WANTED—THE NEWS
An Appeal to the Students, Members of the Faculty, and Friends of S. U. I.

THE Board of Editors are determined to make the Vignette-Revolver what it should be—a distinctive University paper. That it has not occupied the place it should, since truly better than the editor, and we are convinced that it can attract interested in S. E. I. will appreciate our endeavor to bring the paper in closer lines with the students and Faculty, and we take this occasion to call upon you for your assistance—without which our efforts would be in vain.

NEWS. All we ask is the news. We want the news of every student in every department. Often the editors ask for locals and receive the reply: "Well, really, I don't know anything new just now." We should have thought of some if I'd known you wanted them." Friends, we always want news. Announcements, notices, reports—they will be of interest to some one. If anything happens, and so is in truth well, lets us know. We did not hear of it.

SOCIETIES. Meetings of societies are often held, and no report is given in the paper. We wish every organization in the University would advise us of its doings. It is to your interest as well as ours. Indicate your secretary, or some other member, to inform us of the work of the society.

FRIENDSHIPS let us know who you have initiated, and when you will give your next party.

SCIENTIFIC societies and other organizations, we know but little of your work, and cannot report your meetings without assistance. Will you not take the trouble to give us accounts of your affairs?

STUDENTS generally. We especially need and solicit your cooperation. Let us know who is visiting you, who is sick or away from town. Anything that answers to the description of "news" should be accepted gladly.

ALUMNI. Let us know where you are and what you are doing. All your friends take the paper. We wish every organization in the city would advise us of its doings. It is to your interest as well as ours. Indicate your secretary, or some other member, to inform us of the work of the society.

TREASURER. Let us know who you have initiated, and when you will give your next party.

DEPARTMENTS. The editors are all taking courses in the various departments. Included in the list are: Chemistry, Physics, Mathematics, Economics, Botany, and Engineering. We hope to include all the work of the department in our paper. We wish the students and professors in each department would assist their editor in collecting the news.

NEWS BOXES. There is a Vignette-Revolver news box in the Central building; and in a few days others will be placed in the library and in the new quarters of S. E. I. If you do not see an officer of the Board, drop your locals and notices into one of these boxes.

TIMES. Long articles should be handed in the day before publication. Locals, announcements, etc., must be at the office early in the forenoon of the day of issue. If our paper is ever delayed it is because long articles were handed in at a late hour.

OFFICE. The Vignette-Revolver has its headquarters at the Republican Office, 303 and 305 Washington St., where the Business Manager or Editors may be seen at 1 o'clock on Tuesdays, Thursdays, and Saturdays.

FINALLY. We wish to thank all those who have assisted us in the past, and to express the hope that we may merit the support of the entire University in the future. The Vignette-Revolver is the conservator college paper in the west, we wish to make it so.

A SPACE 종

The Banonian Society gave its first program of the term last Friday evening. A fair-sized audience was present.

The society was called to order by the out-going president, Professor A. G. Smith, who, according to custom, read the paper of the evening.

The subject was "A Study in Mathematica Interpretation." The speaker first reviewed the history of mathematical notation. Then he dealt with the changes in the theory of numerals. Spans of more than three dimensions were next considered.

After the reading of the paper the Secretary reported on the work of last year.

The Vidette-Reporter.

- "The University of Iowa proposes to inaugurate inter-departmental debates with the Universities of Kansas, Nebraska, and Illinois. We are always anxious to get the "news," even if it comes from the far west.

- Talk about the boys not wanting to drill. We are asked about twice a day if we have heard yet when they will begin drill. The Faculty have not yet agreed upon an hour. With the members of the battalion the sentiment is entirely in favor of 4:30, in preference to 3:35.

- As a result of the attachment proceedings instituted against the Athletic Association of Missouri University, last spring, our own Association will realize something like one hundred dollars. A dispute arose out of the failure of the Missouri Association to pay the expenses of our foot ball team last season. We entered the game in the fall of 96. The Missouri Association has refused to appear and denied in the trial, a judgment of the amount of $100 was obtained.

- Challenge. The Senior class '96, hereby challenge the tigers to a game of foot ball to be played at the Park for the benefit of the Athletic Union. Time to be arranged later.

- H. C. Horack, McGregor's Senior Team. Notice.

- All persons wishing to try for positions on the Glee Club meet in close hall at 6:15. Tryouts especially wanted.

- J. W. Bailey, Leader.

- As yet a sufficient number of nominations have not been handed in to fill the vacancies of the Athletic Union officers. There should be several nominations for each vacancy.

- Geo. W. Doan.

- Senior Class Meeting. The Seniors held an enthusiastic meeting at close hall yesterday afternoon at 4:30. H. C. Horack was chosen as manager of the Senior foot ball team, and J. D. Dalley temporary captain. It was decided to have a class social in the near future, and to that end W. U. Loomba, A. J. Burt, Horace O'Hearn, Mabel Foster, and Georgia Adams, were named as a committee. The class adopted the S. U. C. monogram as a class pin.

- Scarlet and Black clipping: "If the interest shown by the tennis players is any criterion of their success, we may expect a reward and a representation to S. U. C. of which we need not be ashamed. Every afternoon the courts are full, and it is well that we are carried on with a seat that is very commodious. A very encouraging feature is the appearance of many new men whose work shows them not to be new to the game although new to our courts. Some of them are likely to represent Grinnell in the dual tournaments at S. U. C. and to take place in the near future."
