NEW STATE LIBRARIAN.

JOSEPH BREDLICH, EDITOR OF THE MIDLAND MONTHLY, APPOINTED.

The Cornell Daily Sun has the following account of the departure of Mr. Johnson Brigham, C. U. '92, who has just been appointed State Librarian of Iowa. Mr. Brigham, who was at the opening of the University when that famous group of men, among whom were James Russell Lowell, Andrew D. White, G. W. Curtis, Agassiz, and Theodore Dwight, were professors at Cornell, was a member of the Alpha Delta Phi fraternity. The special prize of fifty dollars offered by Goldwin Smith for the best historical essay was won by Mr. Brigham, and as a special reward for talent displayed in the production of the fraternity, a handsome edition of Studies of Dutch Republic was assigned.

"Soon after his graduation, Mr. Brigham went to Iowa, where he became prominent in journalism and politics. He was chosen president of the State Republican League of Iowa, and other of the nominations for Congress, which he defeated. In 1892 Mr. Brigham was appointed editor of the Mulholland Monthly. After the expiration of his term there he returned to Iowa and has since been editor of the Mulholland Monthly Magazine. He will enter on his new work as State Librarian, May 1, 1898."

Furthermore, the citation of the University Athletic Teams' endorsement is given for the purchase of these products, as it is one of the highest in the athletic field. The board of education in Mississippi has announced the closing of all the public schools March 1, owing to lack of funds for their maintenance, with no legal right to borrow.-Ex. 

The eighteenth annual report of the Carlisle Indian school shows an average of 762 Indians, 432 males and 327 females, representing 68 different tribes. During the year the boys saved, by different means, $15,185 and the girls $7,353.

Compulsory education is about to be established throughout Florida, the minister of public instruction having prepared a system which will be enforced as soon as the Governor approves it. This will doubtless be a great benefit to the community, as only eight per cent of her population of 130,000,000 can read and write.
