DEPARTMENT OF CLOTHING.

The Tennis Association has been successful in its contests with other schools, and looks forward to a pleasant season of victories this year. It holds, at present, the championship of Dual League in both singles and doubles.

Whether the Tennis Association be joined with the Athletic Union or no, the tennis players in the University intend to make a strong showing this year, in membership, games, and, if possible, championships. A campaign for memberships will be soon commenced. Every tennis player in the University, and every person who would like to be one, will be invited to join the organization having charge of the tennis courts and interests. The best of accommodations will be provided for all members.

The three courts now belonging to the Association will be fixed up for the best of playing. In order to provide for the increased number of players that have lately appeared, some new grounds south of the present Athletic Park are being considered as a desirable site for new courts. At least four spacious turf courts will be constructed here. New nets will be provided for the courts.

All of these improvements will necessitate considerable interest, and a large number of new members. We hope that all tennis players in the University will lend their efforts toward the efforts that will be made to advance the colors of Old Gold to the championship in tennis.

The Phi Psi balls were a scene of gayety and mirth last evening, the occasion being one of the many enjoyable parties which the fraternity has given from time to time.

The new officers of the Y. M. C. A. for the year beginning April 1, 1890, will be installed at the regular meeting of the Y. M. C. A. Sunday afternoon at Close Hall at 4 o'clock. Mr. J. J. Louis, the retiring president, and Mr. Morris E. Waddy, President-elect, will make brief addresses.

Major Schelier received the invitation from drill yesterday afternoon. The members of the battery, however, with unassuming for self-improvement which will certainly be rewarded some happy day, improved the flying moments with some saleratus exercises that seemed interesting to the spectators.

A letter of congratulation from Montevedo, makes mention of Iowa girl who is well known to this city, having attended the University last year. It says the daughter of Cora Nash, (whose) assisted in the reception given by the president, John L. Eaton. The president it is said has a great fancy for the young lady, and considers himself her guardian. At the reception he had hoisted the national air of Uruguay, and several plantation songs, in her own very capacity.

The sixteenth annual meeting of the Homeopathic Alumni Association was held in the Homestead building, March 28th, at 2 p.m. The meeting was largely in the nature of a memorial to the late Dr. W. A. Wilson. Little during an eloquent speech given at the Kirkwood Dr. A. H. Davison, the President of the Alumni Association, acted as toastmaster. Toasts were responded to by Professor Snyder, Professor J. O. Glidden, Dr. J. A. M. Smith, Professor J. F. Newton, Professor George Royal, Rev. Canon S. Brown, and Dr. H. E. Carver.

The Ames student is eating garlic and onions this year, carrying out a policy of home consumption, which doubtless much approved by local authorities at the Iowa Agricultural College. A report of a debate at a public session of some literary societies of the institution, states that "some of the debaters adopted the Cedar Falls debating method, and carried manuscript. But on the whole the discussion was well supported," Considering the fact that Ames has been beaten in about every debate with the State Normal School, this slam seems uncalled for and out of place.

A letter has been received from G. W. Lawrence, C. G. L. J. A. Law partner of C. R. Aldrich, also of the same class, now captain of Co. H, 6th Reg. Iowa Vol. Inf., stationed at Havana. The letter is regarding the condition of Capt. Aldrich, who is in the hospital with the fever. It says: "Last night I received a letter from the chaplain of his regiment and also from the first lieutenant of his company, stating that Aldrich is now out of danger from his attack of fever, and that it will be only a question of a few days' time he will be with his company again."
