The Grinnell Game

Saturday the Day We Went Our Old Rivals

Grinnell is coming Saturday for our scalp. But we are going to keep it yet awhile. The game promises to be a hot one. Grinnell has won more than half of our heavy games this year, notably those with Minnesota and Ames. But Iowa is awake, and our neighbors will not have a walk-away. The bear may hunt the bunker. Grinnell realizes this fact. The Scarlet and Black, guarding the Iowa- Ames game, say: "It is more than probable that either team, playing as it did yesterday, would have been able to defeat Grinnell." At any rate, the game will be exciting and interesting. A crowd of Grinnell rodents are coming to capture the city. Let us meet them in like manner. Hundreds should be on the overground Saturday: "He rah, h i rah, play ball, Iowa." The lineup will be as follows.

TUCKER, THURSDAY AND SATURDAY
during the collegiate year at the University of Iowa.

The appetites for the Tribune, up at sixty and Wilton, and two of the great Northwesterners. The result of this Northwestern game shows that we have material that can play football. But one of the best, of course, is just a fiction since we don't have any.

The Amos game was stolen from us by an unfortunate oversight on the part of one of the officials, but it ought not to have been stolen.

"When Wisconsin enters a game, everyone is given to understand that our record stands or falls with the score," says Coach King. In other words, misreads don't count. That's the talk Iowa needs. Play ball! Be eleven, instead of ten men!

Let us regain our confidence and revere our record.

The result of the Kansas-Nebraska game last Saturday is a matter of doubt. Nebraska claims it is a score of 10 to 5. Kansas claims it is only 6 to 5. In order to settle the dispute Nebraska has challenged Kansas to meet them at any time after Thanksgiving.

In the coming game on Saturday, enthusiasm will be on the front. In this the last game on the home grounds we need and indeed have a right to demand the support of every loyal University student. It will be a fight for State supremacy, and in addition to this the opponent is our old rival Grinnell. Let everybody turn out and cheer Old Gold and Blue.

The Urge of Football.

Perhaps history fails to record an instance where interest grew so fast and so universally as it has in football... one year ago no one could be found who had not been connected with a college, who knew anything about the game, or indeed even knew of its existence. Now the admission of even the former statement is sufficient to brand any one as progressive and as being far in the rear of progress.

On last Saturday the game between Harvard and Yale was attended by 20,000 people, while the contest between Wisconsin and Illinois attracted 10,000 from their employment.

The Chicago Record, which does not share the opinion of its contemporaries, the Tribune, sums up the situation as follows: "How long the present appetite for the sport will continue to grow is a question. In any event, football appears to be a fixed feature of the autumn calendar, not only for the players, but for the thousands of onlookers who like its excitement, its fighting character, and the spirit and endurance which it brings out of the young men who play the game."

Our First Ball Record.

Our first ball record this year has been one of repeated misfortunes and dismal disappointment. True, there have been a few lights among the shadows; we have shot out Des Moines and Wilton, and two of the great Northwesterners. The result of this Northwestern game shows that we have material that can play football. But one of the best, of course, is just a fiction since we don't have any.

When Wisconsin enters a game, everyone is given to understand that our record stands or falls with the score," says Coach King. In other words, misreads don't count. That's the talk Iowa needs. Play ball! Be eleven, instead of ten men!

Let us regain our confidence and reverence our record.

There is now a cataract in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constant failing to cure with local treatment, provoked it incurable. Science has proven cataract to be a constitutional disease, and therefore requires constitutional treatment. Hajj's Cataract Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and muscular surfaces of the system. They offer for one hundred dollars for any case it fails to cure. Send for circular and testimonials.

FACT AND RUMOR.

Don't forget the foot ball game with Goshen.

Quites have been quite general this week.

The Senior Class held a meeting yesterday.

Many of the students attended the social given by the Epworth League last evening.

The question for discussion between S. T. L. and the University of Minnesota was submitted on the 18th.

Dr. Andrews was called to Vinton, today being subpeon at the Norwalk Mo. Walker conducted his classes.

Nelson, C. 90, returned yesterday to his University work; after spending Sunday and the four part of the week at home.

Tickets for the lecture by Kennan will be reserved at Hechberg & Wiencek, Monday, Nov. 12th, beginning at 3 p.m.

The first review of the Battalion was held yesterday, and orders were read to the effect that there would be no drill Friday.

The Polk County Dinner Club met, last Monday night at the residence of Professor Loan. The paper of the evening was read by Professor Mary of Cornell College. After the meeting light refreshments were served.
Grinnell game Saturday 2:30.

Everybody come.

There will be no Pickers at the Grinnell game. You can see the masterful contest of muscle, mind and school patriotism.

Tom has an opinion in the Chemical Advertiser, today, white experimenting with phlogiston. The reports was a severely burned face.

The University has received a collection of the John Ball Alpine material, from Cambridge, Mass. These flowering plants are very rare and valuable, and S. U. L is one of the few institutions to which Harvard has never been asked the favor.

Mrs. Sealy left Monday for her home in Wooster, Ohio, after a visit with her sister, Mrs. L. W. Nelson.

A telegram to Mr. W. R. Clingman, of Davenport, C. 86, L. 39, has been received from the county bar to succeed Judge Waterman, who was elected to the Supreme court. Mr. Clingman will be one of the strong candidates, but hold the lead on every ballot, being nominated on the third formal.

At 8:30 we must leave the custom of the governor in making this appointment to the position of the handiest of the appointment to this county and city. Mr. Clingman will have a most difficult position to fill, vacating Judge Waterman's high standing, but there is every reason to believe that this is the most proper and business-like position to the city and the state.
