Iowa Plays Ball

We take a Rally and Grinnell Is Bullied to a Fair Result

The foot ball team, accompanied by about thirty local enthusiasts, left for Grinnell, Saturday morning, to meet the defenders of Scarlet and Black on the gridiron. The contest resulted glorious for S. U. & I., for we outscored them in nearly every point. Our line was firm and the Grinnell notion found it practically impossible, while we made repeated gains through their guards and tackles.

Grinnell was compelled to resort largely to punting tactics to defend their goal, and was playing on the defensive the greater part of the time.

Soigne Callie on the weather for his pretty drop kick from the field, for it was their only opportunity to score. It is the first time for years that Grinnell has failed to make a touchdown on S. U.

CAPTAIN HOBBS

When our foot ball team returned from Grinnell, Saturday night, it met with quite a different reception from that which greeted it upon its return from the game at Missouri. At the Grinnell station, a cross-examination followed the reception of which the Grinnell depot was crowded.

Toward the appointed hour, Professor Grinnell and friends met at the depot to greet the returning foot ball team. With the exclamation of success the party started, passing through the depot, where many friends met them.

On the way to the hotel, a large crowd gathered, and members of the Grinnell team were hurried to their hotel quarters.

The hotel at the same time received many letters which were collected in the hotel lobby.

B. 1. P. ·: Grinnell

SYQUE

P twelve yards from the goal. Returning 65 yards, Grinnell boot on a fumble. Morton then scored 5 yards and Ely 5. In two downs Iowa takes 4 yards, and Hobbs punts to Grinnell. With Grinnell on the 50, Morton and Ely gain 4 yards. Hobbs then punts to Morton, who finds 2 yards to punt. Next play Morton gains 36 yards, and Hobbs gains 4 to the Fiske punt.

CAPTAIN HOBBS won the toss and chose the south end. Grinnell kicked off of 30 yards and S. U. & I. returned about 10 yards. Morton makes a short gain through the line and C. Williams is sent through for 4 yards more. Morton went around right and for 2 yards and Ely went as far as the line for S. C. Williams made 2 yards round left end, and F. Williams 10 more through the line. He was not fumbled, but required the ball at a line, and in the third down Hobbs dropped 10 yards to Fiske, who dropped it, and one of our men fell on it. Morton made 25 yards around right end and then lost 1. Griffith and Hobbs tried for a place kick on the 50 yard line, but the ball went outside the post by one foot.

Pierce kicked off of 30 yards from the south yard line. On the next play Morton circled the right end and for 30 yards, and after two plays without gain Hobbs punt, Grinnell sent Westbrook around left end for 10 yards more. He made a fine play on the goal line, but the Grinnell line held him. Hobbs then kicked of 45 yards, and Hobbs returns with a gain of 20 to Fiske, who makes a gain of 2 yards. The ball is now 18 yards from our goal. Westbrook tries left for 10 yards, and the next play Westbrooks center, steps back and makes a drop kick from just beyond the 20 yard line. The play goes between the posts and makes the series S. U. & I. 5, Grinnell 0.

Leo R. Wells: Acting President

Awards

By resolution of various churches in the city, the concert, Thursday evening will not begin until 8:30, thus enabling those who attend the quarterly meeting to watch the opera house before the program begins.

Lavve Prizes.

The Lownd prize of $25 for excellence in Greek will be given for the best examination in Homer and Lydia covering the text read and the topics assigned in connection with these actuors.

The Lownd prize of $25 for excellence in Latin will be awarded to the student passing the best examination in Homer and the collateral work in the winter and spring terms.

In both cases competition is allowed to all, whether undergraduates or students who have taken in University the work for which the prize is offered.

R. H. M. C.
We wonder whether the philosophy contained in the article entitled "Experience not, Observation," published in last Saturday's Quill, is the result of the experience and of service on the man on the Board—or of the lady.

The Contest.

It is seldom that the music lovers of Iowa City have such an opportunity of hearing a high grade concert as will be offered Thursday evening. The first part of the program will be miscellaneous selections by the members of the company. The latter half will consist of scenes from one of the classic operas. Judging from the high recommendations given in our exchanges of the performances of this company, it will be indeed a treat. The company has just closed a tour of the state. Performance will be given in Indianapolis, and is now at St. Louis. Undoubtedly the opera house will be crowded to its utmost capacity Thursday evening.

Details:Insert Copy.

Registration is a good thing, but received, backed by action, is infinitely better. From year to year we see the arena of oratory and debate, all ways received to win. In debate we have been signally successful. The power of this school as a debating center reaches the limits of the two counties. Not alone do we win the masters of debate in the west, but our power has reached the notice of all the greater educational centers of the United States. There are but three places in our debating policy; these are first, work; second, work; third, work. To no other factor can we attribute our unprecedented success.

But how is it in oratory? True, we have little if any encouragement in this line of intellectualism. What we get comes only by individual effort, and this is so very hard to bring to a proper focus that it is almost discouraging. If "but in" other educational centers offer the very strongest incentives doing fliers of oratory. Why shouldn't we here? Why could we not have some extra recognition given our orators? Why should we not have training in this line of work as we have in debate? We have to take of the lower places in the final just because we are thus situated.

But let us not be discouraged! Let us rise in spirit of our circumstances. The time is now ripe for all who contemplate entering the contest to be at work. Originals are not written in a day. That is, those that win are not, if you expect to do anything; just get to work— and work unreservedly.

There is no reason why we should take a lower place in oratory than in debate, if we are aroused to our capabilities. Let no person refuse enter to enter because he is a lower classman. Some of our best orators have come from the freshman, sophomore and junior classes. Let us all be up and doing. Write your best, that is, your best way, and abide results. There is great training in such contests, even if one is defeated, but do not work for self alone, but to raise the standard of oratory in the University. Sacrifice self to the cause of the student body and to the student interests.

Our friends at the University of Chicago, Mr. Nelson has the congratulations of all of us, and all who know of his kind, earned by our alumni, secure the glory of the University of Iowa.

Saturday's Games.

Following are the principal college foot ball games played Saturday.

Easly 6, Michigan 12.

Lafayette 6, Cornell 47.

Brown 17,

Yale 9, Princeton 12.

Duke 8, Nebraska 5.

Carlisle 5, Pennsylvania 35.

Chicago 6, Wisconsin 8.

S.ú. 1, Grinnell 5.

Deafness Cannot be Cured

by local applications, as they cannot reach the distal portion of the ear. There is only one way to cure deafness, and that is by constitution alone. Deafness is caused by an inflamed condition of the mucous lining of the external tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing and when it is entirely closed deafness in the result, and unless the inflammation can be tabbed out and this tube reduced to its normal condition hearing will be destroyed forever. Mine came out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure.Send for circulars from F. J. Cheeney & Co. ,Topeka, O. held by Druggists. Hall's Family Pills are the best.

The CENTURY is made of the best material throughout, inflated with a soft coil and solided printed and should last a lifetime.
