BASEBALL YEAR OPENS TOMORROW

FIRST GAME OF SEASON WITH ROCK ISLAND

Coach Williams Coils in Fair Condition

The Iowa baseball season will open tomorrow with a game on Iowa field with the Rock Island league team. The game is the first of seven games with the professional ball men from Rock Island; scheduled for the purpose of perfecting the league team good practice and the "Varsity" men good training. The game will begin at 2:15 and will be attended by a large crowd than has been usual in the past, owing to the sale of the large number of season tickets to the students, faculty and citizens.

The Iowa team is in fair condition for the series. A number of new men have not yet been determined and several candidates will be placed in them until the best man shows himself. The weakest position on the team at present is the catcher, no candidate having yet shown ability to hold the ball well. Captain Gates will stick work by them.

The Rock Island team is said to be a strong aggregation this year. The people of the Tri-City district are looking forward to a series of games which will probably be decided by the control of the Iowa field. The Rock Islanders are expected to win the first game.

VARSITY LOSES AT DEAN

"Cap" Lodge, Popular Head of Athletic Park Left for Philippines

Holder for years of the honorary title entitling him to a seat on the university senate, the dean of all the "varsity athletes, and close confidant of the high athletic authorities of Iowa, "Cap" has abandoned the scene of his victories in the interests of diplomacy and popularity. He left this morning at four o'clock for the Philippines Islands where he will serve three years in the ranks of the United States Army. Behind him at the depot he left two lovely figures, Coach Knipe and Manager McConchoch, who, show at this comparatively early hour to say a fond farewell to their friend and classmate.

"Dean" Lodge was a great diplomat in his way as President of the Athletic Park in the Spanish-American war and of Captain Anderson's regiment, the famous 52d, for five years, and often spoke of the efficient way in which Captain McConchoch conducted crossed shoulder straps that indicated his rank in the quartermaster's department and of the noble bearing of Colonel Anderson when mounted on his black charger. "Dean" Lodge, in fact, a weakness for the military and on, has just received a letter from a correspondent standing badly with his officers' corps. Mr. Knipe's responses for his neglect of duty have just been submitted to his officers' corps. Mr. Knipe's responses for his neglect of duty have just been submitted to his officers' corps. Mr. Knipe's responses for his neglect of duty have just been submitted to his officers' corps.

The students of Michigan have just had a country fair in the gymnasium. About $6,000 was cleared.

President Conner Resumes Graduate Work

Mr. J. E. Conner, who was called from here last winter to the presidency of Ellesmore College, has secured a leave of absence from the institution for this spring term and is again back at the university as a fellow in the political science. Mr. Conner has done a great deal of work along these lines, having spent several months of summer in graduate work in Yale, Chicago and Iowa. He is now preparing a dissertation, "The Political Science as a Profession which he expects to take in June. In resuming his work as a fellow he had planned a course in international law after this week.
The alumni and students of Oberlin are planning to erect a monument to its graduates who were killed in the Boxer riots in China.

The alumni of Brown University are issuing a book which will contain not only a formal history of the institution, but also histories of the various student activities, athletic teams and clubs. Another part will be devoted to traditions, time-honored reminiscences and miscellaneous items of interest. The title is "Other Days at Brown."

If Morals are a Question of Diet

As is urged by some who have made a study of the subject then it is evident that the grocery merchant occupies a position of no small responsibility, for you depend more or less upon the judgment and conscience of your grocer for the selection of the food which you consume.

Barth, the Grocer, takes particular pride in selecting for his trade the cleanest and most wholesome foods to be found anywhere upon the market.
