The repairing of the old Library building is in progress, and the books will be transferred on next Saturday. The crowded condition of the present library at times, together with the deficiency of lights, make this announcement very pleasing.

Besides changes mentioned in a recent issue of this paper, there will be but one row of close shelves, all the space reserved for tables. The ceiling will be somewhat lower than before, making a less resonant room, and the newly whitened walls present a very pleasing and cheerful appearance.

The arrangements in regard to the librarian's desk, reference work, etc., will be substantially the same as before, with a few catalogues of formerly been prepared, and all individual items in the early establishment of a library more convenient, more exhaustive, than we possessed before the fire.

Missouri Defeats Iowa Wesleyan.

The following is taken from Wednesday's Iowa State Register:

Columbia, Mo., Oct. 8.—Special.

The Iowa Wesleyan foot ball team came down here from Mt. Pleasant, Iowa, yesterday, and defeated the Missouri Tigers, and gained what was considered by them a decisive victory. The visiting team arrived in this city at 9 o'clock a.m., and created a most favorable impression by their steady and vigorous appearance. Proceeding the calling of the gams the office of the hotel was thronged with scores of people who came to see up the Iowa athletes.

The game was called at 2.50. The Tigers won the toss and chose the west goal. Wesleyan kicked off to the ten-yard line. The home team secured possession of the ball, but soon lost it on a bad tackle. The visitors made excellent use of the opportunity promised them by the error of the Tigers, and rapidly pursued the ball down the field for a touchdown. Wesleyan, being the man who carried the ball over the goal line. Goal was missed. Score: Iowa 4, Missouri 0.

After the next kick-off the Wesleyan pushed the ball back past the center of the field and out of bounds. At this point Missouri stock took a rise, as one of their mule teams turned around and after a magnificent run of fifty-yard, made a touchdown, from which an extra point was kicked. Score: Iowa 4, Missouri 6.

On the next kick-off by the visitors, the home team possession, the ball, and by a few end runs reached the center of the field, where they scored for the home team, and the ball was put in the hands of the Wesleyans, who by punting the ball, which was down five yards, carried the ball within ten yards of the goal line to the ground.

In the second half the Tigers kicked off to the fifteen-yard line. The opposing team received the ball and brought back with them many fine specimens from the top north.

After Oct. 3, 1897, also, but few applications for admission to the Law school of the University of Michigan will be the same as for the literary departments.

The announcement of President Harper of the University of Chicago, that any foot ball games played under unfair tactics would be expelled from college, is deserving of commendation. It is the violation of the rules of the game that make the game appear brutal. If a few more would take the stand of Mr. Harper they would do much to add to the sentiment against the sport, and such propositive foot-ball bills as sometimes appear before legislative latitudes would never be heard from—Nebraska.
cause of the poor success last year. It was found that it broke up departments and took away class interest and enthusiasm.

Prospects are excellent for a foot ball team at Washington College (Topeka) this year. Washburne has not had a team of any merit since Mr. Childs, who played quarter on the Iowa team last year, is coaching. Mr. Childs was one of the best players in the Western League in 96, and will doubtless succeed in giving Washburne a good team. No profitable material can be found in the school—the Western College Magazine.

Five of Northwestern's strongest players threaten to quit the game. They allege that they were induced to play football by Manager Hallie, Captain Hunter and Van Dovers on the promise that the management would do all in its power to secure profitable employment for them. The disbanded men claim that the efforts made in their behalf were not strong enough to warrant them in giving their services on the gridiron.

In a recent review concerning the ambitions of standing western colleges, Casper Whittery said: "I find now that Chicago, Michigan, Minnesota, and Illinois are in a reasonably healthy shape. Of Purdue I know but little, but my impression is that things are all right here. As to Wisconsin, I have no hesitation in saying that the athletics of the school are in terrible shape. Wisconsin used to be the best of western colleges in my opinion. The temptation to break the proposed rules is in order to retain some of their star players and Wisconsin fell into sin, and is now below all other colleges." — E. M.
