FORENSIC SOCIETIES.

Thanksgiving Game. The football teams of the University of Iowa and the University of Illinois will do battle royal for supremacy on the Rock Island ball park on Thanksgiving day. The standing of these two great teams is such that guarantees good enter- tainment to the thousands of enthusiastic fans who may come here from all over the two states to witness the.grid-iron struggle of the season.

The Iowa team has already won the championship of its own state by defeating Grinnell's crack team by the decisive score of 17 to 0 after having shut out Ames, the only other claimant to the championship, by 5 to 0. The game with Nebraska, which was one of Iowa's close contests, resulted in victory for the latter team by a score of 3 to 0. The Hawkeyes have already earned last year's championship by defeating Iowa by rolling up a score of 37 points to the visitor's 0. In the first game of the season the winners of old gold turned notchier defeat into victory by winning from the Iowa State Normalites 16 to 2. They were able to score 16 points against the Alumni team, and a practice game with Tufts College added 16 more credit cards, neither of these teams scoring in fact the only team to score against Iowa last year was the Chicago aggregation, which barely suc- ceeded in breaking Iowa's record of Iowa's score, which tied the game, was made on a well-earned touchdown.
The Iowa team's victory gives them with a splendid record. The indications are that they will meet a foe most worthy, as both sides are playing hard and are rapidly getting into the rhythm of great game. Their desire is to defeat is to defeat the Iowa team by a score as decisive as to assure a con- tainment of their superiority. The result of the game will be swayed by the ad- mirer of the contending teams with but little anxiety.

The attendance at Thanksgiving Day's Great Collegiate game promises to eclipse that of any previous football event held west of Chicago. The railroads have greatly reduced rates and a number of special trains will be put on to handle the traffic. Over a thousand will attend from Iowa City alone. New bleachers will be erected this week for the accom- modation of those in attendance. Re- served grand stand seats will be placed on grandstand in the northwest corner of the campus was released by the Board of Regents, at a recent meeting. In consideration of the fact that the University will probably use this ground in the course of the next one or two years, that Illinois has already spent an ex- pense money to arrange permanent stands in this place but suggested that they be located in the athletic field. The University also gave permission to establish grass courts on the campus.

NORTH-KNOVE Game.

The men's tailgate party last year's game, which ended in a 7 to 0 defeat by Grinnell, by straight football in the latter half, after a most determined struggle on the part of both teams. While the game was well contested on both sides, and Ames showed a great development in form over two weeks ago, there can be no doubt that the Grinnell team was on its merit. Ames was held for fours and was often forced to punt, while Grinnell made good pro- gress both around the ends and through the lines, and had not been as fortunate in having enough score to gain again. Besides scoring a touch-down, Grinnell kept the ball in Ames' territory most of the time, and three times approached the goal closely enough to give Whaley a try for a goal from field, although none of these were successful, while only once did Ames work the ball towards kicking distance. Burd, Lindsay, Dorugh, and Knapp were Grinnell's chief goal- getters. Scrolet and Black.

1901 Class Meeting.

Meeting of the junior class Tuesday afternoon at 5 o'clock at close Hall. Important business. P. P. Hamon.

Tennis.

The petition asking permission to play on the tennis courts of the University, which was submitted by the latter and is:

GRINNELL 6; Ames 0.

In Saturday's game, Grinnell clinched her hold on second place for the championship, by administering a decisive defeat to Ames on the latter's home grounds. Only once was made, and that was on a touchdown scored by Grinnell, straight by straight football in the latter half, after a most determined struggle on the part of both teams. While the game was well contested on both sides, and Ames showed a great development in form over two weeks ago, there can be no doubt that the Grinnell team was on its merit. Ames was held for fours and was often forced to punt, while Grinnell made good pro- gress both around the ends and through the lines, and had not been as fortunate in having enough score to gain again. This is the most significant recognition of the work and value of the twelve picked debaters. This is the first time that the preliminary debaters will all sit for the Junior and Senior contests.

The Trip to Davenport.

Arrangements for the excursion to the Iowa-Illinois football game next Thursday at Davenport are being rapidly completed. Already a round trip rate of $1.65 has been secured; but it is hoped and expected that McCutcheon and the Board of Control Committee are working to that end, that by getting 500 people to signify their intention of going on a round trip, a rate of $1.00 can be secured.

This is by far the most important game of the year, both in regard to the character of football that will be played and to the future of Iowa athletics. Illi-

nois is one of the big four teams of the west. If Iowa can defeat Illinois in football, she may expect great things from it. And she can defeat her if the Iowa delegation to this game can stay with the Illinois representation in cheers and songs for its university.

At any rate every student should begin to consider whether or not he can possi-

bly go and help. A trip up some enthusiasm among his fellow students in order that Iowa may be as well represen-

ted along the side lines as she will be on the gridiron.

Hermann and Dorotha.

An excellent prose translation of this well-known classic of Goethe is at hand. It is the work of Professor E. R. Harris of Wilton, Iowa, who has long been a teach-

er there and is well known. The rendering seems to be faithful to the thought of the original and accurate in its expres-

sion. Those who are interested in this little gem of a translation will find it on sale at Lee & Rice's Bookstore.

Maintaining the Standard.

The Iowa Student has an excellent editorial on the condition of athletics in Iowa College and the means of continu-

ing and improving it. He will make interesting reading for students at the U. of I., and is therefore copied.

"Never believe in the history of football at Kenyon has the schedule contained as many university games as has the one arranged this year by Manager McCor-

mack. Games with three of the five large universities of the west, is something by the fact that our location is far from favorable, regarding distance, we should be more apt to be satisfied at securing the games which we have been so fortunate in arrange-

ing.

The advancement in football should be maintained by the track and base ball teams in the spring, if possible. And if the standard which has been established this fall in athletics is to be maintained, the same student spirit must continue to be manifested, and the same efficient training given the track and base ball teams as that enjoyed by the Eleven."

The question for the Northwestern-Michigan debate is, "Resolved, that the Goolsberg system modified, offers the best solution of the liquor problem in this country; the modification to be in the inclusion of malt liquors, and govern-

ment ownership by each state."

Great Phrenologist.

Professor R. K. Black has gained such notoriety throughout the colleges of Iowa, Illinois, Michigan, and Wisconsin in the city and is stopping at the Kirkwood. He is undoubtedly the greatest reader of character in America today. The Cedar Rapids Republican in speaking of Professor Black said:—Since he was here last he has visited nearly all the colleges of the state, and every-

one where he has been has received with enthus-

iasm. The press wherever he has been is unanimous in his praise. He has also re-

cived the highest endorsements from public men. Among the men endorsing Professor Black are Colonel Ingelbo, two members of ex-President Cleveland's cabinet, two ex-judges of the supreme court of the state, Hon. Cato Sells, ex-

Governor Sherman and other foremost men of State and Nation. It will be well for every student in the University to consult Professor Black. He will remain for only one week.
