Yale Spirit

The news of the three defenses Saturday had a depressing effect on the college Saturday was the first defeat the team has ever had, and we will see with the exception of a few that we have experienced in the last few years. Something is radic ally wrong with Yale athletics, but where the trouble lies is the question. In bewailing Harvard's victories over Yale we are prone to lose sight of this fact that Harvard has advanced with great strides in athletics. It is not so much that Yale has been outdistanced as that Yale has improved. We have a different sort of a fact. In a few years ago we had a few pieces of apparatus and now we have a complete line of apparatus. One thing is very certain, and that is that the team is purely unselfish.

The Minnesota Contexts
The contests with Minnesota scheduled for Friday and Saturday are quite important. First of all is the debate which occurs at Minneapolis Friday evening. Iowa's representatives on this are Mason Person, Frank, and Chamberlain. The university expects to win this debate but the Caldwell incident at the preliminary casts a spell of doubt and unpleasantness over the affair for Iowa. The track meet with Minnesota occurs Friday afternoon at the fair grounds. The Variety will have to do some fine work. If it wins this contest which last year went to Minnesota it will not be seven to six. The band tournament Saturday morning will be attended by many. The interest in tennis at the university has increased considerability of late. These intramural contests are excellent and much to be commended. The only thing to be said in connection with the track meet is that it should have been held on Saturday if possible and not interrupted a half day's university work in the last days of the spring term. The spirit shown by the university authorities in granting a holiday was most praiseworthy and very acceptable as an evidence of the interest of all in university contests.

A Chance of a Life Time... $18.85

This is not a department store wheel, but a good sized bicycle built by one of the oldest and best known concerns in the Bicycle business. We have handled it for the past two years and never sold a wheel which gave better satisfaction. The makers got caught in the price last fall and made up too big a stock. They had to have the ready cash. We enjoyed the opportunity and bought the entire lot at a terrible sacrifice. Thus our remark...

Send Us $1.00 to guarantee Express Charges and we will send you either lady or man's model on approval. Examine it and if you are not satisfied, pay the express agent the balance $7.75 and the wheel is yours—ready for catalogue use.

A Law Library for Twelve Dollars

In beginning practice, the young lawyer needs some work which will help him answer promptly and accurately any question a client may ask. Such a work is Rawle's Revision of Bouvier's Law Dictionary, (2 Vols. $15.00 or $12.00 Delivered.) It is not only a dictionary, it is an Encyclopedia of Law.
