the ball about one yard from the goal line. Gibbs then tried another kick, but little gain. The Instructors taking the ball, also, were forced, Badrow making the running kick and Budd catching the ball near the home line. The game was more of an interference, much calmer than any play in the game.

Thurman is not too happy about the game, says that the Seniors gave all they could, as it was the last half. Seniors soon forced three punts. Badrow made a poor punt, Budd caught the ball about one yard from the goal line. Gibbs then tried another kick, but little gain. The Instructors taking the ball, also, were forced, Badrow making the running kick and Budd catching the ball near the home line. The game was more of an interference, much calmer than any play in the game.

Tennis

There has been considerable interest in tennis since the Inter-Collegiate tournament was inaugurated a few weeks ago, in which forty players took numbers. Although they have not played regularly, the results have been, on the whole, quite gratifying, and one feels that with the advancement of any player, having come up from his original number, 31, to 30, or 29, or even down from 31 to number 8, or as in case of number 6, but, was defeated by Cook in trying to win number 5. Hallie has always done the best of 36 to 37, as she is not used to playing mixed doubles, but is used to being a first-class tennis player.

In a previous column, we mentioned the reputation we are winning abroad as to being a first-class tennis team.

The game was played on the north court of the University tennis courts, and as it was a very nice afternoon, the players were in good form.
NEED ANY SHIRTS?

Maybe you want COLLARS, CUFS, OR A TIE, HANDKERCHIEFS, WARM UNDERWEAR OR SOCKS perhaps, or possibly a PAIR OF GLOVES?

This is a good place to come for any of these things. We've got the right sort and our prices will please you.

The Midite-Reporter

abruptly and without any explanation about him. It is not only a sense of sorrow, but also a sense of loss for his friends. The club that he had founded, and the legacy that he left behind, will continue to thrive and flourish.

In one of the larger colleges these clubs have become a prominent and permanent feature in college life; and it remains entirely with the student body to determine whether we shall have a club which will be credit to our Alma Mater. President Schaar for very an unusual that such clubs be organized, and he and the Faculty will all do that they can to make them truly representative and successful.

What we want is candidates to compete for places on those clubs. We are very fortunate in having competent and ambitious men to take charge of those clubs and to act as directors. Mr. Wm. A. Graham, late of Leeland Stanford Mandolin Club, has kindly consented to take charge of the instrumental work, and all mandolin players are requested to see him at once. Mr. Rollins, late of Amherst Glee Club, and Mr. W. E. Ross, late of Uselt College Glee Club, have likewise consented to take charge of the glee club, and all candidates for this club are urged to see either of those gentlemen at their earliest convenience.

The clubs which these gentlemen have recently been connected with a recommendation that we shall have able leaders; and it is hoped that all that are musically inclined will take an interest in this line of work and compete for places on the clubs. With able leaders, the hearty support of the student body, and we can have the earnest cooperation of the student body, creditable and successful clubs are certain.

The following complimentary notice of Regent Swain, in regard to Y. M. C. A. work among the J. N. G., is clipped from N. Y. An Association paper: "The commander of the Second Ill., N. Y. G., Col. A. W. Swain of Oakland, is largely responsible for the beginning of Association work with the National Guard and its successful issue. When the regiment went into camp at Red Oak, Aug. 25, it was with E. W. Peck, general secretary of the Des Moines Association, as acting chaplain and secretary in charge of the Young Men's Christian Association tent; with E. W. Haines, general secretary at Oakland, and a member of the regiment, detailed to special duty as his assistant. A large tent was pitched and reading tables, correspondence facilities, with all of the good song books, and the regimental postoffice, made the place an attractive one. At the morning church call the companies were marched to the headquarters and all took part in the responsive exercises and the songs. Often in the evening songs found out over the camp with the wonderful existing influence. All the members of the Red Oak Association Quartette were in the regiment and they oftentimes effectively. Every courtesy and encouragement was extended by the officers of the regiment, and the experiment was pronounced a success from every standpoint. The department was better, the attendance at the morning meetings larger than any previous year. Officers and enlisted men enjoyed together the advantages offered. Mr. Peck has been appointed a regular chaplain and he now carries a captain's commission from the state of Iowa."
