LAW S AFTER THE CUP.

The senior law class has never been

It has been hinted by a number of the students of the Senior Law class that there is not a new entrant on the part of the members, who are athletically inclined, that this class could be the proud possessor of the class cup this year. That the class has the best material, can not be disputed, as several of the members now hold medi­cals as winners in events which they have won in other colleges.

C. W. Clark, who holds the state record in the 400 yard run, which he won at Grinnell, could figure for the fast again, with some practice.

F. K. Long, from whose vest there dangles a gold medal for 100 yards, covered in 19 seconds, at Western College, will give some of his compto iers a chance this year.

Joe Williams, who has got, over a mile of territory in remarkable time, can still set a new pace.

Allen also has done some good bicycle riding at Spirit Lake, and prints material, can not be doubted, as record won on the hospital and surgical clinic on work with promptness, and he has been practiced in both.

Let everyone put at bat to the event of their lives, and a club will result.

In the face of the great discourage ments in the matter of unfavorable weather, a few of the members of the Forum gathered at the customary hour last evening. A number of those to whom had been assigned work for the evening, took advantage of the rain to remain at home. The program as reconstructed appears as follows:

Paper—Beilstein, "The Malet System in Iowa."

Talk—Mr. Hyndman, "The Position of the Cantonese in Europe in regard to the Spanish American Controversy."

Discussion—Mr. Sibley, "The U. S. Recognition of the Independence of Cuba."

Paper—Mr. M. M. Young, "Some Facts Concerning Alaska."

Talk—Mrs. Anderson, "Impressions of the South and its Indians."

When a program is given, in such uniformly good manner, it is hardly to single out one man winner for special mention, but this will be recognized as fitting in the case of Mr. Lynch, who appeared on the floor for the first time, but acquitted himself as a veteran.

Mrs. Anderson's talk also was especially noticeable. Delivered in a fine old hand way, with words well chosen, and conveying as it did ideas gained from personal observation of the people of the southland, their manners and customs, this number was the highest degree of entertaining. The only disappointment was that it was not longer.

A CHEAP RATE.

The Vicksburg—Barrowan will be sent to any address during the remainder of this school year for 50 cent.

One day last week about seventy students of the University of Penn­sylvania met for a debating union, Professor J. F. Johnson, of that institution, strongly urged the students to support the Union, and promised the support of the Faculty.

A GENEROUS GIFT.

The business man interested in the Athletics of S. C. L.

Those who feel that the business men of Iowa City have no interest in our college athletics must remain, before the evidence of such acts as the case of W. D. Cannon, of our local manufacturing company. Upon hearing of the effort that is being put forth to pay off the note against the Athletic Union, which is secured by Judge Wade, Max Meyer, Professor A. V. Sims and President Schaeffer, Mr. Cannon expressed his willingness to donate one hundred dollars worth of his choice goods to be sold and the proceeds applied on said note in behalf of the Athletic Union, ac­cepted the offer. The goods will be sold in the near future. Due notice will be given to the students and all interested in the welfare of S. C. L. athletics.

This is, indeed, an act of extraordinary generosity on the part of Mr. Cannon, an act which shows the club to be interested in the man; an act which proves that, though surrounded by the disasters of an immense business, he is still inter­ested in the welfare of every de­partment of his Alma Mater.

THE SENIOR LAW CLASS HAS NEVER BEEN

The senior class are well pleased with their graduation for Commencem­ent exercises.

The surgical clinic was well patron­ized, and in every case proved themselves for surgical treat­ment.

The senior class have decided to resurrect the old class pictures, and in connection with their own, provide a suitable frame for the class.

Dr. Allen, of Morning Sun, who has been taking post graduate work, the past two months in Chicago, visited the hospital and surgical clinic on Thursday.

Dr. and Mrs. Strader on Wednesday evening, gave their annual reception to the senior class. The hours were from 8 to 11, and the guests were prompt in their arrival, as an enjoyable time was anticipated. The Doctor's whole solicited hospitality was manifested on every hand. There was nothing formal about the recep­tion; all present entered into the en­joyment of the evening with the true medical spirit. For years Dr. Strader has given a reception to the senior class, as a crowning event in the social life of the Medical student while here in the city. Their eloquence was butifully decor­ated with choice plants, flags, Univer­sity and college flags, and other material upon an large and well selected back­ground.

Many of those present receiv­ed an inspiration for further investi­gation to be applied for the value of the Doctor's frequent advice for continued and persistent study and application.

Refreshments were served during the evening. Entertainments, such as songs, music, game, and reminiscen­ces of the Doctor's gone days, caus­ing the hours of the evening to recede quickly. We all departed hoping that our professional career might be as replete with success and usefulness as that of our respected doctor, Dr. Strader.

Friday evening, March 18th, was an eventful evening at the Hotel de l'Habicht. This metropolitan club has been conducted on the non-operativ­e plan, and has proved one of the most successful clubs in the city. Harmony, good food, and good company have prevailed during the entire year. Before parting the boys decided to have another gathering, thus, as well as all previous efforts of the club, was a decided success.

After perusing of a elaborate menu, several very interesting toasts were listened to:

A. W. Allen, president of the club, introduced R. H. Parker, as toast­master for the evening. Mr. Parker, his usual characteristic manner, filled this position with great dignity, and introduced the speaker in a most flattering manner.

F. H. Allen spoke very tersely upon the subject, "As We See Ourselves." All those present appreciated his ability, and every body realized he could do his subject justice.

J. W. Dickinson, in a well written paper, brought forth a theory which reminded him of his hearers of "What the Boys Did." Mr. W. C. Robinson gave us a maximum dose of " Roots, Barks and Herbs."

W. C. Franklin spoke on "What Honor." President Kennedy of "That Land," and E. C. Wright on Our "Prejudices." Mr. Wright also spoke highly of Mr. and Mrs. H. Daniel­h, who have so kindly and efficaciously performed their duty toward the club.

Mr. by the club was then entertained for which it was moved to ad­join.

A CHEAP RATE.

The Vicksburg—Barrowan will be sent to any address during the re­mainder of this school year for 50 cent.

One day last week about seventy students of the University of Penn­sylvania met for a debating union, Professor J. F. Johnson, of that institution, strongly urged the students to support the Union, and promised the support of the Faculty.

A GENEROUS GIFT.

The business man interested in the Athletics of S. C. L.

Dr. J. A. Valenta, of Solon, was in the city Wednesday, shaking hands with old University friends.

B. B. McFeters, Homep. '98, has joined the State Board examinations successfully, left for home this morning.

The "Morning Watch" will be presented by W. B. and W. W. You cannot afford to miss it. Close Hall, Sunday, at 11 a.m.

Professor R. Shores will give the last and last lecture in the public library course, March 21. His subject will be "A Glance at Man in the Tropics.

Dr. and Mrs. Shneider entertained the graduate class of the Medical department at their home on College Hill Wednesday evening. There were fifty-five members of the class present. The host and hostess were the recipients of a pair of beautiful roses from the class.

The House bill, fathered by Representative Edwards of Iowa City, and Hughes of Mason City, allowing the University to obtain books for temporary use, from the State Library, failed to pass the House. The Senate bill, by Senator Malloy, containing substantially the same provision, has been favorably reported from the Committee on Public Libraries, of which Senator Ranck, of this city, is chairman, and will probably pass the Senate, in which case the house will hardly refuse to concur.

Catskill Cannot Be Cured

Catskill cannot be cured with local applications, as they cannot reach the seat of the disease. Catskill is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catskill Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catskill Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best tonic powders, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catskill. Send for testimonials.
