COACH KNIPE ON TRAINERS

SAYS THEY ARE BIG NUISANCE

Trainers Coddle the Men too Much—
Iowa Team has been in Good
Condition This Year Save
for Unavoidable Injuries.

Is Iowa to have a trainer for the foot-ball team next year?

The Daily Iowan in its editorial column has pronounced in favor of one, several Chicago papers have advised the Hawkeyes to take this step, and the college papers of Michigan, Wisconsin, Illinois, and of Grinnell have a custom of attributing their victories largely to the work of the trainers and their defeats to the deficiencies of their coaches or players.

Coach A. A. Knipe's opinion of a trainer is of interest to those who are interested enough in speculation to be guessing at whether Iowa will have a trainer or not next year. Dr. Knipe says:

"I do not see why we want a trainer. I think trainers are a big nuisance myself. A trainer is all the time coddling the men and football men shouldn't be coddled. I wouldn't have a trainer around one of my men for anything. The team this year was in good condition except for accidents and injuries which a trainer could not prevent. I do not believe that a trainer could save a man from getting a twisted knee, or a great many other things that are apt to happen to a football player."

Review of College Teams.

On Saturday the Daily Iowan will present a review of the college teams of the state. The Iowan's writer, who has seen the college teams play in their best form during the past season, will rank the elevens in their order as shown by their victories and defeats. An All-State team will be picked on the individual merits of the players, their playing throughout the season, and their ability to conform to the required merits of team work.

The Elder Daughters of the University will hold a meeting at the women's drawing room, liberal arts building, Saturday, December 7th, at 3 o'clock, to which all of the Elder Daughters are requested to be present. A cordial invitation is extended to all women of the University. The presentation of the picture, "Sistine Madonna" is to be made at that time as the gift of the Elder Daughters to the women's drawing room.

Hahnemannian society will give a literary program at the hospital lecture room Friday evening, Dec. 6. The program will be: Vocal duet, Clapp and Crew. Essay, Holman. Vocal solo, Loizeaux. Debate, Resolved that the township centralization school system should be adopted. Guitar solo, Owen. Recitation, A. E. Crew. Illustrated lecture, "The Epitome of Life," Alden. Vocal music, Quartette.

ANENT A COLLEGE SONG.

Michigan Thinks "Scarlet and Cream" of Nebraska Suspiciously Similar to the University of Michigan's Song.

"It is rarely that a university feels itself so utterly lacking in musical or literary talent as to be compelled to adopt its principal song from another institution. Yet this seems to be the situation that confronts Nebraska. The words of the "Scarlet and Cream" which, as the Nebraska Daily says for a number of years has been the semi-official song of the university, are adopted almost word by word from the yellow and blue so familiar to Michigan students. The latter song was written by Charles Mills Gayley, now a professor in the University of California, during the two years that he was a student here. A comparison of the last stanza of the two songs will illustrate their striking similarity. * * * *

"It is surprising that such a steal should have been attempted. It certainly gives other universities a poor impression of an institution that cannot show originality to write its own song. It may be added that the "Yellow and Blue" was written in 1883."—U. and M. Daily.

The laboratory of Animal Morphology has received from A. R. Hoover a fine series illustrative of the forms of the fresh-water mussel found in the Mississippi river. The series embraces one hundred and sixteen shells, representing both the male and the female of thirty-eight species. This collection will be of great assistance to the classes in animal biology, now just beginning the study of this interesting bivalve.

Upper Iowa has sent a goodly delegation of alumni and old students to the State University at Iowa City. Among the number are, Thomas Ferrol, '00, Frank Chesley, F. Garver, '98, T. A. Walters, '00, V. C. Berney, S. E. Thomas, '88, Frank Heald, T. S. Jackson, '00, J. W. Martin, and Messrs Luhman, Hoffman and Risk.—U. I. U. Collegian.

The December number of the Century magazine contains an article entitled, "Against the Water" which is the second of a series on, "The Settlement of the West: a Study in Transportation" by Emerson Hough, C '80.

Blue and Gold, from Bethel College, Kentucky, contains little beside some of the papers delivered at a public debate on the question, "Resolved, That the United States will, within 25 years, become an empire."

California has sent her coach, Frank Simpson, to the East for the remainder of the football season, that he may study the methods in coaching and training in vogue at the eastern universities.

"The Czar of Russia now has four daughters." "Oh, the dear little Czardines!"

BASKET BALL GAMES.

Iowa to Meet U. I. U. here one Week From Saturday—Games to be Played with Dubuque and Rock Island.

The basket ball management has scheduled two games to be played with Upper Iowa University. The first of these will be played at Iowa City, Saturday, December 14, and no little interest will attach to it, since it is really the first game this season for which the men have been trained. The game with Grinnell showed that we have some very good basket ball talent, but it was played too early in the season to afford a criterion of what kind of a team Coach Rule will be able to develop. About the middle of January the team will take a trip on which they will probably meet Dubuque, Rock Island and U. I. U. for the second game. The men have been resting during the Thanksgiving recess but practice began in earnest last night. Regular practice occurs at 1:30 Tuesday afternoons, 7:30 Wednesday evenings and at 3:00 on Saturday.

Those interested in handball will hold a meeting tonight to arrange for a handball tournament some time during the winter term. If sufficient interest is manifested medals will probably be offered to the successful competitors.

Athletic Union Election.

There will be a meeting of the Athletic Union Monday evening December 16th in room 5A Liberal Arts building, for the purpose of electing officers. All nominations must be made to the president of the Union, signed by twenty members before Friday, December 6th.

L. M. BUTLER, Pres,
H. E. SPANGLER, Sec.

The paper at Baconian club Friday evening will be read by Prof. G. L. Houser on the subject, "Recent Progress in Cellular Biology."

President George E. MacLean will tender a banquet to the 1901 football team and the board of control at the Kirkwood hotel Saturday night.

A baby chapter of Alpha Tau Omega fraternity has just been installed at Kansas University. The installation was conducted by the Nebraska chapter.

Charles Norman, L '04, returned last evening from Chicago, where he has been visiting relatives the past week.

The University of Minnesota has granted the "M" to seventeen football players this year.

Arthur Arundson, L '97, of Decorah, Iowa, is renewing acquaintances at the Athens.

Phi Kappa Psi will initiate Clyde Ochiltree, of Morning Sun, Saturday night.

Ivy Lane society is at home to its alumni, Friday evening, December 6.

KING TO SEE KRAENZLEIN

A C. Kraenzlein, the Famous Pennsylvania Athlete Asked to Compete at Time of King Edward's Coronation.

The management of the athletic contests which are to take place in London at the time of King Edward's coronation next year, has sent an invitation to Alvin C. Kraenzlein, the famous athlete of the University of Pennsylvania, to take part in the event. Very liberal and tempting considerations have been offered to Mr. Kraenzlein by the Englishmen to induce him to turn professional, but he has declined them. It is possible that he may compete as an amateur, in which case he would undoubtedly come back with many additional laurels heaped upon him.

Mr. Kraenzlein is a native of Milwaukee, Wiscon, and graduated from the university of Pennsylvania in the spring of 1899, taking a post-graduate course last year. He is perhaps the best athlete in America, and holds the world's records for high and low hurdles and running broad jump.

There are at present more than fifty gold medals deposited in the trophy room of the Houston Club of the University of Pennsylvania which were won by this famous athlete in amateur inter-collegiate contests during his course at the university.—Daily Cardinal.

Athletics at Simpson college this year have been booming under the direction of John G. Griffith, the brilliant captain of the State University's champion team of last year. The football team has been the most successful in the history of the College.—Iowa Normal Monthly.

C. M. Best has been recommended to the Drake athletic association for re-election to the position of football coach. This recommendation is made by the football squad and will probably mean his retention for the position. Norman Bates, of Panora, was elected next year's captain.

Dr. and Mrs. James Gilchrist have sent out invitations for the approaching marriage of their daughter Janet Margrave to Dr. John Van Etten Westfall, Thursday, Dec. 19, 1901.

The 1901-1902 hand book is being delivered to the students by the Young Men's and Young Women's Christian Association at Close Hall this afternoon.

Dr. Semones '97 of Atlantic, Iowa, and Dr. Richards '01 of Winterset were varsity visitors during last week.

Senator Marcus A. Hanna has donated a memorial bell to Wooster University in honor of President McKinley.

C. C. Foster, ex-'04, who is now with an engineering force in Mexico, will probably return to the university next term.

Entered at the post-office at Iowa City, Iowa, as second class mail matter, Oct. 11, 1901.

Now is the time when the college editor is trying to elevate his college football team into the championship class by the "dope" or comparative score route. The old maxim concerning the veracity of figures seems to lose some of its force when applied to football scores, and rising by this method is worse than by pulling on one's own boot straps.

The exceeding tardiness of the hand book in appearance this year has called forth no little criticism, and as a result we are advised that the book will probably be issued by private parties next year, and on time, too. No reason occurs to us why this should not be done. The advertising in the book more than pays the entire cost of publishing and some wide-awake student who knows a thing or two about printing and book making could make a comfortable salary for himself and do the university a great favor by publishing the book at the beginning of the term. Then is the time when everybody wants a copy and there is no valid reason why it should not be in the hands of the students by the end of the third week of the term at the very latest. The advertising and general information could be in type at the end of the first week and the directory being obtained from the registrar at the end of the second could be set up

and the book printed and bound by the end of the third. The trouble with the present management is that the book is turned over to a committee who generally know almost nothing about printing and less about the composition of a book and have no great incentive to publish it at an early date. It is true that a book issued this early in the term would be open to the objection that a few addresses would be omitted but that objection is equally applicable to this year's book and it almost a Christmas gift.
