Plans for Indoor Track Work-Track  
Team Prepares for Class Team this Winter

The track men will be able to practice in the Armory as soon as the raised turf for the outdoor running track can be made. They will probably be compelled some time this week and the Armory opened by the first of next week at the latest.

The three afternoons in the week at which the indoor track meets will be open will be announced later. They will probably be Monday, Wednesday and Friday, with the hours from 3:00 to 4:30. It is possible that the medical student from whom five of the four teams are composed will make his appearance at these three times.

Class Teams

A number of class and college men's teams have been formed for the winter. Captain Anderson asks that every class athletic manager be active in getting all the material in his class out for the training. The various classes that have no athletic manager are asked to elect one at once, so as to have at least one person in each class who is charged with the duty of getting out the candidates.

Prospects for a Team

The prospects of the track team are neither roseate nor gloomy. A number of good performers, such as Swift, Barker, Anderson, McCoy, Yavorsky, Parsons, Howell and Ross will be candidates for the team.

The team will be largely made by the new material, however, and it is upon the success of the efforts that will be made to get out the fine material in the university that the success of the track team depends.

The Award of Emblems

Coach Knipe left the matter of the new emblem to the football men with Captain Hollenbeck last fall. Dr. Knipe is preparing the final details for the award of a 1st number of "I's" that were given to the 1901 football men. This year 90 envelopes were awarded. Captain Hollenbeck also favors the idea of the board of control will deliberate upon the recommendations at its next meeting. The names of the recipients of the varisty emblems will probably be announced soon.

CHosen PRESIDENT of the N. A. S. U.

Delivers Address on Cecil Rhodes Scholarships to Oxford Before Meeting of Student Body in Washington.

President MacLean is in Washington, D. C., where on Saturday he attended the meeting of the national association of state universities. Prexie was chairman of the committee and on Saturday evening delivered the principal address of the session. The topic of the address was the Cecil Rhodes scholarships to Oxford University. He is one of the few American educators of prominence who has attended Oxford and he was listened to with great interest by all.

Mr. MacLean stated that he believes the American students on an equality with the English and that it would be well to have the Americans attend our colleges up to the junior year before going to England.

Prexie was chosen president of the association, the vice-president and secretary-treasurer being also from western universities.

President MacLean today telegraphed that he has been detained up home before Friday at the latest.

Latest About Sophs

The actions taken in theSophomore class in the last issue of the Iowan are briefly as follows. After all the members of the class had been examined one by one there was seen to be no evidence against the vast majority and they were excused. Eight members of the class to whom more or less suspicion attached were called before a meeting of the faculty of the college of liberal arts on Dec. 14, and three of them were declared not guilty by the faculty. The other five were left to be dealt with by the president. He not wishing to be outdone in cleanliness by the faculty wiped off the charge against three others. There are still two members of the class to whom suspicions have not been disposed of. The charge against one of them is throwing hydrogen sulphide and the other is charged with having the lime rock that he kept in his window. Both have entered a plea of not guilty.

The faculty at Lehigh have prohibited freshmen from joining the fraternities.

"BOXING"
SPALDINGS ATHLETIC LIBRARY
No. 162
The book contains about seventy full-page illustrations, showing how each blow is to be made, how to attack and how to defend yourself. It shows how the hands must be held and the positions to take with descriptions that are so accurate that any boy can take them, open them up and with a young friend become proficient. Besides being a fully illustrated book in the art of self-defense, it contains nearly all the photographs of the leading American boxers and positions key which in itself is instructive.

Among the list of officers elected at the twentieth biennial grand chapter of the Sigma Nu fraternity held in Indianapolis, Indiana, during the holidays appears the name of C. W. Jones, L. 95. Mr. Jones, who possesses a liberal law practice in Davenport, was honored with the position of Vice Regent of the fraternity, E. F. Consigny, L. A. '00, was elected inspector of division seven.

Machinery Damaged

Engineering Department Suffers Heavy Loss From Supers Steam

On January 1, some workmen who were repairing the steam pipes in the engineering building left off their work where the main enters the building and then called for steam from the power plant. The man under a pressure of 80 pounds escaped through the opening and filled the entire building having twenty minutes all to itself among the machinery.

The damage done amounts up into the hundreds of dollars, a hundred and fifty dollars being necessary to repair the belting alone. All of the oil cups and bearings were dried up, necessitating extensive cleaning of the machinery. It is feared that much of the work of the students is also injured.

At Harvard there are seventy-five men out for fall track practice. The Michigan has eighty candidates going through fall work. There are thirty-five men at Yale going through fall baseball practice. At the latter place there are seventy men trying for the freshman crew.

STUDENT’S RECEPTION To be Held Every Day

The firm giving this reception has ideal restaurant facilities. It buys everything at wholesale. Other restaurants buy at retail. It gives its customers the benefit of the prices secured in the quality of food stuffs served. Other houses attempting to meet these conditions could at best make no more than expenses. This answers for you the question as many have asked us—the reason of our phenomenal success, as many student boarders, and the absence of any effect from outside competition. Please remember that low prices in hand at any other place than ours, in the absence of our buying facilities, means an inferior class of food stuff served. You can board a week on our $2.50 meat ticket. Our customer’s weight increases in proportion to the length of time they board at the
