## ATHLETIC MATTERS.

### DR. KNIPE ENGAGED AS COACH—FINANCIAL CONDITION OF UNION.

As has already been stated in these columns a contract was signed some days ago, whereby Dr. Knipe is to act as trainer of the '99 track team. Manager Munger yesterday signed a contract for the retention of Dr. Knipe as coach of the '99 foot ball team. It is probable that a third contract may soon be made to secure his further services in the interest of the '99 base ball team. Thus is a single policy in athletic lines being established.

When Mr. Munger brought the matter of contracting with Dr. Knipe for next year's foot ball coach, before the Advisory Board at its meeting Wednesday evening, the question was raised: "Has the Board power to make contracts for the Union?" Dr. Shambaugh, as President of the Board, ruled that under the Constitution the Board had not this power, but could merely approve a contract. It was suggested that, while there was no opposition to Dr. Knipe personally, yet it might be more proper to await the election of the new manager, and his subsequent action. But it was urged that unless the matter were closed at once, danger existed that the negotiations already made might be annulled.

After some general discussion of the matter, Dr. Shambaugh ruled that the Board could take no action unless a contract was presented by the manager for approval. Thereupon Mr. Munger, as manager of the foot ball team, presented a contract. After discussing its provisions the majority of the Board voted that the contract be approved when signed by the manager and Dr. Knipe.

Since the Board meeting, Mr. Munger and Dr. Knipe have signed the contract, and it is understood that it will soon be presented for approval.

The finances of the Union have never been in better condition than they are at present. In the VIDETTE-REPORTER of last Saturday appeared a statement of the receipts and expenditures since October 1, showing a balance in the treasury of \$241.75 on December 1. Since the latter date other bills have been paid, leaving about \$30 in the treasury at the present time. The debts of the Union aggregate \$850, of which amount \$604 is still owing on the note, the remainder embracing old bills, and a few new ones. Of this latter item, \$37 is a bill from Grinnell for our share of the expenses incurred in advertising and paying the expenses of officials in connection with the field meet that was rendered impossible by bad weather last spring.

The foot ball management this year has very fortunately succeeded in closing up the season with debits and credits about equal, or possibly a few dollars to the good.

### Medical Faculty Resolutions.

At a meeting of the Medical Faculty, held last Tuesday, among other matters the Medical foot team matter was discussed. Dr. Middleton was instructed to prepare a communication

to the class committees, embodying the result of the deliberations. The communication is as follows:

To the Committees of the various classes of the Medical Department:

Gentlemen—The Faculty desires me to transmit to you in this manner their conclusions regarding your request for encouragement in establishing a foot ball team. These were, in effect, as follows:

First, that they are not disposed to regard with favor the division of the athletic work of the University into many channels, but see more judgment in centralizing such efforts to bring about results.

Second, that under the present schedule in the Medical department, with an undue amount of work in nearly all the classes, they are scarcely prepared to believe that the time occupied in foot ball practice, and in many other things connected directly and indirectly with the management of a team, will not detract from scholarship.

And third, that they do not wish to encourage in the Medical department the incurring of a debt similar to that which now encumbers the Athletic Union of the University.

They are, however, willing, in the direction of encouraging any reasonable youthful enthusiasm in the classes, to allow, subject to the action of Board of Regents, the organization of the team proposed, and will endeavor to secure for it all possible recognition and concessions at the hands of the Board, with due regard to the rights of the Varsity team already existing.

They hope that the project may be at present regarded by the class, as it is by them in the light of a scientific experiment, whose success or failure is to be both impartially adjudged in the future.

And although individually willing to do all in their power financially, to aid the experiment, they would prefer that the management of the finances should rest with the classes.

WM. D. MIDDLETON.

### Illinois-Wisconsin Debate.

All details concerning the debate between the debating teams of the Universities of Illinois and Wisconsin have been settled, and the time and place of holding, together with the question, have been given to the public. The debate will be held at Madison on the evening of April 15. The men from Wisconsin are to choose their side of the question on or before the first of the new year. The question reads as follows: "Resolved, that the best interests of the country would be promoted by the adoption of the provisions of the bill known as the McCleary Banking Bill, for replacing the existing United States treasury notes, and for furnishing better banking facilities to the county districts; it being conceded that any loss to the government paper would be offset by a suitable tax."

### Notice.

There will be a meeting of the VIDETTE-REPORTER Board at Close Hall, Monday, at 4 o'clock sharp.

WM. W. LOOMIS.

Essayists and Oratory 10, 3:30 Th.

### University Lectures.

It was a fond ambition of the late Dr. Schaeffer that the students of the University of Iowa should every year be privileged to hear without charge a course of lectures by some distinguished traveler or scholar.

These lectures were to be called the "University Lectures." Just before his untimely death, Dr. Schaeffer had perfected arrangements for the first course of such lectures. The lecturer who is to inaugurate the enterprise is Professor W. J. McGee of the Bureau of Ethnology of Washington, D. C.

Prof. McGee will give in March next a course of eleven lectures on the general subject of anthropology; a more detailed statement of subjects may be expected later. To these lectures admission will be by ticket. All persons paying tuition in any department of the University may, at time and place to be hereafter announced, obtain tickets free; to others the nominal price of \$1 will be charged for a course ticket. This inaugurates a new movement in the University, and students may congratulate themselves in anticipation of a delightful addition to the ordinary University curriculum.

### New Books.

Since our last publication, almost 320 volumes of reading matter have been put at the service of the students. Among these are:

Complete edition of Daniel Webster's works, in 6 vols.

History of the Navy of U. S. A., by J. Fenimore Cooper.

Democracy and Social Growth in America, Moses Bernard.

History of the Inquisition, Wm. Harris Rule.

History of Greek Art, F. B. Tarbell.

Ave Roma Immortalis, Francis Marion Crawford.

A Manual of English Literature, by Thomas Arnold.

A complete set of Littell's Living Age from 1844 to 1882.

Besides a large number of duplicate copies, there have been received a great many new books on philosophy, pedagogy, psychology, government, history, morphology, economics and the languages.

### Notice.

The Battery will report in uniform at the S. U. I. armory at 1 p. m. sharp, Monday, Dec. 12, for the Junior Annual picture. Bring white gloves.

L. D. WELD, Capt.

Mr. Rockefeller has offered \$2,000,000 more to Chicago University on condition that an equal amount be raised elsewhere. Of this latter sum \$1,500,000 has been secured.

**THE VIDETTE REPORTER,**

Iowa City, Iowa.

Entered at the Iowa City Post Office  
as second class matter.

### Glee and Mandolin Clubs.

The University Glee and Mandolin Clubs will give their home concert Monday evening. The Clubs are strong this year in their individual members, and a fine program has been arranged. The minstrel songs and readings will be found pleasing interludes to the numbers by the clubs. The boys hope that a well-filled house may greet them on their initial night. May they feel the encouragement both morally and financially, of the student body in their concert undertaking.

### The Social Spirit.

The socials given this week by the literary societies, and by the Sophomore class, have been pleasing events. Not only to those attending, but to those who believe that the University was not made for books alone, but for development in social and other lines as well. The lack of the social spirit at S. U. I. has been mourned by generations of poets and editors. The frequent socials this year are doing much to further acquaintance-ship among the students. We hope the events thus favorably begun will continue at frequent intervals during the year.

May we be permitted to express another hope in this connection. Socials are held in the society halls in the South Building. Owing to alleged structural defects, these halls cannot be used as freely or as fully as desired. Every student, whether a member of a society or not, is interested in having better and safer halls for the societies. We hope that ere long such halls may be provided the literary societies that socials may be held without prohibitive decrees from the Faculty, and crowded audiences accommodated without fear of a collapse.

Some good specialists at the Glee Club opening Monday evening.

### Athletic Trainer.

The selection of Dr. Knipe as trainer of next year's track team and foot ball team is the formal expression of the universal feeling of confidence in the Doctor and his methods of training. The ability displayed in transforming eleven men into a team which was a TEAM in every sense of the word, was truly remarkable. As added to this Dr. Knipe has stood for all that is pure in athletics, he has won the gratitude of all conscientious adherents of Iowa University. The choice of this man, to take charge of all our athletic teams for next year, is also good, in that it makes probable a single minded line of action—a policy—in athletic matters, a thing much to be desired. It is improbable that any other man could have been chosen in the manner employed in the selection of Dr. Knipe. The Constitution of the Athletic Union provides that the Advisory Board shall approve the selection of the coach. Custom has placed the negotiations incident to the selection of the coach in the hands of the new manager. But this year peculiar conditions existed. The members of the Union had, in a hearty manner expressed an informal endorsement of Dr. Knipe's retention. It seemed well that the arrangements be completed at once. The outgoing manager at this juncture took it upon himself to present a contract for a new coach to the Board for approval. In view of the already expressed sentiment of the students, the majority of the Board approved the contract. Any one who may have apposed its approval did so not because of opposition to Dr. Knipe, but on purely constitutional grounds. Thus the matter stands. It will probably be brought before the Athletic Union, and when this is done, it is not improbable that such action will be taken as will remove all doubt of the constitutionality of the contract; this result may be brought about by a direct vote and by the election of a new manager to whom the contract shall prove satisfactory.

### Notice.

Co B will appear at the armory, Monday, at 1 o'clock, to have their pictures taken for the Annual. White gloves required.

FACT AND RUMOR.

Burton, '01, missed classes Friday  
on account of illness.

Miss Lulu Mann missed classes the  
fore part of the week on account of  
illness.

Professor and Mrs. Nutting will en-  
tertain the Zoology classes next Tues-  
day evening.

Professor Wilcox gives half of the  
examination to his English History  
class next Friday.

Third annual tour S. U. I. Glee and  
Mandolin Clubs. Grand opening night  
at opera house Monday, Dec. 12th.

The Y. M. C. A. tower-rooms have  
been repapered and the floor grained  
and varnished. The furniture will  
be selected soon.

The Freshman social, set for Thurs-  
day evening was postponed indefini-  
tely on account of the reception given  
by Miss Hughes that evening.

A portrait and sketch of Hon. H. O.  
Weaver, C. '91, L. '92, appears in a re-  
cent number of the Muscatine Jour-  
nal, as one of the active friends of a  
new railroad.

The Clinton Herald prints a synop-  
sis of a "most interesting and at-  
tractive" lecture given by Professor  
Calvin at Clinton, last week, on "Gla-  
ciers and the Glacial Period."

We desire to correct a local in our  
last issue drawn from our news box,  
in which it was stated that Dean  
Boerner, of the Pharmacy depart-  
ment, was ill with pneumonia. Al-  
though suffering from a severe cold,  
the Professor has been able to meet  
all his classes this week.
