ZHES WIN.

DECISION TWO TO ONE FOR THE SOUTH HALL.

Last night the annual inter-society debate, held in the Opera House, resulted in a victory for the Zeta- phi Delta, the lower animals by a majority of two votes. The program was opened with an address by the state dispensary system, followed by a roll-call by Miss Ade- las Perc.

The debate on the subject was, "Pro- booth, Robinson, and Patrick acting. The presiding officer was Mr. K. D. Smith, President of the Debating League.

At the request of the debaters, no reference to the species will be printed.

The question was stated as follows: "Resolved that the state dispensary system is the most effective method of controlling the liquor traffic in the United States.

The affirmative was opened for the Zetaphian Society by F. S. Hol- son, whose delivery was strong and effective. He used an ad hominem statement.

Mr. J. S. Sharp forcibly brought fore- ground the need of the state dispensary system as a remedy to the evils arising from the sale of intoxicating liquor.

Dr. F. F. Frassey brought forth vital statistics to show the failure of the South Carolina system. The greatest practical benefit of Mr. Frassey's argument is that it certainly crippled all former efforts.

Mr. M. K. Rossed argued that experi- ence has shown that the principles of state dispensary have been such as to prevent the use of liquor throughout the country. He brought forward important figures to show that the system has succeeded where others have failed.

Mr. E. A. Swedman once more pro- duced statistics from South Carolina. Mr. Swedman argued that the advantages of the dispensary system were not peculiar to that one state, but were more successful in other systems.

In closing Mr. Frassey and Mr. Sharp will also reveal the state dispensary sys- tem of their opponents and summed up the arguments of their respective sides.

The grand concert.

FRIDAY EVENING, DEC. 17.

The Glee and Mandolin Clubs begin their tour with a concert in this place on next Friday evening, the 17th. They have been carefully trained during the last two or three months by their respective leaders, and we have every reason to expect a concert which is equal to the best of the year.

The management has been fortunate in securing Mr. G. F. Tommengo, of Dartmouth, as a musical director. Besides being a leader without a peer in the State, Mr. Tommengo is a fine composer, and his work will be on the most pleasing features of the pro- gram.

We want, as well known by all lovers of music throughout the State, will render, besides one of his popular whistling solos, some of the very latest of "coon" songs, in a make up that will bring down the house.

Besides these, as soloists, they have Mr. Wheelock to a baritone solo, Mr. Jayne with a mandolin solo and Mr. Mee Kee, who are too well known to need further mention.

The program is as follows:

Sleighing Parties

Have been very popular for some days. In New England and a number of other localities they have been greatly enjoyed and found to be highly beneficial. The fun of sleighing parties is derived from the fact that there is a certain amount of work involved, such as making and repairing sleighs, building fires, and so on, which creates a feeling of achievement and satisfaction.

The Daily Republican says of the new caps: "Almost 50 students banded out in quaint and curious class and fraternity caps Friday—Sigmas, Nu Superiors, seniors, juniors, etc. Some of the overhanging was pretty and some were—different." Odd to the Seniors Law class paper says: "The Senior law has made their appearance with new caps. Some Stephen Crane, of "Red Badge of Courage" fame, could see them, he would doubtless produce the "Red Badge of Courage" specifically for surely the men who don such specimens of headgear and wear them publicly are entitled to some testimonial to their temerity. The caps are bravely and wonderfully made, and there is nothing like them beneath the sky, in the heavens, or elsewhere on the earth. Purple is a beautiful color—on Easter eggs, or for the royal traverse—It combines rather painfully with some colors, but then the caps are pretty—because the seniors law says so."

Erdelsham.

The last program of the year, presented to a large and well pleased audience in North Hall, Saturday evening was opened by Misses Dambury and Hastings in a well rendered piano duet.

Miss Gabriel then recited "The Angels and the Shepherds" in a very touching and realistic manner, after which an ode on "Fama" was presented by Miss Dorothy Pultner, who proved very efficient in her treatment of this "ever longed goddess—Grecian."

Mrs. Lena Greely and Miss Ethel Berry then discussed the question as to whether the Indians had received justice at the hands of the United States Government, and strong arguments were presented on both sides.

A very interesting number was the speech on "Woman's cube," by Miss Winifred MacFarland, which was followed by a declamation by Miss Emma Owen, delivered in her usual pleasing manner.

A vocal solo by Miss Becker won a well deserved encore.

A very attractive feature was an original poem by Miss Ethel Perkins, which traced the sorrows and joys of students life from the Freshman recruit to the Senior wise.

A piano duet by Misses Perkins and Owen closed the program.
