Northwestern	0	4	.000

Track Team Doing Nicely

The track team is working hard this week to make a good showing at the state meet May 23. It is hoped that great improvement will be made this week as the men are all in good condition. Coach Knipe is devoting much attention to teaching Swift the art of putting the shot. Swift took second in this event in the home meet and has several feet more distance up his sleeve, if it can be brought out.

Drake Under Search-Light

Drake University has made application for entrance into the conference meet and has sent nineteen enteries which are now being examined by the games committee. Ames and Grinnell, it is rumored, will protest Pell, Drake,s pole-vaulter and weight man, before the state games committee on the ground that he has received money for his athletic ability. The same report says that other Drake athletes will be protested for the alleged reason that they have received compensation from the university.

The Sigs and Betas will meet tomorrow afternoon at baseball.

Mr. Sears, an alumnus, is visiting the university today.

SEC. HAWK REPORTS

The Y. M. C. A. Secretary Makes his Annual Report. The Departments Progressing

From the annual report of Secretary I. T. Hawk the Young Men's Christian Association is in excellent condition. In the report the conditions were taken up under the following heads: Membership, Religious Meetings, Bible Study, Missionary, Social, Employment Bureau and Finance.

During the year there have have been 234 members of the association, of these 126 were active and 108 associate. The membership is as follows: Graduate college 6, Liberal Arts 123, Law 42, Medical 38, Dental 22, Pharmacy 3. At present the membership numbers 86 active and 67 associate.

Besides the regular Sunday meeting, the vespers, the mid-week meetings and the prayer band meetings there have been quite a good number of special meetings. At these meetings a number of prominent men outside the university have made addresses. The opening address was made by Mr. E. T. Colton, of the International Committee, Mr. D. B. Eddie, traveling secretary of the Student Volunteer Movement made an address. Other speakers were: M. C. Weldy, Des Moines, Dr. W. D. McKinzie Chicago, and Dr. Howard Taylor, from the China Inland Mission. The clergy and members of the faculty have also made helpful addresses.

The ave age attendance at the regular Sunday meetings has been 75, vespers 100, mid-week prayer meetings 30.

The bible study department this year has been conducted on a different plan than formerly. Instead of two large classes several small ones have been formed. This makes it possible for the men to come into closer personal contact and also makes the attendance better. The bible study has consisted of three courses, Studies in the the old testament characters, studies in the Acts and Epistles, studies in the life of Christ. Eight classes have been conducted The total students has been 52, a gain of 25 per cent over last year. The courses are so arranged so as to form men to form systematic habits of daily study.

The association has had eight missionary meetings and have a mission study class. The course studied has been an introduction to study of foreign missions and has been followed by 13 enrolled. students. The amount given to missions this year has been $25. The number or delegates sent to Toronto was 8.

The social work of the year has consisted of general receptions to all students and special ones to the various colleges. Besides these there have been a number of social gatherings for officers and committeemen.

This is the third year for the employment bureau and it as an aid to students and citizens has become to be depended upon to a surprising extent. During the year 100 positions have been obtained.

During the past year 100 positions for students have been procured through the bureau. The estimated value of these positions is $500. The experience gained make a more systematic covering of the ground possible it the future.

The finances of the association are in good condition but it is necessary that about $336 be raised in order to settle all bills this year. The income from memberships etc., amount to about $1,000 but the current expenses are heavy.

Freshman Contest

The annual freshman contest between the Irving and Zetagathian societies will take place next Friday evening. It will consist as usual of two orations, two declamations and a debate. The question is a prominent one in the industrial world today, and no doubt will be full of interest. It is; Resolved, that our laws should make provision for the compulsory adjustment of labor disputes between railway and mining corporations and their employes: It will be affirmed for the Zetagathians by Purly Rinker and Ray Files and denied for Irving by T. E. Diamond and B. S. Allen. MacAuliff will orate for Irving while Fitz will speak for Zetagathia. O'Connell for Irving will declaim and Willie for the Zets.

Why I Am a Homeopath

Prof, James G. Gilchrist will deliver a lecture in the lecture room of the homeopathic college at 7:30, Friday evening, on the subject, "Why I am a Homeopath." Dr. Gilchrist is a most able speaker who always has something new and interesting for his listeners. His address will be well worth hearing and especially to those who do not understand the science of homeopathic medicine. There is no charge for admission and everyone is cordially invited to come and bring his friends.

Irving and Zetagathian will play ball Saturday.

E. K. Brown was innitiated into Phi Delta Theta last night.

The finances of the Cornell stdent management are $6,000 behind.

Missouri State University won out in annual debate with Kansas University this year.

W. A. Schick, a freshman at Harvard, recently ran the 220-yard dash in 21 4-5 seconds.

Prinstein, of Syracuse, holder of the world's record in the broad jump at 23 7½ inches, has been suspended by the Metropolitan A. A. I. for playing in an unscanctioned basket ball team against an unregistered team.

PHI PSI VS DELTA TAU

Phi Psi Defeats Delta Tau 10 to 7 and Lands in First Piace in Pan Hellenic League

One of the most interesting contests and withal the best exhibition of fraternity baseball that has been seen here this season was the game played between Delta Tau Delta and Phi Kappa yesterday. Each team had two victories and no defeats to its credit and each was equally determined to hold its record.

Mulock was the star for the victors and caught a game that would make the varsity men ashamed of themselves. Ochiltree as box artist struck out six men and pitched a good game but not quite up to his former standard. The battery for the Delts was very good, the work of Whitaker behind the bat being especially commendable. Four strike-outs were to the credit of Beckman. The score at the end of the first inning stood 3 to 1 in favor of Delta Tau and their enthusiasts in the grandstand became well nigh frantic with joy. This lead continued until the third inning when the Phi Psis settled down to first class ball, tied the score and *goose-egged* their opponents. In the next inning two zeros told the story and from this time on both teams played good ball with Phi Psi in the lead. The game was won for Phi Psi by steady playing and cool head work at critical moments.

The score by innings follows:
Phi Kappa Psi 1 1 3 0 1 3 1—10
Delta Tau Delta 3 2 0 0 0 2 0—7

The Probable Outcome

The struggle to win the silver trophy cup in the league this year seems to be closer than ever before and it will probably not be decided until the last game is played. But one team, the Phi Psi, has a clean record so far and although at present their chances seem to be the best for the cup, yet they have some very hard games to play before their schedule is completed. The Sigma Nus and the Delta Taus are at present tied for second place on the list and the beating of Phi Psi in one of their remaining games yet to be played will give the three teams the same percentage. If the Phi Psis should lose the game next Saturday to the Sigs then a three cornered tie will have to be played to settle the championship.

Altogether the ball that is being played by the Greeks this year is better than that of previous years. The games are also increasing in interest and the grand stand at some of them is quite well filled.

Below are the games played and the present standing of the Pan-Hellenic league.

	W	L	PER C
Phi Kappa Psi	3	0	1000
Sigma Nu	2	1	667
Delta Tau Delta	2	1	667
Alpha Chi Rho	1	1	500
Phi Delta Theta	0	3	000
Beta Theta Pi	0	2	000

One of the most desirable qualities in any one is the quality of being able to see the good things in those around them. No man is truly great that cannot see the things worthy of praise even in his bitter enemies. The direct opposite to this course is taken by some. There are those who stand with unseeing eyes when some praiseworthy action is performed but who have an irresistable insight or faculty of seeing the slightest fault where blame might be placed. They are always looking for a chance to "dig" someone. Those not their friends, and when that is said nearly everyone is included for their friends are few, can do nothing which meets their approbation or approval. Anyone who is constantly criticising, who is always saying unkind things, who magnifies the mistakes and passes the good things unnoticed, will never have a high place in the esteem of his fellows.

It is with pleasure that we greet the re-established chapter of the Sigma Chi fraternity into our university world. A fraternity such as Sigma Chi will, certainly, more and more as time goes by, find a place to fill at the University of Iowa.
