VOL. 11. IOWA CITY, IOWA, FRIDAY, JUNE 9, 1899.

IOWA'S NEW PRESIDENT.

CHANCELLOR GEORGE EDWIN MACLEAN, OF NEBRASKA UNIVERSITY.

Chancellor George Edwin MacLean, of the University of Nebraska, was elected President of the University of Iowa by the Board of Regents at Rockville, Conn., on Monday next, to look over the field before giving his answer. The indications all point to his acceptance of the offer, although it is understood that Nebraska will make every effort to retain him. Regents McCleary and Clebe have been appointed a committee to meet the Chancellor, and it is expected that he will announce to them his acceptance or refusal before returning to Lincoln.

Chancellor George Edwin MacLean, of the Nebraska State University, has been connected with that institution for four years. He was chosen in June, 1895, from a small number of candidates recommended by the members of the Nebraska State Board of Regents. Chancellor MacLean was born at Rockville, Conn., in 1839. He prepared for college at Williams Seminary, East Hampton, Mass., and was graduated in 1857 from Williams College, where he was graduated with the degree of Bachelor of Divinity. In the same year, 1857, he received the Masters' degree at Williams.

He was immediately installed as pastor of Union Church, Lebanon, N. Y. This was an abnormal and anxious task. He entered Yale University in 1860, and in two years he was graduated with the degree of Bachelor of Arts. He was there till 1877, and he followed as pastor of the Memorial Presbyterian church at Troy, N. Y., till 1881.

At this time Chancellor MacLean went to Europe and studied at the Universities of Leipzig, Berlin, and Cambridge. In two years he secured the degree of Doctor of Philosophy and also Master of Arts at Leipzig. He traveled extensively over Europe, and in 1885 he was called to the chair of English Languages and Literature at the University of Minnesota. In 1893 he was chosen a life member, and spent a year studying in the British Museum at Oxford. In 1895 he studied in the National Library at Paris.

Chancellor MacLean has a wife, but no children. He has been reported to be quite wealthy, but is not the possessor of a large fortune.

The Annual Banquet.

The annual alumni dinner, given Tuesday, June 7, at the Armory, was one of the most successful and largely attended of the long series of banquets given by the Association.

Professor W. E. MacFarland, in the elaborate repeat, served with perfect precision in every detail. After the perishable dishes were taken care of, the feast of reason and flow of soul began, in which great things for S. U. I. were echoed by many of her former students.

Governor Shaw, in a brief address, declared that within the next ten years both here and on every other occasion, his remarks upon the future of S. U. I. were received.

Mr. E. H. Smith, of Des Moines, told of the duty of the state to the youth of the land in providing appliances for securing an education.

Regent Harvey Englem closed the program with one of the finest speeches of the evening. "A big thing in a big way" was his theme, and with words of courage and power he told what will and must be done for S. U. I., by the people of the state. Regent Cha. E. Pickell, the classmaster of the evening, by his cleverness and tact, made the exercises delightful in every way. The resolution was notable in the number of alumni present and the great interest manifested in their Alma Mater.

Professor and Mrs. E. R. Rockwood left Tuesday evening for the east, where they will take part in the alumni reunion at Nebraska, and Governor Shaw, in a brief address, declared that within the next ten years a $1,000,000 must be appropriated by Iowa for her University.

Mr. A. E. Swisher, L. 74, discussed briefly upon the victories of the class of 1874, after which Ex-President Pickard responded fittingly and feelingly to the subject, "Men die—Institutions live." During his remarks he exhorted the men who did so much to exalt the name and reputation of S. U. I., and the late President Schaeffer.

Regent Gilliland, following, made many humorous remarks concerning the Board of Regents.

Judge Babb, in responding to the theme "Women," declared that they always are able to speak for themselves.

WORK OF REGENTS.

PROFESSOR ROEBACH REDESIGNS—NEW APPOINTMENTS AND SALARIES RAISED—ATHLETICS RECOGNIZED.

The Board of Regents was in session Wednesday and Thursday. Among other matters transacted was the raising of salaries attaching to several of the chairs in the University.

The resignation of Professor James A. Rohbach, Secretary of the Law Faculty, and resident lecturer on law, which was offered some time ago, was accepted. Professor Rohbach will em-

Chancellor George Edwin MacLean.

Carl Endo is to return to S. U. I. and succeed Perry H. Walker as in-

spector in Chemistry.

To succeed Harry E. Kelly, instruct-

or in Botany, came to the University B. A., Williams College: Ph. D., Johns Hopkins University.

The gentlemen who are going elsewhere are followed by the well wishes of their many friends. Mr. Endo, who will return, will be remembered as a popular man of the class of '97. Since his graduation he has been studying in Germany.

The Board of Regents have shown their appreciation of the splendid efforts that have been made almost all along the line in athletics, by appropri-

ating $500 to be expended by the Executive Committee in the line of a department of physical culture.

A committee was also appointed consis-

A committee was also appointed consisting of Professors Shambaugh, Love, and Sims, to frame a scheme of athletic control, whereby the Regents might be made a factor in working toward the end desired by all concerned.

From hints dropped by several Regen-

tents, it is highly probable that this inaugural appreciation will be fol-

lowed by others, until eventually Iowa University will have a physically fit body, and the whole of our departments, with the aid of athletic rules, and the proper appointment of a physical director, an increased understanding of the fitness of men, and the development of the strength and health of our young men.

Corner Stone Ceremonies.

The ceremonies of the laying of the corner stone of the new Collegiate building, occurred Wednesday afternoon, June 7. Gov. Shaw, in giving the opening address, gave new expres-

sion to the significant fact that re-

enchantment is not statesmanship.

Professor Patrick responded in a graceful speech to the sentiments ex-

pressed by the Governor, after which Hon. J. P. Dilliver delivered the ad-

dress of the day. He spoke briefly of the growth of S. U. I., of the good standing which it has always held with the people of the State, and the great future which surely lies before it. Con-

tinuing, he showed the past growth of the colleges of the United States, and how nearly all are trying to sustain the government of the United States, by the means of educating a few savage chieftains with a morbid glimmer of idealized lib-

erty. Moral patriotism, moral Christian piety, have no place in a true, progressive educational institution. In this respect S. U. I. is a mod-

el for the other colleges of the State.

Mr. Dilliver's address abounded in sound doctrine and common sense.

The exercises throughout were appro-

priate in every way, and showed the greatness which the building now begun will add materially in bringing to S. U. I.

Unpaid Subscriptions.

As yet there are a few of our sub-

scribers who have not paid for their paper. We make a very urgent de-

mand that this matter be attended to as soon as possible. Statements have been sent out, and we believe there is no one who cannot respond within the middle of next week. This is certain-

ly an obligation that should express the prompt attention of every loyal supporter of S. U. I. Address all letters to the manager at this city.
DENTAL COMMENCEMENT.

CLASS OF THIRTY-TWO GRADUATED IN THE MORNING—BANQUET AT MINTHETHA IN THE EVENING.

The seventeenth annual Commencement exercises of the Dental department, being the graduation of the class of '99, were held at the Opera House, Monday morning, June 5th, at 10 o'clock.

Rev. G. W. Watson pronounced the invocation, and Rev. Schulte gave the benediction. Dr. A. A. Kugel and Wm. H. Cochrane gave pleasing selections during the program.

Hon. Milton Remley, Attorney General of Iowa, delivered the Commencement address. His theme, "Scylla and Charybdis," was a thoughtful appeal to the young dentists to avoid the dangers of the ways of too great specialization on the one hand, and the Charybdis of lethargy and neglect on the other hand. His talk was characterized by earnest and able, and commanded throughout the interest and applause of the audience.

Dean Hartford then presented to President Currier the thirty-two candidates of the department for the degree of Doctor of Dental Surgery. With a few fitting remarks, the President bestowed the diplomas of the University upon the following class:

1. CM. Albright
2. J. B. Blosser
3. J. R. Brues
4. C. C. Coffey
5. T. J. Davis
6. G. Maurklfrost
7. L. D. Nystrom
8. H. F. Munn
9. W. H. Nystrom
10. L. R. Nystrom
11. T. F. Pankey
12. G. M. Page
13. C. W. Peck
14. W. W. Peck
15. J. E. Peck
16. N. M. Peet
17. C. M. Pearson
18. D. F. Pearson
19. P. M. Pearson
20. W. W. Pearson
21. F. D. Peet
22. J. D. Peet
23. J. W. Peet
24. R. O. Williams
25. R. D. Young
26. L. M. Young

The asterisk indicates that the graduate before whose name it appears finished his course in the Medical school.

At 12 o'clock in the afternoon, the members of the graduating class, alumni, and friends, repaired to "Mintzetha" for the annual banquet. The faculty was in attendance.

The company sat down at 7 o'clock. After an excellent dinner had been consumed, an excellent program of toasts was listened to.

J. D. Welch, the Class President, in his capacity as toastmaster, called for the following toasts:

"Professional Chivalry."—Dr. F. E. Webster, Secretary of the Board of Dental Examiners.
"Cured Professional."—Dr. C. S. Chase, Professor of Therapeutics.
"The Dentist as an Educator."—Harvey Ingham, Member of the Board of Regents.
"Daily Bibles."—Dr. W. S. H. Smith, Dean of the Faculty.
"Harriman and others likewise responded with brief talks. Governor Shaw was to have given an address, but was unavoidably detained from attending the banquet.

BACULAEARUM EXERCITIAE.

RANKI HINCH DELIVERS THE ADDRESS.

The Baculaearum exercises occurred properly, at 9:30 p.m., in the presence of a large audience. After the opening prayer by Father O'Farrell, and a Scriptural lesson, delivered by Rev. Barrett, Rev. Hirsch, of Chicago, delivered the address, taking as his theme Isaiah xlv. 18; "The kingdom of this world is become the kingdom of our Lord and of his Christ, and he shall reign for ever and ever." The address was delivered in such a manner as to leave it to every hearer to draw from it what conclusions he pleased.

The weather being delightful, the crowd gradually increased, the University being in full attendance and the weather being fine. At ten o'clock, Mr. Lancaeter, delivered the benediction and the exercises terminated.

THE ANNUAL DINNER.

The annual dinner was given at the Union Hall, on the evening of the 5th, by the faculty, to the students of the class of '99. The dinner was given in honor of the class of '99, and was attended by a large number of the alumni and friends of the University. The toasts were proposed by the president, and the speeches were delivered by the members of the class in turn.

Famous State Trials

Mary Queen of Scots, Sir Walter Raleigh and Captain William Kidd

By CHARLES EDWARD LLOYD

The popularity and practical value of "Hargrave's State Trials" convinced the editor that if the best of these Trials could be put in a handy volume there would be a demand for it. The three trials selected are the most interesting and valuable contained in the set of "Hargrave's State Trials," in the reprinting they have been condensed but every-thing of especial interest is given in full. There is no better way of impressing English history on one's mind than by reading these Trials in their hands. No lawyer or student can fail to find a romantic interest in every page of the book and he will be amazed at the language and the rulings of some of the lawyers and judges of the dates given. For instance, Sir Edward Coke, who was Attorney General when Sir Walter Raleigh was tried for high treason, uses language towards the distinguished prisoner which would not be tolerated in the courts of to-day. Fifteen years later, when Coke was Lord Chief Jus-tice, he managed to bring Sir Walter Raleigh to execution on a pretext evidently prepar-ed for the occasion at the command of King James. The intense jealousy of Spain at the encroachments of the Anglo-Saxons on the Western Hemisphere is everywhere con-spicuous in the trial of Sir Walter Raleigh. It is made plain that Spain was the indirect factor in the death of Raleigh. In the light of passing events the retribution of history is starting.

FACTOR AND HONOR.

Dr. R. W. Baldwin left Monday evening for Chicago.

Dr. C. B. Lewis left last Friday evening for Ottumwa.

Converse, C. W., entertained his sister this week.

Miss Louise Evermeyer, L. Y., attended commencement.

The Kayem Gammas will spend a week at “Minnehaha.”

Miss Ethel Hathaway, ex-C. W., of Des Moines, was a commencement visitor.

Zetagathians and Hepersians, to the number of thirty,picked up the river Tuesday.

Wm. E. Cook, of Independence, visited his brother, Roy A., C. W., during commencement.

Freilich, C. W., received visits from his mother, sister and brother during commencement.

Smith’s armory was a scene of brilliance and beauty, Monday evening, the scene being the commencement party given by the Beta Theta Pi fraternity.
The above is the schedule of foot ball games for 1900 as far as arranged. In addition to the games therein included, light practice games will be played September 19th and November 13th. There will also be two or three mid-week practice games. The second team will play a number of games, some on our own gridiron and some elsewhere. One or two minor changes are possible in the schedule as printed above.

The State Normal game should make a good opener, as they defeated us last year, and it is understood they will have an unusually strong team this year. The Chicago game comes, as usual, rather early in the season, but it may be doubtful if this will be entirely in our disadvantage this year. It is understood that Professor Stagg will have a number of his old men, among them Herschberger, while all but two or three of our last year's men will be trying for places on the team. A number of new men who are said to be first-class players, have signified their intention of entering the University. Iver Vernon, who will be remembered as one of the invincible line players of '98, expects to return next year to take law.

The Drake game will be played this year in Des Moines. The location of the Rush game is undecided. It may be played in Rock Island, though it is probable that it will be played on the same ground instead. In the former event the alumni game will be played here October 27th, but in case the Rush game is played here, the alumni game will be played on Nov. 22d. This game will be one of the features of the season. An effort will be made to have all University exercises for the afternoon of the alumni day declared off, that every one may see the game, which will be played against a team composed of some of the strongest S. U. L. players of recent years. There will be a public reception to the alumni after the game. In the evening there will be a banquet. The members of the visiting team will be presented with souvenirs, probably in the shape of small silver foot balls. No effort will be spared to make the day an enjoyable one both to the alumni and to their successors, the present students.

The Ames and the Grinnell games are scheduled to be played here, but it is barely possible that a change may be made in the location of the former.

The change in the Thanksgiving game is the great departure from custom. It is an experiment, the success of which seems assured already. The two State University teams meeting one of the tri-cities, located as they are on the boundary river of the two states, should draw a rowd second to that at no Thanksgiving game west of Chicago.

That the people of Rock Island are deeply interested is evidenced by the fact that the grounds are placed at our disposal free of charge, while on the same liberal terms the street car company of the tri-cities have agreed to furnish a trolley car for the teams, accompanied by a band, over their lines. The C., M. & P. Co. will make a very low rate for the round trip to this game, and several hundred Iowa Citizens will probably take advantage of this opportunity.

The season for the team will begin on Tuesday, August 20th, at which time every man is expected to be in Iowa City.

Besides the regular games next fall, will occur the pouting contest for the Morgan Cup. This contest, which was to have been held May 24th, was post- poned, owing partly to "that tired feeling" following upon the State meet.
