A number of essays and addresses, by President Eliot, of Harvard, have been published under the title of "American Contributions to Civilization."师范大学在收集了Jefferson, sakura, and the world of organizing students for the football season, the school plans to host a football game.

Wisconsin Dissatisfied.

The Wisconsin Cardinal says officially, at least, in the new football rules: "It is not likely that Wisconsin will take cognizance of the football rule as laid out by Stagg and Events, except in so far as they agree with the results of the Eastern conferences."

The Harvard Art School, which is not a part of the Boston University, announced that it will hold a special exhibition of modern art early in the year. The exhibition will be open to the public and will be held in the Art Museum in the Museum of Fine Arts. 

New Football Rules.

Committee's Revision of Football Rules for 1907.

For the benefit of those of our readers who have not seen the football rules as revised by A. A. Stagg and H. H. Everett, we publish them below. The rules are as follows:

Rule 1. The rule as amended reads: "A free kick is a term used to designate any kick where the opponents are restrained from advancing beyond a certain point. Under a free kick the kicker kicks the ball from any point directly behind the spot where the kick was made, on a line parallel to the sideline." 

Rule 10. The rule as amended reads: "Changing is reckoned forward to win or block the ball or tackle a player." 

Rule 11. The rule as amended reads: "A player is put off-side if the ball is in the hands of the opponent opposite one of his own side behind him. A kicked ball, therefore, which first struck or touched by a player belonging to the kickers's side was in front of the kicker, should go to the opponents for a scrimmage at the spot where the off-side play occurred. No player when off-side shall touch the ball, except in a tumble in a scrimmage, or in case of a kick of a kicked ball, nor with his hands or arms intercept, or contact an opponent until again on side. No player can, however, be off-side in his own end zone." 

Rule 16. The rule as amended reads: "The captains shall lose up before the beginning of the game and the winner of the toss shall have his choice of goal or kick off. The same side shall kick off on two successive kicks. The ball shall be kicked off at the beginning of each half, and whenever a goal has been obtained, the side which has lost the goal shall have the option of having or receiving the kick off. In the case of kick-off, kick-off, kick-off, no fair catch, the ball must be kicked at least ten yards and may be stopped by an opponent." 

Rule 17. The rule as amended reads: "At kickoff, if the ball is kicked across the goal line and there touched down by the opponents, it is a touchdown for the opponents; but if not, it is kicked off, and the opponents may touch it down or knock it out of bounds, and if kicked by a fair catch, the ball must be kicked at the distance of ten yards and may be stopped by an opponent."

Rule 18. The rule as amended reads: "The side which has a free kick, except a punt, must be back from the line of scrimmage at least ten yards when it is kicked. If a player of the side kicking the ball off-side, he shall be brought back at least ten yards, and if a player from a fair catch, the opposite side must stand at least ten yards in front of the ball until it is put in play. On a kick-off the opposite side cannot stand nearer to the goal than the twenty-yard line, nor except on a kick-off made after a drop kick upon the first down inside the twenty-yard line, or when the five-yard line is the re-furling point."
The Vidette-Reporter.

The date for the annual home contest has been set for March 4th. According to the constitution, entries must be handed to the President not later than February 28th. This gives the judges on thought, and composition two weeks to make their marks and two weeks for the successful six to train in delivery.

There is about a week before the orations must be ready, and while it would be too late, probably, to begin writing now, we wish to urge all who have written to have their orations printed and hand in. Nearly every seat a number of incidents, often spending so little time in working up a subject, and then at the last moment "see it" and fail to hand in their production.

While it may be almost certain that such and such a person will "get on," yet there is always a chance, for everyone who ever entered such a contest knows that there is a large element of chance connected with it from the fact that no oration appeals the same way to different judges. It is common to see one judge mark an oration one and another mark it near the last in the series, and it is by no means the oration that has been longest in preparation that is the winner. It was last year before last that two of the six winning orations were prepared in less than one week.

We would further urge the importance of having the copy in the hands of the printer at once, so as to allow plenty of time for proof reading and final corrections of changes. Writing from the number who have appeared at the meetings of the contestants it would seem that there will be less in the competition than usual, so there is a good chance for any and all.

It is probable that the Oratorical Association will re-consider the move made last fall, and send three representatives to the final contest, hereafter. It is the sentiment of those entering that it would be far better to have five instead of three judges on thought and composition, and the Association will probably contain them this request.

All members of the Faculty and all students who can possibly attend are urged to be present.
