Iowa's Team Work, Her Ends and Backs, and Long Punts Tell the Story—Warner Can Place-Kick too.

Iowa 15, Grinnell 0.

Dr. KNIGHT'S STATEMENT. I am pleased with Iowa's team work. Grinnell plays the desperate game she always does; her defense was the best seen here this year. Iowa took Grinnell by team work; individualism in football is past and a team relying on it is doomed.

Captain Burd, of Grinnell, says: "I have nothing but words of highest praise for Iowa's team work. They out played us in every particular except backing the line.

Woolen and Daine have experienced proportionately the same growth as the state university. In Iowa there is a perfect mass of colleges giving academic work of no mean rank. Students find opportunities at their very doors where they can obtain education, which, for the actual book value, is as good as that of the modern university. The state university finds contention for numbers here. It is probably true that the university is somewhat wanted in this context. On the other hand there is a field for the professional school in Iowa the same as there is a field for the academic college here. With this field no institution in the west boasts of greater progress in this branch than Iowa. The comparisons between Iowa and Nebraska universities then it is between the academic departments or between the professional, but is a consideration of the academic on one hand and the professional on the other. In other words, does the academic department of Nebraska benefit the residents of the state more than the professional departments of Iowa do the residents of that state? It is our surmise that they do not. When each state is a little older, and each has developed the department in which it is the new, deficient, it may be possible to reach some conclusion. Iowa is soon to have a new academic building and the cost of which will be in the neighborhood of $600,000. With this addition, some noticeable progress should be seen in the work that is being done. The advent of President MacLean should make some considerable difference. With the proper selection of a character for Nebraska we may, however, keep space with any progress that Iowa may make.—Nebraska-Henrietta.

The class races for eight-ored crew at Omak, which were discontinued last year, are to be resumed. The races will be held this fall about the middle of November.
