At the suggestion of Professor Gordon he will give a mixed talk towards making a strong track. I feel sure that we will turn out regularly for the winter from an who can or might do any thing to be in charge of the work and will. The genius of these events can put the in- handling the masterly productions of. The state college teams are: H. J. Clark, Grinnell; liberal arts for the purpose of making out the managers present every student of the colleges of the senior girls met yesterday. The impressive ceremony of laying the corner stone was conducted by Dr. Shrader, ex-dean of the medical college who, after putting being introduced by President MacLean to the body of students and faculty gathered to witness the ceremony, with words appro­ priate to the occasion laid the first course of cement for the bed of the stone, and brought to an end the first epoch in the construction of the new building to be used by the medical department of Iowa with which he has been so long and honorably connected.

"Pin Hair Has Support"
The senior list met in the hall of liberal arts yesterday after­ noon to elect a new class of candidates for baccalaureate degrees in June should see that all book work is either credited or included in their registration for the last semester, and that they are regularly and properly register­ ed for finally completing all requirements as to which they expect their degree

Near the end of the third quar­ ter, April 4, 1903, a report is to be made to each faculty of all students who are in line for graduation. Any student not at present regu­ larly registering such to partici­ pate in the proceedings of the class, having completed the requirements as to which they expect to take a degree in June must so arrange that at the time of this report he shall be regularly registered as a senior. It is understood that this list when reported will be the official list of candidates and that unless students are reported at this time they cannot expect to come up for a degree at the June con­ cereence.

Stood by Their Acts
The spirit manifested by a large number of seniors yesterday to live up to their acts of last year and retain the "I" pin as the permanent senior and alumni pin meets with the approval of every thinking student. Against this pin is urged the single objection that to the minds of some, it isn't pretty. In its favor stands the approval and adoption of the classes of 1902, '03, '04 and '05. Let it be retained! If its lines are not the most graceful yet they trace the emblem of the institution. From the whole pin, from each corner and surface, shines forth the word "Iowa." Its strength of outline lends it dignity. Beauty and grace will attach to it through the years; the grace which is a loving regard gives; and the beauty which inheres in nobility. Let it be made as graceful as possible and let the workmanship be of the finest but retain the emblem unchanged. Keep the pin! If this carefully conducted attempt to establish a permanent senior pin fails, let no one or committee deceive them.
