FOOTBALL AGAIN.

The long-awaited contest between the Iowa and the Agricultural College teams, occurs at Athletic Park, to-morrow, at 2:30. The afternoon has been made a half-holiday in all departments, and everybody will come out with cans and colors. This game will be the more interesting owing to the fact that each institution had winning teams last year, it was impossible to arrange a date for their meeting. It will always remain an open question as to which had the champion team last year; but the question as to which winner this year will be decided tomorrow in one of the hardest battles of the year.

The game will also be of importance in that it will indicate what our chances are to be when we line up against Nebraska, Missouri, and Grinnell. Nebraska has defeated Missouri to the tune of 100, and Ames has defeated Missouri out, scoring 10 points; so if we can defeat Ames tomorrow, we may be confident of beating Nebraska and Missouri out in the league games. As to Grinnell, to be sure she defeated Ames last Saturday, but it was by only one touchdown and goal-kick; and twice during the year the Aggies nearly tied the score. And it may be doubtful as to what would be the outcome of another game for Grinnell to score against Minnesota in the game October 16, being defeated by 7 points while Ames two weeks ago defeated the Minnesotans by a score of 12 to 0. The game last Saturday in Kansas went against us. But Saturday was a day off everywhere, and that we were defeated was due probably as much to ill luck as to anything else. The defeat operated as an incentive to strong, hard, swift work on the part of both Coach Wagenhurth and the team. The practice at the ground this week has been the best and most active that has thus far been seen. The boys are playing in excellent form, and are working hard on interference and line-blocking. If the present rate of progress is maintained, Old Gold will soar high again.

The line up will be as follows:

S. F. W. AMHERST

Beyor...Eldon....Percy

H. D. Blackmore...Murray

N. Wright...Van Campen

D. Kiker...Poulsen

E. Ball...Keilty

J. H. H. Blackmore...Kentish

A. L. Lambert...Griffith

D. Hackett...Griffith

H. W. Trask...Parsons

J. Deems...Henry

R. Parker...Dye

Substitutes: Iowa—Chase, Middle-

ton, Alderson, Klippinger, Kelly,

Warren, and Meister.

Notice. The following freshmen foot ball players are requested to come out daily for final practice before the Sophomore-Freshman game Nov. 13th.

Charlie—Erikson, Lee, Shumway, and Hymes.

Clarence—Hanneman, Mott, Cook.

Leon—Libby and Sprague.

George—Brown and Donaldson.

Harry—Brady, William Donaldson, Full-back—Ham.

Hale—Gilchrest, Rockey, Bird, Holbrook.

**THE VIDETTE REPORTER**

Iowa City, Iowa.

Entered at the Iowa City Post Office as second class matter.

At the University of Iowa membership in the Athletic Association is secured by the purchasing of a season ticket in the games of the year. A good plan it seems to us, The Lantern, Ohio State University. A good plan, indeed, but this is the first that we have heard of its being in vogue in Iowa. Perhaps the Athletic Association can find a suggestion better.

Our Game Not Cancelled.

We have been requested to announce that the tickets in the last issue of the Quill, regarding the cancellation of games with Ames and G. M. I., are wholly without foundation or authority. Both games will be played in Iowa City, as announced, there never being the slightest attempt or intention of declaring them off.

It is exceedingly unfortunate that such a groundless rumor has been given publicity and circulation, as it has caused the foot ball management great embarrassment, and has considerably complicated our athletic affairs. It is with pleasure, therefore, that we are authorized to brand the report as erroneous and entirely inconsistent with the truth in the case.

Elections.

To many of the student body voting has yet its novelistic features, and the sudden station experienced on the acquisition of the ballot is often so great that all else is entirely hidden, or appears extremely insignificant. This, together with the fact that the average student is practically out of politics while in school, caring little who rules since it can not affect him, makes him a negligent voter and a careless in vestigator of facts, especially in local issues. Upon national matters he delights to air his knowledge and quote his authorities, but upon minor affairs he often is more blinded and prejudiced than the most ignorant participant.

**Henry George.**

The life and death of Henry George are matters of profound interest to every student, and especially to those interested in the science to which he devoted his entire energies. In late years not an economist dared publish a volume on political science which made any claim toward being exhaustive of its subject without a discussion of the views held by this noted man. By his convincing oratory and writings he has been the recognized head of the single tax idea for many years. A friend to the poor, and a Hate of oppression and injustice, for however visionary other men traced his ideas, none found fault with his character or his honesty.

**Kansas Gentlemen.**

In sharp contrast to the conduct of the team from the College of Physicians and Surgeons, and to the treatment our team received last year at Missouri, stands the action of the players and students of Kansas University.

Though we had defeated them last year, and though many of the Kansas students believed we would beat them again, our team was received with the greatest hospitality, and both before and after the game received kindness at the hands of the students of Kansas.

At the railway station our boys were met by a large delegation of Kansas students, met with a "Rock chalk, Jay Hawk, K. U.," to be sure, but not in a spirit of genuine sportsmanship which know no animosity or unfriendly rivalry, off the field of sport.

Much of the bitterness of defeat is softened by the knowledge that we were defeated by gentlemen in a gentlemanly manner, rather than by humanity after the fashion of plug-uglies.

For comfortable and inexpensive riding—

The Waverley Bicycle

$60...

These are better than our wheels of last year. The marked difference in price is because we do not have to buy any new machinery.

The wonderful Waverley Bicycle, with absolutely new and patented bearings—never to wear out—will cost you less than the price we ask—$60.

C. M. Weller, Proprietor.
All young women of the University are cordially invited to attend the opening service of the Y. W. C. A. meeting at Rose Hall this evening.

Professor Andrews gave his first class in Chemistry laboratory work, instead of lectures, Monday and Tuesday, on account of several members being absent to vote.

The Young Peoples' Union will give a play at the Congregational Church, Friday, at 3:30, for the visiting delegates and members of the local Y. W. C. A.

This week improvements are being made in the Y. M. C. A. building. Several comfortable windows are being added, which give an artistic effect, and make the building more home-like. 

Joseph A. Edwards, '72, was elected representative from this county, Tuesday. Mr. Edwards has always been an ardent supporter of the University, and will prove a firm advocate of our interests in the Legislature.

To-morrow the greatest game of foot ball that will occur on the home field this year will be played. It is hardly necessary to mention the importance of good support on the part of the crowd in a contest such as this will be.

It is with great pleasure that the YWCA-YMCA announces the election of S. D. Whiting to the office of County Superintendent in Johnson county, and of J. P. Shorter, to the same office in Shelby county. As S. U. alumni, they are to the congratulations of all our students, regardless of politics.

Oberlin thinks she was roughly treated in her recent visit to Michigan, and her students have passed the following resolution: "Whereas, we have reason to believe that our foot ball team and management have not received gentlemanly and just treatment at the hands of the Michigan University foot ball officials and team, be it resolved, that we ask the Advisory Board to investigate the unfortunate affair, and take appropriate steps toward regulating all future athletic engagements with Michigan."

Michigan, on her part, while admitting that the game has been rough, claims in was all according to rules, and brands Oberlin's charge as a lie pure and simple.

There is more catarrh in this section of the country than in any other disease put together, and yet the last few years was supposed to be the insecticide. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constant failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by J. A. Hall, Toledo, Ohio, is the only constitutional cure on the market. It is in no way internally in doses of 10 drops a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer for one hundred dollars for any case that fails, and furnish for circulants and testimonials. Address, J. A. Hall, Toledo, O. Sold by Druggists. 

Hall's Family Pills are the best.
