NORMAL OPENS SEASON EXCITING GAME TOMORROW

Exciting Contest for Tomorrow Afternoon—Hawkeyes to Show Something of Their 1902 Form To Waiting Admirers

Iowa will begin her 1902 football season tomorrow afternoon.

The opening game will be begun on Iowa field at 3 o'clock with the State Normal school team. T. L. Burkland, of Peoria is to referee the game and "Sandy" Graham, of Des Moines, will act as umpire. Iowa's probable line-up will be:

Ends, Siberts and Captain Hollenbeck; tackles, Coulthard and Fred Buckley; guards, Donovan and Atkinson; center, Briggs; quarterback, Jones; halfbacks, Durkee and White; fullback, Ochiltree. Substitutes: Roy Buckley, end; Berry, tackle; Johnson, Chelsey and Duncan, guards; Griffith, quarterback; Howell, halfback.

The game will be a most interesting one to Iowans, who will hope to see established a team which will prove a winner all season long. Though the Normal will hardly be able to score, it will probably come close enough to Iowa's goal during the game to keep the rooters warm. Pell of Drake, the Teacher's coach, has a reputation as a coach all to win as yet. Report from Cedar Falls state that he has some big fellows with which to scare the Hawkeyes and has been working them hard for the past three weeks.

Coach Knipe has been trying to make the varsity line move forth the past week. The backs and Siberts on the left flank, are speedy but the rest of the team needs speed badly. Captain Hollenbeck makes up in sureness what he lacks in swiftness but the tackles and guards have not cinched their places. Between Donovan, Chelsey, Johnson, Duncan, Atkinson and Fitz, there is little choice as yet. Atkinson, of whom so much was expected when he joined the squad, has been slow and heavy all week. The chances are that all six of the guard candidates will be given a chance in the three practice games before the Minnesota game to show what sort they are.

The varsity seems stronger at open play than last year, for which the swift backs are responsible in a large measure. The right side of the line has been showing the veterans that have watched the practice some excellent things about tackle massing. The guards have not yet been called back as half-backs as they have trouble enough in their regular positions.

The practice last night on Iowa field was the poorest of the week. The varsity was slow in starting the plays and few men helped the runners. Berry was tried at left tackle and filled the position nicely. Donovan, Chelsey, Atkinson and Johnson were tried at guard. Durkee was on the sidelines on account of a sprained leg

and Howell took his place at half-back. The varsity scored three touch downs in fifteen minutes play, making its largest gains on end runs and masses off tackle. Association football between the varsity and the reserves closed the practice.

GOLF CLUB MEETING

Grounds Rented For New Course—Locker House Will be Erected, Membership to Students Nominal

A meeting of the Iowa City Golf Club was held at Close hall Wednesday evening in order to make provisions for the construction of new links for the club, the old links north of the city having been relinquished to the country club. Several prospective sites were discussed and finally Porter's and Howel's land at the east end of Market Street was decided upon as in every way the more desirable. A set of six hole links can be laid out on these pastures and the B. C. R. & N. Ry. tracks which diagonally cut through them will furnish excellent hazards to the ranges on both sides. The yearly rental for the ground is \$180.00 and the earliest date at which possession can be obtained is Nov. 15 which will prove inconvenient to golf fiends for a time but this could not be obviated. A locker house to accommodate the clubs and belongings of members will be erected on the course as soon as practicable.

The membership fee in the golf club for students is \$5.00 per year, others \$10.00 and for lady associate members \$2.50 per year. The club invites all students who desire to play golf to hand their names to any one of the officers. The officers for the ensuing year, elected at the meeting Wednesday night are: H. G. Plumb, pres.; J. J. Lambert, vice-pres.; Frank Horack, Sec'y; Jas Planck, Treas.

Pharmaseuts Elect

The Senior Pharmaseuts at a class meeting this morning chose the following officers for the year: W. F. Webbles, Pres. A. N. Brown, Vice Pres. W. A. Coad, Sec. Grace Collins, Treas.

The board of regents are in session this afternoon, and among the regular business, a successor to the position vacated by Secretary Haddock will be elected.

George Hill returned today convalescent from a sudden sickness which called him to his home at Burlington the first of last week.

Grace Padmore, C '06, and Addie Smith, C '06, are among those pledged to Kappa Kappa Gamma.

Editor-in-chief, R. J. Bannister left last night on a week's business trip to Washington, D. C., and New York City.

CROSS COUNTRY RUNS WORK FOR TRACKMEN

Series of Runs Being Proposed to Aid In Fall Track Work—Meeting Probably Called Monday

A movement is on foot among certain members of the faculty and athletic supporters in general to organize a series of cross country runs. The object being to furnish the track men of the university a fall workout which at once will be excellent sport and at the same time a most valuable training to them. The movement is largely being made because fall track work is so overshadowed by football that something must be done to create an interest in this training.

The cross country run as it is practiced in many places in the east is a very popular sport and incidentally a great track developer. The runs are generally from three to seven miles in length. The method followed is to begin with the short runs and as the men become trained to gradually lengthen them until a six or seven mile limit is reached.

The plan that is proposed here is to have a series of five preliminary training runs and then have a series of finals for which prizes or medals will be offered. The idea is to organize class teams and to offer a class trophy cup to the class scoring the greatest number of points throughout the series. Besides the class trophy, medals or prizes will probably be offered to individuals, giving a first, second, and third prize for points won.

The plans of those expecting to organize the runs are not yet fully completed, but a meeting will probably be called early next week when further details will be worked out. The preliminary runs will necessarily have to be begun very soon as in order to get through with the prize series before cold weather they would have to be begun by November the first.

Tomorrow the first football game of the season takes place on Iowa Field. To many freshman it is the first college game and to some the first game of football that has gladdened their delighted eyes. To these, unacquainted with the etiquette of the occasion, a word will not be amiss. The first and only proper thing to do at a football game is to yell and yell all the time. Learn the college yells and give them continually. Yell louder when the varsity is losing, for then the players need encouragement and there is nothing sounds so good to them as the old Iowa Slogan. You will yell of course when the team is winning, you can't help it, the noise will burst from you in spite of your greatest efforts at repression.

Steps must be taken at once for having organized rooting at the games this fall. System should be infused into our rooting and to do this yell masters should be selected. All the games but two take place on Iowa Field this year and for this reason the rooting should be a more regular consistent quantity than heretofore. A rooters club would be a good thing to invent new yells and songs and get them started.

The literary societies of the university tonight hold their first meetings of the year. They are taking in the new men. Every student, more especially collegiates, should if he possible can, ally himself with one of their organizations. They are a very important and valuable part of student life. In them, lessons and training are secured which are of the highest importance to success in after life.

With this issue Roy A. Cook again takes charge as Athletic Editor of THE IOWAN. With his excellent record on the college papers heretofore and with his experience as Sporting Editor of the Des Moines Daily Capital the athletic department will certainly be a strong one.

Over 36 per cent of the applicants for admission to the freshman class in the college of dentistry were refused admittance and sent away on account of deficient preparation. This is holding up the requirements some.

Any athlete who successfully runs the gauntlet of the eligibility committee of our Board of Control is worthy of the lable "chemically pure."
