It prepares men to meet practical questions of broad and against the liberal education of. Any scheme of education it is admitted that much has been done in recent years to remedy the defects hitherto complained of. The scheme of education which professes to be liberal, must keep before it the development of the man in his social obligations as well as in his individual capacity. The university can be useful to the future businessman just as it is now useful to the engineer, however must continue to be the foundation of the university to minister to the higher life of man and society whether it does this through the liberal arts, the applied sciences, the technological or the professional school.

The development of schools of political and social science and commerce is a movement in the interest of a stronger citizenship as well as a movement for effective and high-minded business careers. Business men are sometimes efficient and able to get into形状 that will defeat Minnesota, the men are all working very hard and under Coach Knipe's energetic direction may yet be able to hold the Gophers to a strong pull to get into shape that will defeat Minnesota, Saturday. The men are all working very hard and under Coach Knipe's energetic direction may yet be able to hold the Gophers to a...

The DAILY IOWAN
Iowa City, Iowa

Published every Monday, Wednesday, and Friday at Iowa City, Iowa, Second Class Matter, Oct. 11, 1908, for $.50 per year.

This week's subscription rate is $1.50, or $2.00 if paid before Jan. 1.

Prepared to show them a few stunts about rooting that they never heard of. But remember that the first play will be made at the mass meeting and be there.

That country school trick of marking and cutting the desks, seems to have regained prominence. It was stopped for a time last year by rather drastic measures. It is a trick not confined to any class, nor to either sex. Too much cannot be said against it. We hope that the good sense of the student body will put a stop to it. If not, then let the instructor apply the proper remedy—expulsion from class if necessary.

The Drake Delphic says of the recent football game "Iowa's victory was not due to football ability but to the fact that Drake was not in physical condition to meet the S. U. I. team." Well now Drake is that pretty hard luck. You had better take some XXX Condition Powders at once or some other school of inferior football ability will be beating you.

Special Notice
Low as army discharge. Finder rewarded. James P. Howell, 17 N. Capital St.

Mass Meeting
A mass meeting of all students is called for tomorrow night in the auditorium of arts hall. There will be speeches by those who have watched football at Iowa from its infancy and also by representatives of students. There will be yells in abundance and a general rousing enthusiastic time preparatory to the big game Saturday. It is of the utmost importance that every student attend this meeting. If all cannot get into the auditorium an overflow meeting will be held on the east steps. But every man must be there and try his voice on the old yells and learn the new ones of which there will be several catchy ones proposed. The women of the varsity are especially invited to be present at this meeting and help to make it a record breaker for Iowa spirit. Iowa can beat the Gophers Saturday. Paste that in your hat, come to the mass meeting and prepare to show them a few stunts about rooting that they never heard of. But remember that the first play will be made at the mass meeting and be there.
