FOOT BALL OUTLOOK.
THIRTY-SEVEN MEN OUT FOR PRACTICE.

The football team is getting down to work in earnest. Thirty-seven men were out for practice on Monday. Success practice was held for the first time yesterday. Kenyon and Hamlin have kindly donated a part of the basement of their laundry, which has been fixed up as a training room.

Following is a list of the old men who have returned, with the positions each will try for:

Wright—right guard.
H. B. C. left guard.
A. H. Blackmore—left tackle.
Egan—right tackle.
Griffith—quarterback.
Deems—left half back.
Shubbon—right half back.

Hoff—full back.

Among the promising new men are Wilson, who played center last year on the Monmouth team, and Cobs, who hold the position of tackle at Andover.

We give a list of the new men out for practice; the positions these will try for are mostly to be decided later, as they show fitness for the different places: Burrier, Brock—who Butler, Cabb, Cobbs, Government; Kinney, Lake, Macy, McGlynn, Maggie Munger, Fenn, two Sylors, Schvone, Gable, Wilson, and five others whose names we do not learn.

Captain Hobbs stated that he regarded the prospects of a winning team as fine. "The large number of candidates to select from," he said, "is a very encouraging sign. The Eastern colleges are beginning to arrange dates with us. We have already fixed the date for a game with Chicago University, North-west Wisconsin and Minnesota all want to play us. We will probably arrange for a game with some one on our open date, Nov. 19, with strong probabilities of getting our pick of the date assigned for the Alumni game.

"The general style of play will undoubtedly be as good as has been displayed in the past. Coach Knippe is from the same University as Wagner and Snavely, and plays what is known as the Pennsylvania style of foot ball."

V. M. C.

The boys turned out in considerable numbers Saturday and Sunday at the request of the team. Wright at his talk in V. M. C. A. hall Sunday afternoon. He chose for his Bible reading the chapter of 1 Kings, beginning with the 21st verse, his theme being: "How long, ye people, will ye turn my glory into crockery?" We take space to give a few of his thoughts:

Men are divided into three classes, decided, undecided and indifferent. Indifferent are known as munchies, "man on the fence," opportur- nist, or one who will be permitted, none more disagreeable. There are two great armies in the game, the good and the negative. Between the two is the zero point, at which place, greatly to their discredit, some are content to be. The best possible synonym for Christianity is usefulness. Men without opinions are never likely. The struggle to stand up to his convictions is what makes a man great, and this is the history of every man who has been a great success. Some men are too good to vote. The great need of the nation is to have good men at the races. Every man ought to belong to a party. Every man ought to have a home in some church. Don't be a tramp.

His whole talk was pregnant with good thought, and so one could go away without feeling that he had been benefitted by being present.

At the close of the meeting several decided to take a stand on the positive side of Christian life.

NEW QUARTERS FOR THE TEAM.

Manager Munger has now secured new and very convenient quarters for his team, at the small expense of about six dollars for the fall term, while if they had stayed at the Y. M. C. A. there would have been an expense of from 80 to 850 for the same accommodations. Kenyon & Hamh have very promptly and generously offered the team the free and exclusive use of one-half the base ment under the C. D. D. laundry, for the entire season. At a small expense of putting in a shower in a shower bath and a few tubs in the basement, the room was fitted up so as to give more commodious and just as convenient quarters as was afforded by the Y.M.C.A. The W.M.M. Turner lumber Co. contributed free what lumber was needed to finish up the room.

RESOLUTIONS OF RESPECT.

The members of the Zetagnathian society passed the following resolutions.

Whereas, an All-wise Providence has seen fit to remove from our midst the former President of the University, a man of great and this is the history of every man who has been a great success. Some men are too good to vote. The great need of the nation is to have good men at the races. Every man ought to belong to a party. Every man ought to have a home in some church. Don't be a tramp.

Tennis Tournament.

A tennis tournament will be held on the home courts, beginning Friday noon. This tournament is to decide the No. 1. U. I. It is the fall meets with Cornell, Grinnell, and the Iowa College, the one for truth. All wishing to enter must hand their names to one of the officers of the Association, Senator Gable, Mr. Ho—Hodg, Hollbrook or Wood.

IRVING RECEPTION.

Boys of the North Hall Enter tain.

When it was learned that there would not be the customary general reception at Close House, Saturday evening, the Irvingians hastened to issue invitations to all new men of the Col legiate department to come to North Hall and meet their classmates and the members of the society. The hall was attractively decorated with streamers and wild flowers thanks to the Evangelicals and by 8 o'clock the crowd began to assemble, and for an hour or half hour before the reception committee busy shaking hands and labeling the men. It was the desire of the Irvingians to do away with Christian life entirely, and show the new students that they were indeed welcome to the University and North Hall. The idea sometimes prevails that the upperclassmen lock down a new man just entering, but no Freshman passed the doors of Irving without being assured of the kindly spirit and fraternal feeling of the older students.

Great baskets of choice fruits and bowls of orange punch sent their liquor flavor to the occasion. A number of Irving alumni and students, the Faculty, and business men of Iowa City were there to recount the events of the days when they were active members in the Irving and show their interest in the society. Speedily were accommodations made, and broadfoot, were seen the seeds of friendship which will germinate in the days to come.

Ralph Smith spoke a few words of welcome to the new men, and then called the organ for a song for "Lester Live," and "Every day I love you." Ever ready and ever willing, he rendered "Casey at the Bat," and was con tributed to expand to six men. Jimmie O’Brien was likewise highly appreciated. Assistant Professor A. O. Smith, of the Mathematics department, made a brief and entertainingly of Irving’s history. Will Lorins then gave a catchy "Joe" in dialect style. When the time for departure came the men left deepening the royal entertainment of the Irvingians, and with assurance that they would be truly welcomed to U. I. U.

DELA GAMA RECEPTION.

Last Saturday evening the Delta Gamae toasted their friends at Minnabah, New Amsterdam and South Dakota. The members of the fraternity ladies had been preparing for the popular event every day. After a row around the river they repaired to the dining hall, where the banquet table was sumptuously spread with delicious and gay frostings of fraternity colors bedecked the room. After dinner they "tripped the light fantastic" and concluded the night with this unique entertainment, that they would not want friends in g. U. I.

Our New Men.

We take pleasure in introducing to our readers Menas, J. O. Johnson, H. J. Lawrence and A. J. Burt, who have been elected to our staff. Mr. Burt will have charge of the alumni department. The Board will be materially strengthened by these three men, and we are indeed fortunate in securing their assistance.

Fred C. McCutchen, our capable Athletic Editor, has returned to continue his work in the University. Every one who read his interesting foot ball “write ups” last year will be glad to hear that he will again have charge of the Athletic Department. We congratulate ourselves and the ‘Varsity upon his return.

Tennis.

A look at the tennis courts will reveal the fact that the interest taken in this branch of athletics this year is unusually great. The courts are full every afternoon, and from five to ten or more persons may be seen waiting their turn to play. After a little playing the three courts will be in fine condition for tournament use. The Association is contemplating the building of another court on an unoccupied portion of the athletic field. Everything points to a revival of the spirit that brings championship laurels. This is as it should be. Let every one who plays tennis show his interest in the game by joining the Tennis Association. There will be room enough for all. The more players we have the better will be our chances of successfully contesting in State meets next spring.

The Debt.

Like Bacon’s ghost, that would not down, the debt of the Athletic Association hovers, with all its ghastly
