ATLANTIC UNION.

INTERESTING MEETING AT CLOSE HOUSE.

Saturday evening the Athletic Union held its first meeting of the year, and it was gustating to all to see a hundred and fifty of the members present.

At 7:30 President Egan called the meeting to order, and made a short address, expressing his satisfaction with the support of the student body.

The resolutions of A. J. Roach, as manager of the base ball team, and of E. H. Yole, as manager of the track team, were read and accepted. Both of the men are at present in the volunteer service of the government.

The candidates for manager of the track team were Chap. J. McDonald and R. B. Smith. The first informal ballot was taken, slightly in favor of McDonald. The ballot was made formal, and Mr. McDonald was declared elected.

The candidates for manager of the base ball team were O. H. Mitchell and Fred S. Holton, the latter receiving the majorty of the votes. The successful men both made short speeches.

The president next introduced C. A. Knipe, who expressed a 'deep interest, almost an idol,' for S. U. L., and her athletic interests. He thanked the students for his kind reception, and assured them that his every effort was for the best development of athletics at the University. Dr. Stanbaugh then made a few pleasing remarks, and enjoined the students to take an active interest in athletics. He paid a well deserved compliment to President Egan for his indefatigable efforts to perform successfully the duties of this office.

"Achilles Sailed in His Tent."

Yes, he did—and while he sailed there is no telling the Greeks were unsuccessful. But later, when the time of absolute need came, the mighty one of the Greeks came forth from his retreat, clad in broad-nosed armor, and almost single-handed destroyed the Trojan heroes and drove back their triumphant hosts. May not Achilles today yet follow the illustrious example of Achilles of old?

In last Saturday's edition of the Quill appeared an article condemning Mr. R. D. Blackmore for his financial policy, which, it is to say the least, a most inopportune policy, and one which could be urged as the cause of his election to the position he holds. Mr. Blackmore has not acted in a manner creditable to himself.

It may be that Mr. Blackmore's recent action was unworthy of himself—yet, soon after the battle—'for if we believe that no one has realized this more than Mr. Blackmore himself. And we believe further, that even after all that has been said and written Mr. Blackmore should and will return to his old place on the team. For even if he's done everything to the statement as accredited to him by his adrenalin, the Quill article, his work in years past, and last year especially, should protect him from such harsh criticism. Last year, although forbidden by his physicians, he played for the team because his place could not be satisfactorily filled what danger this was to him physically those who were present at some of last year's games will remember. We do not seek to apologize for anything Mr. Blackmore may have said or done, as we have had no conversation with him on the subject, and are not authorized to represent him in any manner. Likewise we cannot speak for Dr. Knipe, one of the foot ball management.

It may be well to suppose that if a desire is manifested by Mr. Blackmore to return to the team, he will be welcomed back. For however valiant a player or able a coach Dr. Knipe may be, his actions have shown that first of all he is a gentleman, and according to his own statement at the athletic meeting Saturday evening last, he has "the ultimate goal of athletics in Iowa University at heart." It is certain that the 'ultimate goal' demands that harmony shall prevail.

In the minds of his friends, and in fact, of almost the entire body of students, the radical position taken by the opponents of Mr. R. D. Blackmore is already condemned, and it would appear that further vindication cannot be necessary. Let harmony prevail.

Resolutions of Athletic Union.

At the meeting of the Athletic Union, Saturday evening, the following resolutions were passed:

Be it Resolved, by the Athletic Union, representing the student body of the State University, that the course of the present management of the University foot ball team has been wise and judicious, tending not only to financial success for the current year, but also to the building up of a strong University spirit, a consummation especially to be desired and earnestly to be striven for. Also, that we endorse the steps taken by the management to secure the interests of the present generation in the achievements of the past, and to further the interest of our teams in the present day affairs of their Alma Mater. That we urge a continuance of these efforts in the hope that, by this means may be assured the perpetuation of University traditions.

Furthermore, that in order to remove any misapprehensions which may exist relative to the position of the present body of students, and to set them right in the eyes of the college world, it is the sense of this meeting that these resolutions be published in both the papers representing this University.

Continued from front page.

By the most savage kind of playing, U. I. advanced the ball to within 3 yards of Iowa's goal after the next kick-off, but were held on next three downs, and Morton soon carried the sphere out of danger by another successful run of 40 yards. After wards Muggers punted, and at last Morton was pushed over for another touchdown and Muggers kicked goal, making the score stand 17 to 5.

Iowa made good gains after the next kick-off, but finally the ball went over on a fumble, and C. U. I. smashing our line for four yards, and was near the goal when they were held. After the ball had been worked out of danger by C. U. I., Morton was raised upon and made another phenomenon of 75 yards for a touchdown. Muggers aim was accurate, and the score was 23 to 5 in favor of S. U.

Deaftens Cannot be Cured

to local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constimutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out, this tube renewed to normal condition, hearing will be destroyed forever; nine cases out of ten are cured by eucarist, which is nothing but an inflated condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness caused by ecart of cases cannot be cured by Hall's Cataracts Cure. Send for circulars free.

Will Clinton, now employed as a civil engineer for the C. & Q. Ry., is making a week's visit with his parents.

H. B. Walling, Jr., is practicing at Ames, lowa, under the firm name of Walling & Olsen. Mr. Walling is now mayor of the town.

The Delaflower initiative Esther Ashley, '02, Helen Moulton, '02 Louise Moulton and Nina Bogue, '02, last Saturday. The initiative was followed by a spread, at which the honorary members of the fraternity and their husbands were present.

The Juniors and Sophomores held their first social event of the semester last Saturday evening. It resulted in a score of 10 to 5 in favor of the Sophomores. The ban individual work was done by Warren, who played forward for the Sophomores in his goal throw.

The canvas for the furnishing of the tower rooms of Clouse Hall is progressing rapidly. Fully half of the amount is already subscribed. Each subscriber receives a full amount of subscription to the popular roller articles donated by W. D. Gunn Jr. & Co. The grade are displayed in handsome show case in the secretary's office.

Medical Resolutions.
At a meeting the business of the Medical department unaniomously sanctioned the following act of condemnation:

Words cannot express our contempt for the cast that will prompt any (?) to write such a vile, rotten article, as appeared in the last number of the Quill, condemning Mr. Blackmore for leaving the football team, and resulting in the rejection of the entire student body.

If Mr. Blackmore chances, for what appears to him good and sufficient reasons, to play, foot ball no longer, that is his business. He certainly has been a very valuable member of the foot ball team for several seasons, and if we want him to play longer such articles as the above mentioned will not produce the desired result. Heartily the best wishes he has done in the past instead of scrupulous denunciation, are due Mr. Blackmore.

We proceed to say that the student body are not at all in sympathy with any such unconsitement as extracts. That is a relic of the Athenian Age. Enlightenment of the present does not justify any such expression. The yellow-jared journal certainly, owns Mr. Blackmore an apology.

At a meeting of the Debating League last Wednesday evening, Friday, March 4, 1898, was the date chosen for the Inter-Collegiate Debae. The compact draw up between representatives of Iowa College and Cornell was adopted, and the continuance of these debating contests in the future with Iowa College is now an assured event—The Cornellian.

The debate between the Star and Angellinian societies, at Cornell College, will occur Nov. 26th. The question will be: "Resolved, that emigration into the United States shall be restricted to persons who can read and write the Federal Constitution, excepting those who are necessary to the industries of the country." The debate will be made for those dependent upon qualified immigrants.

Resotted Rooms.
For Rent—Two heated rooms, one furnished as a one roomman. The best of board may be had in the same house. Property unparaleled. Mrs. Eva Bradley, 308 E. Burlington.
