THE Y. M. C. A.

By G. S. Phelps, Gen. Sec'y

Enlargement of scope and growth of material equipment are the most pronounced in terms of progress in American institutions of learning. To the student body here has been added during the past two years of university extension. Each year new rooms are being erected, better equipment being installed, and more adequate accommodations being provided for the ever increasing body of students. No. 34

In this article, the author discusses the expansion of Y.M.C.A. buildings and the growth of their influence in university settings. The article is a testament to the role these institutions play in shaping the lives of students and fostering a sense of community and purpose.
