Joe Brown a Professor.

S. Joe Brown, of this city, arrived in Ottawa this morning from Michigan, enroute to Milwaukee, Wis., where he has been called to the chair of Greek and Natural Science in Bishop college, the Bishop school for the education of the colored youth. Prof. Brown, more familiarly known here as Joe Brown, is a young colored man, who by his own efforts has attained the elevated position in this great school of teaching which he has now going to accept. Joe is only 22 years old, yet during his brief school life which was not surmounted with instances by any means, has graduated from the Ottawa high school and the State University of Illinois. He was a member of the class of 1895 of the Ottawa high school and graduated from the State University at the age of 24 years, and R. H. S. — Paul Beta, Kappa. The position of professor in Bishop college, the highest position of the institute, on the recommendation of A. M. Company, Professor of Latin and dean of the Collogk department of the Iowa State University.

Bishop college is maintained by the Home and Foreign Missionary Society of the Baptist church and is one of the important schools of this kind in the South. It is the educational of the colored races and as a result has an enrollment of over 200 students. There are three colleges and one grammar school in the school, viz., College, theological, normal, academic and manual training.

Everyone is familiar with the manner in which he secured his education in the schools of this city. He did not have the means to take him through and was compelled to work during the entire time that he was out of school in order that he might further pursue his studies. He entered the State University, and there burned the same course, finally graduating with the highest honors. The appointment which has come to him is solicited is indeed a just reward for his efforts, and a marked appreciation of his ability. His many friends in Ottawa may be in Cookie in congratulating Joe on his success. — Ottawa Courier.

SIGNAL CORPS.

Students unenrolled for drill to be armed at wires of mayor's request.

Major Holstein has arranged for the formation of a signal corps composed of those students who are physically equipped for drill but whose physical affections are not at once apparent.

Formerly signaling was a part of the winter term's work of the battery. Officers and non-commissioned officers practiced the new course, probably from the battery, as the members of the battery understood the signal and tact. The corps will start out with a mixture of men, no, six private. This mixture will soon increase; it is supposed, as often as infiltrate develops among the armored cables. The signal corps will be uniformed with the regulation infantry cadet uniform.

Graduating from the formation of a signal corps will bring wig-wagging to a higher state of perfection that it has heretofore enjoyed. It will also incidentally afford an outlet for the heretofore surplus-abundant muscular energies of students who have been unable to drill in the battalion on account of the physical risk involved.

Working for Grades.

"Working for grades." What a science student finds himself in the predicament of when uttered by one who has in mind a higher ideal than a term and bespattered with "P." The score is just one. Who will place his limit of attainments at so ephemeral a bound will be apt to have small ambitions in life. It may be argued that high grades are desired because they are a criterion of advancement. That is true, but the writer has known more than a few students whose thinking万余 degrees of an American College. The sound such a false standing is dropped the first set, and the deciding set went to Brown, who was1 of Latin society. Brown, a false standing is dropped the first set, and the deciding set went to Brown, who was awarded the Lawford stroke as the result. Engelke for Grinnell and Bailey and spring. The match in singles between Bailey of Bishop college, and Halsey of Grinnell was begun togetber in Charles City and showed until afternoon. Halsey then won one game. Halsey persisted of Charles Iowa and Halsey of Grinnell was begun together in Charles City and showed until afternoon. Halsey then won one game. Halsey persisted in playing the same set game that distinguished his work in the State tournament here last spring.

In doubles were played by Halsey and Engelke for Grinnell and Bailey and Shaw for Iowa. The Iowa men both played faster than their opponents in the game together in Charles City and showed good team work as a result. Engelke was the more brilliant player, and Engelke lost the Lawford stroke less often than the Iowa men, but played a game when they used it. The game went to Iowa 6-2, and the Iowa men went to Iowa 6-2. The Grinnell men were inferior in the second set and the Iowa men went to double, Bailey and Shaw winning at 7-5.

WORKS.

Singles — Bailey of Iowa won 6-4, 6-3.

Doubles — Bailey and Shaw of Iowa won 6-4, 6-5.

F9.50 PER YEAR.

The Freshman banquet shall fail to take place upon the north and in Iowa City as the proper season. The class will enjoy the even itself much better if it be held this term and the annually disposed crowd which will visit the St. James to see that no sophomore graduates a Freshman so near the blissful end of his journey will not have chillblains as consequence of their disinterest. The Freshmen already know the Sophomores and need no anxious moment on their account either before or during the banquet. The Freshmen should now devote themselves to becoming better acquainted with each other. The jokes and speeches will be fresher. The banquet should occur this term.

The Omaha Ben in its Sunday edition devoted some pages of its illustrated supplement to an account of the inauguration of President MacLean, giving an appreciative account of the University and speaking commendable of Dr. MacLean deserved promotion from Nebraska to Iowa.

A class for the study of missions meets in the Ladies Reception room on Cow Hall at 6:30 Tuesday evening. Seventeen young men and young ladies have already enrolled and are giving their attention during the fall term to Dr. Carson's work on Japan. The Sophomore class will be gladly welcomed.
