THE NORMALITIES DEVIATED BY A SCORE OF 20-

 Well, we guess we wiped out the score of the game in a score of 20, giving the Hawkeyes a

EXCELLENT PRESENTATION OF THE MIKADO

by local talent tonight.

IOWA CITY, IOWA, SATURDAY, SEPTEMBER, 12, 1909.

No. 5.

The excellent evening of the opera house yesterday was the first presentation of The Mikado Thursday night for the benefit of the football team. A number of seats in the front row were reserved for the football team, who extracted their dues with $6.14 in songs and a curtain rote. The presentation of the operetta was most excellent. The almost unlimited time and gain of positions by parts was a characteristic of the evening with three acts, each being an excellent group.

The entire cast and chorus is deserving of praise. The stars of the evening were:

Dr. Allen Arthur Krupel of Ko-Ko, Very High Executor of Telynna. From the round of applause that greeted his appearance in Act I, to the end of his position, he carried the audience with him.

The Hawkeyes was the most conspicuous for their

The production Friday night was wildly successful. About 3,000 were present, and the Manager Howard Power's indefatigable energy in a large part of the credit for the success of the evening.

The management was all that could be desired and one of the most successful in the history of the University. The plan of the entire student body and of every one interested in athletics due to all the performers who worked together (especially through the hot August weather). A committee composed of Howard Powers, the business manager, Max May and Viv Y. Coan will credit the bills and present a report early next week.

University Enrollment.

The enrollment to date is 1,560 above of what it was at this time last year. Dean Carrier is confident that within ten days it will exceed the entire enrollment of last year, which was 1,531. There is a gain of about 30 in the law department and 40 in the medical. The exact figures are:

The New Classes.
Continued from Second Page.

The new classes, which had been voted on, an animated discussion ensued over the adoption of Robert's Rules of Order. They were adopted.

A motion to appoint a committee to arrange for a social met and fate upon a member's stumbling upon the fact "you can't have a sensible without money." The motion that the class act on the defensive and on the offensive with reference to the companions met with some opposition. McCown sounded the tocino. "The class has already been attacked!" Kenmore thought so, and so did the class for the days prevailed.

Reid Munday, chairman, Miss Mary Jane MacKeown and Ward Cassedy were appointed to a committee to make a class yell and to make the class adorned to meet on Thursday, Sept. 25th, at 4.30 p.m.

The class was in very good humor, laughing heartily at its own mistakes and at some of the motions when explained by the president. The rush to the door occasionally interrupted the proceedings, the freshman heart giving bold to conflict when the president came up. Although the class cannot be congratulated, as can former classes on being able to hold its first meeting itself, it gives considerable promise of retaining self-government in the near future.

Fall Field Meet.

The new men at that time become known as track men with better to themselves and the team. All of the men who made such a record for the team last year will compete next Saturday. There has also been a number of new men entered who if heany is to be relied upon are liable to push the old men for places. All those desiring to compete should hand their names either to C. E. Brown, capt., or J. E. Griflith, manager.
