DELTA TAU DELTA CONVENTION.

W. E. D. 

WESTERN DISTRICT MEETS IN IOWA CITY.

APRIL 4TH AND 5TH.

The annual convention of the Western District of the Delta Tau Delta fraternity was held in Iowa City, Tuesday and Wednesday, April 4th and 5th. The delegates arrived Tuesday, and were taken in charge by their fraternity brethren upon their reaching the city.

A-business meeting was held, Tuesday afternoon, in the halls of the local chapter, on Clinton and Washington street. At this meeting little was done, and the convention adjourned until Wednesday morning.

A dinner was given in the home of the visiting delegates, Tuesday evening. Wednesday forenoon and afternoon were spent in transacting business at the convention and in electing officers.

Wednesday evening a banquet was given at the St. James Hotel. The dele- gates, members of the local chapter, and alumni, sat down to the dinner. Follow- ing are the menus:

MEN:

Black Pudding
Baillon

The Western District of the fraternity comprises the principal universi- ties of the West. Ten chapters belong to the district, being located at the fol- lowing institutions: The University of Wisconsin, at Madison; the University of Minnesota, at Minneapolis; the University of Illinois, at Champaign; the University of Missouri, at Columbia; the University of North Carolina, at Chapel Hill; the University of Chicago, at Chicago; the University of Nevada, at Reno; the University of California, at Berkeley; the University of Colorado, at Colorado Springs; Leland Stanford University, at Palo Alto; and the University of Cali- fornia, at Berkeley.

The most western of these universi- ties—Colorado, California, and Leland Stanford—were not able to send dele- gates to the convention on account of the distance. The credentialed delegates attending the convention were: Ralph B. Dennis, from the chapter at North- western University, J. F. Cleland, of the University of Nebraska, R. N. Bron- hall and T. L. Birkland, of the Univer- sity of Illinois; and O. A. Bartholomew, of University of Minnesota.

There were some out-of-town alumni members of the local chapter, and their friends, who are in the city for the convention.

Among them were: P. F. Faust, L. J. of, O. F. Tomlin, V. L. Littig, of, Davenport, F. I. L. of; M. Vernon, R. P. Bol- long and wife, and Mrs. Jackson, of, Davenport.

RECEPTION TO TEACHERS.

BY UNIVERSITY FACULTY AND INSTRUCTORS AT THE ARMORY FRIDAY EVENING.

The professors and instructors of the University will receive the visiting teachers and their friends at the Arm- ory, Friday, April 5th.

Conduct in collection has been caus- ed by the announcement of different places for the holding of this reception. The above date and place is officially given and will, if it is, dispel the rumors which have been caused by the numerous an- nouncements from unofficial sources.

At 7:30 o'clock the teachers will lis- ten to an address by Professor Arnold Tompkins, of the University of Illi- nois, at Champaign. This address will be given at the Opera House. At the conclusion, the teachers will repair im- mediately to Smith's Armory, where the reception will be held.

The hour at which the reception will commence will thus be close to 8 o'clock. Smith Armory is one block east of the Opera House, on the Yale and Asylum street, and can easily be found by visitors.

False Report About the Presidency.

The Sunday Times-Herald, of April 2nd, printed an article purporting to settle definitely a question which has been agitating the minds of many newspapermen for many moons past. According to this article, Edgar X. Sparks will be elected President of the University of Iowa. Says it in part:

"Advisers received at the University of the Truckee chapter indicate that Ed- win E. Sparks, Assistant Professor of American History, will be elected presi- dent of the University of Iowa. Professor Sparks has been given to un- derstand that the committee from the Re- gents that has the investigation of the matter in its charge will not reach any conclusion. Therefore, the suggestion is that Professor Sparks is a graduate of the Ohio State University, A. B., 1884, A. B. 1886. He was engaged from 1897 to 1915 as a lecturer on American His- tory for the Society for Extension Work in University Teaching, in Philadelphia. In 1915 he became a lecturer in Ameri- can History for the University Radi- cation Division of the University of Chi- cago. Friends of Professor Sparks at the University of Chicago believe he will accept the offer."

THE DUAL MEET.

THE IOWA-GRINNELL TRACK MEET DE- CLARED OFF.

There will be no dual track meet between Iowa and Grinnell this year. The decision, which practically kills the agreement established since 1892, is an alterna- tive annual dual meet, was reached late yesterday afternoon, after a lengthy conference between Manager McDonal- d and President Brown, of Grinnell's Athletic Union. The disagreement leading to the break is over the location of this year's meet. As was stated some time ago, Grinnell insisted upon a literal construction of the articles of agreement, which reads that the meet shall be held "alternately" at Iowa City and Grinnell, and claimed that as no meet was held last year on account of bad weather, this year's meet should be held at Grinnell. Iowa, on the other hand, insisted that it was clearly the intent of the provision in question that the meet should be held "on alternate years" at Iowa City and Grinnell. After a lengthy correspondence had been carried on, with little prospect of a satis- factory settlement, it was at last agreed to submit the matter to arbitration. Dr. Heilman, of Northwestern University, was chosen as arbitrator, the form in which the question was to be laid before him having been previously agreed upon. Then one day came a letter from Grinnell saying that she preferred submitting of arguments to submitting the question without any explanation. Iowa replied that she would not consent to the submission of arguments, preferring that the question be decided on facts. Grinnell refusing to have the mat- ter so submitted, President Brown, of the Union, and "Shubby" Haines, were sent to us to convince us of the error of our way. They arrived Monday evening, and yesterday the wires were kept hot with messages to Grinnell, asking for instructions on the various proposi- tions that were made in the course of the negotiations. No agreement could be reached, however, and all nego- tiations were called off for this year. Several se- ats are available for the discussion at the moment. The meet will be held at Grinnell, according to the agreement, and will be governed by the rules of the Central Wisconsin Athletic Union. The rent is to be paid for the track, the meet will be held in the Central Wisconsin Athletic Union, and all fees charged by the meet will be governed by the rules of the Central Wisconsin Athletic Union.

The Western League.

The Western Interstate Foot Ball League met in Lincoln, Nebraska, on March 31st, to arrange a schedule for the coming season. Nebraska, Kansas, and Missouri were represented at the meeting.

A revision was drawn up inviting Iowa to re-enter the League, and making a schedule including games at home and away. Missouri at Iowa City, October 21st; Kansas at Lawrence, Kansas, November 28th; and Nebraska, November 29th.

At the Advisory Board meeting, last Saturday, the matter of renewing the League came up for consideration. After due discussion the Board decided that for a number of reasons Iowa is not at this time in a position to renew her membership in the League. This decision was made, however, that the proposal was re- garded as a friendly one, and as such it was opposed to games with the members of the League.

On the contrary, Iowa will probably play at least one, probably two, and possibly all three of the teams at present in the League. The ques- tions of financial terms, and location of the games, will determine what games shall be played.

Beaconian.

Meeting Tuesday evening at 6:30, sharp, to avoid conflict with lecture at Opera House, The paper will be read by Instructor T. E. Stanley,

"The Application of Mathematics to Political Economy."

A large number of the fraternity men are busy with their projects for the coming spring term. About seventy candidates for the Yale foot ball team have begun their spring training. The candidates will be given particular attention.

Pennsylvania won first place, Prince- ton second, and Columbia third in the intercollegiate gun club shoot, recently held at Madison Square Garden, New York.

The second sights of Cornell and the University of Pennsylvania will row on the Schuylkill river, May 30. The trouble Yale and Harvard are now hav- ing with the New London Board of Trade may reduce the Poughkeepsie Highland Rowing Association, to ex- tend an invitation to the blue and crim- son to renew race on the Hudson.

Columbia has received a gift of $30,000 from the German-Americans of New York City, to found a permanent memorial to Carl Schurz on the occasion of the seventieth anniversary of his birthday. On one of this year's work will be a permanent fund for the pur- chase of books for the Carl Schurz li- brary of the German language and liter- ature, while the other half will be de- voted to the Carl Schurz fellowship in German language and literature.

The Wisconsin Debate.

The first joint debate with Wisconsin has been held with results in the main satisfactory to both parties. As a result of the contest the two Universities have been drawn closer together in friendly rivalry. Each has come to know the other, respect its opponent's powers, and better understand the wisdom of another scrimmage may be had.

For Iowa the contest means much and the results of the first debate are especially gratifying in that we have obtained what has been sought for in vain for several years—a foeman worthy of our steel. At last one has been found worthy of our best efforts. We honor and respect Wisconsin for what she is, and what she has done. We rejoice in the fact that at last there is a trophy hung up that is high enough and worthy enough to attract the very best debating talent of S. U. F., and one that can arouse the ambitions of all to the highest pitch in a desire at some stage in his college career to meet Wisconsin in a debating contest.

Words of highest praise are due Wisconsin for the magnificent manner in which the Iowa representatives were received and entertained. Wisconsin "Varsity men are gentlemen, and we sincerely hope that next year will not be the last in which we shall meet them in a forensic way, but that the two debating schools of the west may continue their contests from year to year to the advantage of both.

The Old, Old Game.

We print in another column some extracts from a late issue of a Chicago paper concerning the presidency of the University. We have printed the extracts because of the interest taken in the matter by students and readers of the Vidette-Reporter.

We are in a position to state authoritatively that there is no foundation for the report that Assistant Professor Sparks, of Chicago University, has been offered the presidency by the Board of Regents. He is one of about one hundred candidates, active or receptive, for the presidency of the University. As such, he was visited by the committee of the Regents, having in charge the ascertainment of the qualifications of the various candidates. This is the only dealing which Mr. Sparks has had with the Regents—supplying the committee with the specifications, references, and notes on the qualifications of Assistant Professor Sparks.

The Board of Regents has not selected any man as yet for the presidency, nor has it shown any preference to any candidate. They are determined to go slowly and carefully. The date now set for the selection of a president is at the regular meeting in June.

Mr. Sparks has not been known as among those who were at all active in pressing their claims and qualifications. The inference to be drawn from the article published in the Chicago paper is that the assistant professor of history in the University Extension Department of Chicago University, or some of his friends, have been hounding themselves up to play a little game of bluff, to the end that Mr. Sparks may hear of a little reputation out of the unsettled condition of presidential affairs.

The attention of our readers is called to the fact that in Madame Calvet, the great English astrologer and fortune teller, the madame is an English woman by birth and education and possesses a fund of knowledge for the untying of the future.
