Application made at Iowa City post office for entry as second class mail matter.

The Iowaan invites faculty members to make their announcements to classes and departments through its columns.

Judging from the appearance of a cartoon in the Daily Nebraskan, one would be led to the conclusion that the artist of that publication must be haunted by bad dreams of the Minnesota-Nebraska football game.

Although apparently a little premature, a hard luck story emanates from the Drake camp. "The team is in a critical condition. The men have not mastered the signals and the playing is loose. The big team plays high, charges slow, and fails to diagnose the play." An "uncrossed goal line" sounds good to the Nebraskans after having defended it in one game and the Daily from that university calls upon the students to continue the record. After you have kept it unflawed by hostile feet for two seasons, Nebraska, then you may be proud of your record.

Unlike those of Minnesota the students of Iowa have no complaint to make in regard to the expert given athletics by the members of the faculty. While here the faculty ask and demand that the highest grade of purity for athletics be maintained, that professionalism be contravened in no manner whatever, and that a good class record be made by the athletes, in all of which the student body cheerfully acquiesce, yet with these rules established and rigidly enforced, athletics on this basis are given the proper recognition in university life. The faculty, professors and instructors not only sanction and attend the games but at the time of important contests half holidays have from time to time been declared in order that all might be present.

The new society rooms in Close Hall, which are being furnished, begin to look more like literary halls should look. They are a great improvement over the lecture rooms which the societies have been forced to use since the fire last winter, but yet they are far from what they should be. They are entirely too small as the crowd of a regular program fills them. The ventilation is also very poor and means should be taken to improve it at once. But perhaps the worst feature of them is the echo from the speakers voices. The walls and ceiling are built in such a way that the sound, re-sounds from one wall to the other and makes a muffled effect. This difficulty should be done away with by re-modelling the ceiling and walls. These halls cannot at best be good for anything but temporary quarters and are a poor substitute for old South Hall.

The "Amboxia" 5 cent cigars are new in this locality, but they have been on the market east, continuously for 38 years, which is proof that they suit the smoker.

Season Tickets.

A great number of the season tickets to the football games have been sold. They are proving very popular, as the holder of one will be admitted to the games on an average of thirty-three and a third cents, when otherwise he would pay one dollar for one of them. They will be on sale for a short time only and should be procured at once by all that have not done so. They can be had Saturday at the ticket stand.

Mr. Harris is well known in Iowa through his former connection with the reportorial force of the Des Moines Leader and with the Grinnell football team as coach.

On Aug. 19, Mr. A. A. McKinley L. '95, of Chicago, was married in marriage to Miss Alice Bertrice Tomby, a prominent young society woman, of Rogers Park, Illinois. Mr. McKinley is associated with Quinn O'Brien, one of the leading casualty lawyers of Chicago.

R. M. Haines, L. '97, has opened an office in Grinnell.

W. A. Graham, L. '97, has been very ill the past summer at his home in Adair Falls with inflammatory rheumatism. He is still far from being well.
