BISHOP VINCENT.

THE LAST LECTURE ON THE COURSE.

Bishop John H. Vincent is known throughout the land, almost throughout the world, by his work in the Chautauqua movements. He established the Chautauqua Assembly in 1874, and the following year organized the Chautauqua Literary and Scientific Circles, for the purpose of promoting home reading and study. The success of the course is known to all, and everyone will be glad of an opportunity of seeing and hearing the original author and promoter of the great movement.

For several years the Lecture Fund has been raised to secure for the poorer popular lecturer, but his work in Europe has taken his time for the past few winters.

The following press notice is from the Iowa State Register:

"Very seldom does it happen that a Dod Moines audience are so well entertained as they were last Saturday from the lecture of Dr. Vincent on that novel subject "That Boy." The Exposition. Hall was crowded to its utmost capacity. Never was an audience better entertained; never was an audience more enthusiastic. Bob In- general's bewildering eloquence failed to excite greater applause. From the first sentence to the last, the speech was listened to with the most fixed attention, and was greeted with plaudits of approval."

College Yells.

The following are the yells of the principal colleges, as far as obtainable:

A Striking Contrast

Is other lady in the Cash Coupon System in the Laundry Business and the old Credit System.

By paying for your book in advance you receive a liberal discount and you know that your Laundry will be called for and delivered without the least chance of error being made in charging up the account as in the old system.

Our aim is not to do the cheapest work, but the best work possible, at a reasonable price.

You must pay for the work some time.

Why not in advance if it will save you money?
