To use or not to use. The glee club and the question

The home concert of the Men’s Glee Club and the Girls’ Glee Club will be on Monday night at the Armatage Hall, 401 S. Peoria st., and will begin at 8 o’clock. The program is to include selections sung by solo and duet, and will be the first performance of the Girls’ Glee Club, which has been formed for the purpose of promoting the musical interests of the women students. The Glee Club will be under the direction of Prof. W. R. Witwer, and will consist of about 40 members. The program will include several songs, including “The Star-Spangled Banner,” “The College Song,” and “The Student’s Lament.”

The faculty of the College of Liberal Arts and Sciences is proud to announce the appointment of Prof. W. T. Johnson as the new head of the Department of Music. Prof. Johnson brings to the University a wealth of experience in the field of music education, having served as director of music at several major institutions throughout the country. He is a member of several professional organizations and has published numerous articles in musical journals.

The concert will feature the premier performance of the newly formed Girls’ Glee Club, which has been established to foster the musical talents of the female students. The club currently consists of 40 members who have been carefully selected based on their vocal abilities and musical proficiency. Under the guidance of Prof. W. R. Witwer, the club has been practicing diligently and promises to deliver a captivating performance.

In addition to the Girls’ Glee Club, the Men’s Glee Club will also be performing, showcasing their exceptional talent and dedication to the art of music. Both groups will be accompanied by the University Orchestra, providing a harmonious and engaging musical backdrop.

Tickets will be available at the door, with a suggested donation of $5.00 for adults and $3.00 for students. All proceeds will go towards the maintenance and expansion of the Music Department’s facilities and programs.

A special highlight of the evening will be the dedication of a new organ by the Women’s Auxiliary to the Arts. The organ, which has been donated by an anonymous benefactor, will enhance the musical experience and bring added beauty and elegance to the performance. Attendees are encouraged to participate in the dedication ceremony and witness the official unveiling of the new instrument.

The concert promises to be an unforgettable evening of music and celebration, highlighting the rich cultural heritage and vibrant spirit of the University. We invite all members of the campus community to come together and enjoy this special event, which promises to be a memorable and inspiring experience.

Why the students at the University are elegantly and stylishly attired, when we believe that the chances are almost absolutely favorable in favor of their inescapable fate. This method of life has been the result of a desire for a social life and the excitement of the dance. It is the natural consequence of our way of life.
