SIMPSON GAME TOMORROW

HARD CONTEST FOR IOWA

Rosters will Hope for Excellent Showing but Game will be Given Sunday. No Reserve Seats

Tomorrow afternoon at 2:30 Iowa and Simpson will line up on Iowa field for the third football game of the Hawkeye season. The game will be an important one for Iowa. Simpson has a strong team and is determined to score and hold the varity to a few touchdowns. With the important Minnesota Northwestern game on Marshall field this week off, it is necessary that Iowa make an excellent showing tomorrow afternoon. The team will need all the cheering and helping that the men and women of Iowa can give her. It was but two years ago that Simpson sent to Iowa field a team that walked to within a yard of the Hawkeye goal and even Iowa cheer was needed to deny her a touchdown. Iowa has a less experienced team than last year. The game will be very close if Simpson is as strong this year as she was last year. Reports from Idaho and Indiana are the Simpson team is even stronger than in 1906.

VARIETY PRACTICE

The varsity practice last night on Iowa field was devoted to signal practice, and the gates were closed to the public by Coach Knipe in order to get better work out of the new candidates for the team.

Coach Knipe sent the team through fast and actual practice which he frequently urged into faster work. Durkee was out of practice due to the fact that he has a bruised arm. Mack, Sheehan, Howell and Roy Buckley were at practice but did not play.

Save for Jones, who will not be out until Monday, all players on the line-up were in their positions. Ochiltree and Silberts were at full-back and left end after a few days' absence on account of injuries. After half an hour's signal practice, Coach Knipe set the varsity to playing lea and three times. The afternoon's work ended with two usual runs the length of the gridiron. Howell won the first race and Arkinson, the 240 pound guard, aided by a ten-yard handicap, captured the second and a brilliant run and a strong finish.

Coach Hobbs pitted the first and second reserves against each other for a contest which furnished the chief amusement of the afternoon. The scrum captains by Melner scored two touchdowns, one on the scrum-by-scrum, the other by Captain Harvey Dye. The second reserves, however, attained the satisfaction of a clean true kick of the pigskin over the first reserves' goal. Coach Hobbs referred to the next field as practice of an inattention to detail by Quarterback Dye, whereby he inadvertently kicked a punt instead of a drop kick.

TOMORROW'S GAME

A number of interesting games are scheduled for tomorrow on western gridirons. The Chicago-Northwestern game on Marshall field will attract attention on account of Chicago's sudden break last Saturday and because of Foster-Sanford's wing for Iowa with Northwestern. G. Foster, late of Yale, has never been an unused of thinking of himself more small-ly than he ought to be thought. Since his statement that Chicago and Northwestern football was marchand and his undertaking to Northwestern into a victory over Chicago tomorrow, a ques tion of some interest is whether Foster will make good or not. He has improved Northwestern's offense and takes full responsibility for it. The form shown by Minnesota in the game with Nebraska will be most interesting with Iowa.

An interesting state college game will be that between Grin nell and Ames, at Ames. Both colleges expect to win.

SIGMA XI

Annual Lecture of Society Given By Professor Macridie

The annual address before the Sigma XI society was given in the auditorium last evening. It was delivered by Professor Charles R. Macdride, who chose for his subject the desert region of the prov ince of Sonora, Mexico. After a discussion of deserts in general, as viewed by the artist, and by the scientist, he took up the specific subject of the Sonora desert. The paper was the result of his original research, and of his assistant, Mr. Lambert, in the region last summer. The address was illustrated with views taken on the field. The views were stretches of white sands covered with cacti and in the background the rugged Sierra Madre. Yet each wore a different aspect, the varying fantastic shapes, breaking the monotony. The aggressiveness of the thorns was clearly brought out, but the beauty of the flower no camera can bring out.

The lecture was entertaining from first to last, doubly so, because given by one, who had gained his knowledge first hand.

No Fall Meet

Owing to the rough condition of the track as left by the high water of last summer, it will be impracticable to get it in shape in time for the fall training. The track committee have decided in the College, to hold no fall meet this year.

Important Notice

There will be a meeting of the president of the Old Capitol building, Saturday at 10:00 a.m.

IOWA CONSTITUTIONS

ABLY DISCUSSED

By Prof. Shambaugh in Recent Work Published in the Annals of the Historical Department of Iowa.

"History of the Constitutions of Iowa" is the title of a new work from the pen of Prof. Benjamin F. Shambaugh which is published by the Historical Department of Iowa. It is exhaustively review ed in the October number of the Annals of Iowa by Johnson Brigh ham, state librarian.

He says of it: "To the Historical Department of Iowa, and to Prof. Benjamin F. Shambaugh of the State University of Iowa, the public is indebted for a veritable and valuable work of history, a work of 352 pages written by Prof. Shambaugh at the request of Mr. Aldrich—and published by the department over which he presides. The book is entitled, "A History of the Constitutions of Iowa." It might well be termed a "pictorial history of our State, for such is it. It is not a mass of dry detail, nor is it a labored compilation of state documents. It is rather a comprehensive survey of the processes of evolution by which a great and influential common wealth has developed from an aggregation of squatters.

"That Professor Shambaugh has handled his material thoroughly and scientifically cannot be doubted by any one familiar with his earlier contributions to the yet unwritten exhaustive history of the State. He has brought to his task a thorough knowledge of the subject a student's fine enthusiasm, a scholar's firm grasp, and, withal, a trained imagination which enables him to look in upon an association of squatters, a territorial legislature, a constitutional convention, a plebiscite or a referendum, as Parkman looked in upon the relations of the French, the English and the Indians, or as Motley viewed the intrigues and infamies of the Spanish court and the trials and martyrdoms of the Hollanders, making clear the heretofore obscure chapters of our State's history, and establishing for the reader a historically true relativity as to the principal acts and events contributory to the evolution of this region from a trackless wilderness to an aggregation of rich and populous communities bound together by community of interests and by increasingly close association.

Geology Excursion

The annual field excursion of the geology and botany classes will leave the city tomorrow by special train to Muscatine. Thence the classes will go to Montpelier, returning to the city on the evening train. The excursion will be conducted by Professors Calvin and Macridie.

CROSS COUNTRY

Prizes and Method of Scoring Decided Upon—The Club Meeting Great Success

The interest of the run of the Cross Country club increases with every meeting. Forty-one men participated in the run Thursday afternoon. All classes are well represented but there should be more freshmen out. The run was from Close Hall to Minneha ha and back.

The executive committee of the club met after the run and decided upon the prizes to be offered and the method of scoring. A permanent class trophy cup will be awarded to the class scoring the most points individual prizes (cup or stein) to the five men scoring the highest number of points in all the runs of the course, a cup for the freshest scoring the largest number of points, and prizes for the men finishing first, second and third in the final run of the season.

The regular runs of the club on which points will be scored will be held on the course each week, weather permitting (otherwise on Saturday morning). Practice will be held Tuesday. The method of counting points will be first place 5 points, second, 3, third 2, ... fifteen, 1, and for each of the last ten men (sixteenth to twenty-fifth inclusive) one point. By allowing this large number to come in the final score, each class should be encouraged to have as many representatives as possible, even the twenty-fifth man in counts, while each individual runner has the inducement of a chance at two cups. The first scoring run will be held Thurs day, October 21, weather permitting. Remember that it costs nothing to join. membership is unlimited and every student, even the most ardent in athletics is urged to come out and try.

Here and Elsewhere

F. W. Crockett, L'93, is in Chicago on business.

Miss Mae Rex is confined to her home by illness.

The total registration at Cornell this year is over 4,500 as compared with 2415 last year at this time.

Le Mars' High School athletic association has voted not to play football but tennis and baseball instead.

Ned B. Middleton, M'04, went to Chicago, yesterday, to attend the lecture of the noted Austrian surgeon, Lorens.

The first fraternity will enter a dancing party this evening at their home on the north side.

President MacLean left last night for Cedar Falls, Iowa, to attend the meeting of the North Central Conference of professors' association. He will deliver one of the addresses of the meeting.

Poddie Ross Concert
A great many people have wondered as to the derivation of Miss Ross' name "Poddie." She was christened Emma, but her old nurse, who had been in the family for years, called her "Poddina" a term of endearment, and from that the family gradually drifted to "Poddie." Although a most unusual name, Miss Ross would scarcely recognize any other name than the familiar "Poddie." Sale of reserved seats for the concert, Monday the 20th, will begin in the morning at the Arcade.

As strong a comedy drama as is usually seen, it is not too great praise to apply to Mr. David Higgins' new play "The Secret Dispatch" if press comment throughout the country can be depended upon. It is a fitting companion in its class to "Up York State" and "At Pinney Ridge" and is superbly mounted. A strong company, including Mr. Edgar of the Boston presents this drama on Wednesday, Oct. 22.
