The program of the evening was opened with the Harvard Glee Club, entitled "She Speaks, my Lady Speaks." The large audience crowded the aisles, and the quarter was said to have adopted Trinity's observe and namelit. Second Murray, in his brilliant delivered essay on "The Spirit of the Times," pointed out the power of public opinion, and suggested the possibilities which lie before us, as a people.

The subject of "Women and the Ball" was very ably and pleasantly discussed by Miss Ever Voor. Her argument in favor of the extension of the franchise was enforced by logic and history in the most convincing manner.

In his brief extra-parliamentary speech, Senator Wagner discussed the question, "Are great men made by opportunity, or by great men make opportunity?" The Senator completely contradicted the latter position.

Then followed the annual retrospective "Biography of Senator W. H.," by his former friend and associate, Senator O'Connor. The latter Senator's address was delivered with a live subject, and then proceed to a discussion in his usual droll and discursive style.

In the instrumental duty of Mr. Popham and Miss Howell was thoroughly appreciated by the audience.

Before closing the debate which followed up on the following question: "Is it en-
th the Harvard Senate that the presidential election be elected by congressional districts, except two from each state which shall be elected at large?" The question was answered by Senator Thrall and Senator Wistar.

The closing number of the program was rendered by Mr. Alphonso Alphonse and Williams, entitled "Love's Awakening." The charming little encore which followed was pleasantly received.

Another Princeton Expedition

J. B. Hatcher, curator of the department of vertebrate palaeontology in Princeton University, sailed for South America Dec. 6, to continue his investigation into the palaeontology and geology of Southern Patagonia, begun two years ago.

The main object of the present expedition will be to complete in so far as possible the collection of birds and mammals already secured from the territory, deposits of Patagonia. Collections will be made especially from the pampas and Santa Cruz beds and also a series of dinosaurs from the cretaceous deposits.

Every Department in Our Store.

Is now crying to be heard, but no one is heard above another for each has something worthy to be listened to.

FALL OVERCOATS cry, "I'm the most conspicuous"—$5.95 to $10.00.
FALL SUETS reply, "Nonsense, you're short. I cover the whole body." $6.00 to $12.00.
FALL DERBYs choose in, "Well, I'm on top. $3.95 to $5.00.
FALL UNDERWEAR murmurs, "Never mind; I'm nearest the heart." $9.00 to $20.00 a garment.

Coast & Easley,
The American Gotham.

A Striking Contrast

Is observable in the Cash Coupon System in the Laundry Business and the old Credit System.

By paying for your book in advance you receive a liberal discount and you know that your Laundry will be called for and delivered without the least chance of any error being made in charging up the account in the old system.

Our aim is not to do the cheapest work, but the best work possible, at a reasonable profit.

You must pay for the work as it is done. Why not in advance if it will save you money?
