IOWA CITY, IOWA, WEDNESDAY, JANUARY 29, 1902

No. 74

DEBATE WANTED

THE SOCIETIES OF THE DEBATING LEAGUE ARE HONORED

The League of Iowa Municipalities Ask the Debating League to Discuss Public Utility Question Before Them.

The League of the Municipalities of Iowa which was organized in eighteen ninety eight as a branch of the national organization of municipalities will, next October, hold their annual convention at Iowa City. The league is composed of about sixty of the cities and largest towns in the state and has for its purpose the advancement of the ideas and methods for the improvement of city government. The meeting this year was given to Iowa City by the combined invitation of the city and of the University. It is to sponsor then of the University to aid in making it a success. Pres. LucLcean, Prof. Loss and others have already been elected honorary members of the organization in the recognition that Iowa City and the University are aided in the programs of the different conventions.

Mr. Webb, a member of the Marshalltown Debating League who are on the committee of arrangement of the program for the meeting which is to be held in the University and town. They have therefore asked Prof. Loss to bring the matter before the debating league and ascertain if arrangements could be made with that organization for them to hold a joint debate on the question of public utility question. Public utilities are a subject which will be especially important in the coming years.

The public meeting will be held at the opera house, and the idea seems to be that the affirmative and two of the negative and discuss this ownership at the meeting. The speaker to have a twenty-minute speech. It is thought with the way the debating league's contest's have of getting to the bottom of a question and the fact that the university library contains a great deal of material upon this question under discussion that a great many facts will be brought out before the representatives of the municipalities which because of their lack of time and facilities for study are inaccessible to a great many of them.

It is certainly a compliment to the University that the League should take part in the program, especially in the public utility question, which is of such importance in our city governments. The matter will be brought up before the League at its next meeting night for their action. It is highly probable from the opinions expressed by the various societies that they will take part in the discussion.

Polywell have a bob ride this evening.

A New Regent

Harvey L. Taggart, of Algon, who has represented the tenth district as regent of the university for the past term, was defeated yesterday for renomination.

In his place was chosen Mr. J. A. Jacobson, of Monona County, Mr. Allen graduated from the university in 1895 and since then he has been employed in the real estate business.

DRAKE'S ATHLETICS WILL HAVE NO BASE BALL TEAM THIS YEAR.

"They Expect to Put a Good Track Team This Year"

Coach Best May Go.

It was authoritatively stated yesterday that the athletic association of the Drake University had decided to leave baseball severely alone. At the recent meeting the athletic committee the subject was thoroughly discussed. Although in the experience of financially in late years has proved disastrous to Drake, it was decided to keep the track team in. Furthermore, owing to the position which the college has taken, there is a great deal to be worked up for a team, and in view of this condition, and especially on account of the interest of the committee determined to keep up the track team as a feature, there is will be still in bringing the track teams into condition for the field meet in May. Although a number of the points which the college have departed, it is stated that the new men are developing rapidly and the college will be enabled to put them into the field this year. It is admitted, however, that Drake cannot be as good as last year. The men will be shown as heretofore. The lack of training quarters and the fact that the proposed equipiment gymnasium renders the work of a coach exceedingly difficult.

Owing to the fact of a financial deficit at the close of the season, the committee is averse to increasing the expenses this year, hence the prospects of a new coach. Coach Best has asked for a raise, but at that his demand is much below what other men in similar positions throughout the state receive. The committee is pondering whether to meet the demand or not. Best is considering meanwhile several propositions from universities and colleges that command more money than he received at Drake and more, in fact than he has demanded. —Daily Capital.

Die Germania will enjoy a bob ride this evening.

Anna Barrett missed classes Tuesday on account of sickness.

Kappa Kappa Gamma will receive the faculty ladies Saturday afternoon at the home of an old friend.

Mr. Webb, a Delta Upsilon of Northwestern University, visited University friends this week.

Isthmian Canal DISCUSSED BY PROF. SHIMEK TO HIS CLASSES

While in Central America he Studied the Nicaragua Water Route.

Preferable.

In the botany lecture room Monday evening, Prof. Shimek gave a lecture to his students and to the general public on the botany of the Isthmian and Nicaragua routes. Prof. Shimek made a historical expedition for the University several years ago to Central America and while there made a study of the canal question, especially of the Nicaragua route, details of which are followed in the most minute way ever. Since being there he has also been a careful student of the question and there, in lecture he covers the ground most exhaustingly.

The lecture was illustrated by lantern slides with views of the surrounding country, the topographical and geographical maps and diagrams.

Prof. Shimek said that the commercial success of the water route of the Isthmus is greatly benefited by a canal connection the Atlantic with the Pacific, but that the best route is the Panama and Nicaraguan routes. The third, the San Juan, being not seriously considered. The fight against any canal is being made by the transcontinental railroad companies who do not want to compete with the cheap rates which the canal would make.

The Tehuantepec road, by which the ships would be raised and being raised as good as showing heretofore. The lack of railroad tracks and the fact that the proposed equipiment gymnasium renders the work of a coach exceedingly difficult.

The isthmian canal, by which the ships would be raised and being raised as good as showing heretofore. The lack of railroad tracks and the fact that the proposed equipiment gymnasium renders the work of a coach exceedingly difficult.

Owing to the fact of a financial deficit at the close of the season, the committee is averse to increasing the expenses this year, hence the prospects of a new coach. Coach Best has asked for a raise, but at that his demand is much below what other men in similar positions throughout the state receive. The committee is pondering whether to meet the demand or not. Best is considering meanwhile several propositions from universities and colleges that command more money than he received at Drake and more, in fact than he has demanded. —Daily Capital.

The Neumann Society of Catholic boys entertain their sister society C. F. U. Thursday evening, Jan 30.

The Iowa Normal School Monthly, in speaking of the Daily Iowan says: "it is a bright, lively publication of a small town that serves the hearty support it is receiving from all the students and the outside world.

IOWA CITY, IOWA

Entered at the post-office at Iowa City, Iowa, as second class mail matter, Oct. 14, 1874.

Because of the fact that there is a scarcity of reference-books in the library and also because the library was not open in the evening there was a tendency on the part of some of the much-sought after reference books to disappear, mysteriously, from the library. In this way a great deal of inconvenience and annoyance has been caused and it was found necessary that something be done to remedy the matter. Therefore a set of new rules were made by the library board which it is hoped will do away with the annoyance. They are fair to all and offer special privileges to none, and if they are carried out library work will be much more satisfactory.

But will they be carried out? Will they remedy the difficulties? The answers to these questions depend upon the students themselves. They are left on their honor and to their appreciation of property rights and public morals.

The librarian has no safeguard against the scandalous practice, for the librarian is far too busy to exercise close scrutiny over all readers and if she had, a detective system would be anything but pleasant. Let us then, with a wholesome respect for the rights of others, be careful and not violate these library rules which are for the common good.

It is Whispered About the Campus
That the most important acting student is not always the one with the greatest amount of gray matter.
That the student who is constantly smoking a cigarette has this sign out, "Rooms to rent on the top floor."
That it is better to get the lessons first and then play, for if you play first you probably won't get the lessons at all.
That the orator with the greatest amount of noise is usually the one with the least to say.
That some students are not always sorry when the professor is sick and unable to meet classes.
That the law student who is continually telling how many "A's" he has is sometimes the one with a good many "D's."
That the fellow who is continually after something he doesn't deserve generally gets what he deserves.
That the fellow who tries to get through on the strength of his father's name like the goose that boasted that its ancestors saved Rome.
That the Professor of many subjects can teach one better.
That some girls think that their one great purpose in life is to entertain the boys and to go parties.
That the cadet who stands with a stoop in his back don't get the promotion.
That the fellow who spends half his time playing billiards will probably have to add just that much time to the end of his course.
That the twenty-ninth general assembly is going to stop the "small appropriation" policy in regard to the university.
That the class in "knocking" still has a full enrollment.
That stylish clothes and debonair manners do not always make a gentleman.
That bowling is good exercise but too much of it leads to scandal.
That the educational exchange is far too busy to exercise close scrutiny over all readers and if she had, a detective system would be anything but pleasant. Let us then, with a wholesome respect for the rights of others, be careful and not violate these library rules which are for the common good.

Hawkeye Notice.
All prize stories for the Annual must be sent to the Literary Editor by February first. There should be some number or fictitious name at the top of the first page, and the real name enclosed in an envelope with the number, or fictitious name on the outside. The stories are preferred type-written with a number of words they contain stated.
Other work for the Literary department should be sent later than February fifteenth.
Levi E. Neufchatel, Literary Editor.

Anuuses
Lovers of the highest form of stage art are agreed that James A. Herne's beautiful comedy-drama of New England coast life, "Shore Acres," is by far the best play of its class ever presented on the English-speaking stage. In it there is absolute truth to nature and the characters are drawn with a skill that has rarely been surpassed. They come and go as people do in real life and there is little or no exaggeration. Mr. Herne's stage pictures are always commendable and in "Shore Acres," which comes to the Opera House, on Thursday, Jan. 30th, there are many deeply impressive scenes. The last act in the piece is possibly the most effective and no one who has ever witnessed the closing picture will ever forget it. An excellent dramatic company headed by Miss Marion Cullen and Mr. James T. Gallo-way will appear here and nothing will be left undone to make the engagement memorable.

Special Notices.
Our advertisers are notified that the copy for the change of advertisements must be at our office at 143 Iowa Ave., before six p.m. the day previous to the date of change.

Pre-Inventory Sale--Bennison's--
"Now On"
It's the bargain event of the year. We started out right at the first, giving bargains preparatory for our inventory, February 1. Slaughtering Cloaks and all Surplus Stocks,
Odds and Ends and Remnants.
Don't fail to attend this pre-inventory sale.

How About Your Feet
HOPE they are not worrying you. No man can develop the better part of his nature while his feet ache. Aside from making himself disagreeable to others he loses considerable of life's sunshine. It gets right by him--he is busy thinking about those feet. Its good business to buy shoes intelligently. The Walk-Over Shoe is the smartest shoe for men on the market. They wear longest and look best and they feel broken in from the start. They cost $3.50 and $4.00 and are for sale here—can't get them anywhere else in town—come and see them.

Morgan & Denton, Iowa City, Ia.

The Educational Exchange has enjoyed a constantly increasing business for several years.

This prospect for the coming season is excellent, not only in Iowa but throughout the northwestern states. There is a constant demand for college graduates, or those who have had at least some college or university training.

Sometimes a direct preferment is expressed for the University of Iowa. If you think of teaching next year, write us fully and we shall be pleased to answer any questions.

We will also send printed matter explaining our methods, which you can examine at your leisure. An early enrollment always is advisable. It gives us a chance to look you up and become somewhat acquainted before the rush commences a little later, and those who first enroll are entitled to notice of the first vacancies.

Address, Henry Searle, Manhattan Bldg., Des Moines, Iowa.

Coming Events.
February 5th—R. B. Anderson, lecture.
February 13th, Henry E. Gordon, Mary S. Evans, Dramatic Recital.

Brief College Items
Harvard has an automobile club.
Chicago's new gym will cost $115,000.
Princeton's new gymnasium will cost $145,000.
Michigan and Chicago have begun baseball training.
Yale's enrollment has gone up to 2,700 this year.
Pennsylvania will soon have in 71 buildings on her campus.
Amherst has raised $100,000 to increase the salaries of its professors.
Oberlin has received $120,000 for a gymnasium and a chemical laboratory.
Yale has a faculty golf team which will compete with a Harvard faculty team.
