FOOTBALL CHAT

A RESUME OF THE GRIDIRON GOSSP

Big "M" Football -- No. 6 in Most Popular Series

The biggest football in the world is now possessed by the university of Michigan football team. It is a fitting trophy for the team that made the biggest season's score ever recorded. The gigantic pigskin is the gift of a Chicago firm. The football measures one yard through from end to end, and is nearly two feet in diameter. The pigskin is of the finest, without blemish, and contains within it the largest bladder ever made for gridiron paraphernalia. It took a church organ bellows to inflate the ball. The white leather used on the outside of the fourteen "M" men who composed the championship team.

Wants to Cut the Tax

"Already there are signs that the friends of the university may have to get their fighting clothes on to prevent the state support of the university being cut down. The Evening News tells of a bill already being prepared for this purpose as follows:

"Representative Randall, of Oceana county, is going to introduce another bill in the house to reduce the State University tax from one-fourth to one-fifth of a mill of all the state tax money. He says the university got last year $18,000 more than the authorities of that institution asked for when they were here opposing the bill at the last session, and that this is a good argument to use in support of his proposed new measure."—Michigan Daily News.

Oh, what a heinous crime! One hundred and eighteen thousand dollars more than was asked for, given to the university. What kind of manner does the university take to it? Can we not get our fighting clothes on to prevent the state support of the university being cut down? The Daily Iowan is going to make a strong stand in the matter of supporting the university being cut down. The Evening News tells of a bill already being prepared for this purpose..."
