STUDENT ELECTION

For President and Congressmen To-

ar in Rock College—Election Thurs-

day.

The VIDEOTELEGRAPH will conduct a ballot tomorrow evening. The university grounds for the purpose of determining the political beliefs of the student. A ballot box will be placed in each college under the supervision of a member of the VIDEOTELEGRAPH board. The polling place of the College of Liberal Arts will be in the entrance to the Literary building. The person in charge of the ballot box of each college will have a list of all the students in the college. Each student before casting his ballot will give his name which will be entered on the list or in charge. Each student therefore will have a ballot. No voting may be accomplished at the polling places, and no list of students may be made. All that will be necessary is the signature of the individual and the congressional candidates to whom he votes. The election will be open to all students for two days, and will be conducted in the literary building.

The women of the university are especially invited to vote. It is hoped that all women will be represented in the election and that every woman will take advantage of this opportunity to have a ballot of the students. A ballot will be given to each student. There will be a meeting of Faculty headquarters at 8:00 p.m. on Monday. All the students may be present at the polling places and will have a chance to cast their ballots. It is hoped that everything is conducted in a fair and orderly manner.

The plan of holding the election grew out of the desire of the Republican subscription fund to have a ballot of the students. It was thought that this would be an unusually popular body to conduct the election and that the Republican party would have its name in every college. The women have also been consulted and will have their ballot.

The election will be open to all students of the Republican and Democratic parties who are present at the polling places and who can prove that they are students of the university.

The women of the university are especially invited to vote. It is hoped that all women will be represented in the election and that every woman will take advantage of this opportunity to have a ballot of the students. A ballot will be given to each student. There will be a meeting of Faculty headquarters at 8:00 p.m. on Monday. All the students may be present at the polling places and will have a chance to cast their ballots. It is hoped that everything is conducted in a fair and orderly manner.

EDITORIAL

Our Autumn Poetry

This paper has a general rule excluding advertising. Once or twice a year, however, something may become so raptored of a few lines as to be in the interest of the school, the University, the Union.

The Election Tomorrow

In response to a desire of the university political club to have a student elector for president and congressman, this paper will conduct an election tomorrow. At the special request of the Students' Republican club, the voting will be secret.

The polls will be open in the building of each college tomorrow, beginning at 8 o'clock. It is hoped that the students of all parties will not only vote early but see that all their fellow-students do likewise.

The result of the election will be of even more interest to university people than the poll of the university professor recently held. A nice opportunity for practical politics will be afforded. The interest in the women's election will be quite as great in the men, so in addition to the question of who will vote for, is added the question of whom they will vote against, and how they will vote for it all.

Let every student work for the success of his ticket. Let every student be sure that he votes as instructed.

College Men in Campaigns

The number of college men in the campaign today shows that a college candidate is a great help if not an essential to an immediate and successful entrance into public life. The national and state committees of both parties are sending out boys who, trained with such training into every state in the Union, can make the necessary ability but a sound, impeccable
