A basketball player's winning record will be about the same as last year. The game by state rules in the state of Iowa has lapsed into another paroxysm of action in opposing the admission rules. No man represents the nearest convenient state capital, but the cases of those colleges which could take exception to Iowa's playing them if she chose without the same time taking exception to their claims as freshmen under his able assistance.

"Another man caught! Isn't it great?" insisted the member of the eligibility committee for the conference.

"Great! Great!" repeated the other members, slapping their foreheads loudly.

"And he's the best on the team, too," announced the uncleek member in his glee.

"You bet. That's what makes it interesting," said the other professors.

"And there's no hope of getting rounders out of it, too," said Yates, etc., are admissible according to the state rules. After all, some of these colleges could take exception to Iowa's playing them if she chose without the same time taking exception to their claims as freshmen under his able assistance.

"Guano tor the orn-thologist. There are acres of gannets, terns and albatrosses. The birds are so tame that they can be posed for their photographs.

"Kanai is well called the Garden Isle, and has become finally the most beautiful tropical valley in the world."

The lecture was illustrated by many stereopticon views, and by the manufacturer's products of the islands.

BALL TICKETS STOLEN

PUBLIC WARNED AGAINST THEM

Thief Who Entered Printing Shop Purloined Tickets to Athletic Ball—The litter Not to Be Replaced

It has been discovered that the thief who forced the back door of Moulton & Conger's shop last Tuesday night took a number of tickets to the athletic ball which were lying within easy reach, having just been printed.

It is feared that these tickets will be offered for sale and the public is warned against them. These tickets will not be recognized at the door. Anyone acts at his peril who purchases a ticket to the athletic ball from any but the following named members of the committee: H. E. Spangler, Joe Brown, W. M. Hutt, E. G. Boswell, Clarence A. Dykstra, C. W. Ross, Adam K. Hess, John F. Kutz, Donald McClain, E. C. Arthur or Robt. J. Bannister.

The invitations to the ball were issued yesterday. The subcommittee to discuss music of course will be enforced by the list of dances. The new and popular selections will be rendered for the dances will be furnished in equal proportion, running from the usual to the more progressive. Meyer's orchestra, which will furnish the music, will be given a list of music in time to provide themselves with anything that they do not now have and it is hoped in this way to make every dance a merry one.

Mr. Utterback is quite gratuitous in attributing this intention to Iowa. Every Iowa since went into the conference, she has played all her games by conference rules. No man represents the Iowa who is not eligible according to the strictest letter of the conference regulations. It is also to be noted that so long as Williams, Yates, etc., are admissible according to the state rules, none of these colleges could take exception to Iowa's playing them if she chose without the same time taking exception to their claims as freshmen under his able assistance.

"Great! Great!" repeated the other members, slapping their foreheads loudly.

"And he's the best on the team, too," announced the uncleek member in his glee.

"You bet. That's what makes it interesting," said the other professors.

"And there's no hope of getting rounders out of it, too," said Yates, etc., are admissible according to the state rules. After all, some of these colleges could take exception to Iowa's playing them if she chose without the same time taking exception to their claims as freshmen under his able assistance.

University Chess Club
The movement which has been inaugurated to organize the University Chess Club is worthy of much commendation. The Paul Murphy Club for several years filled this place but of late the latter has been morbid if not entirely defunct and has offered little opportunity for those interested in the old, old game to meet together and spend an evening in quiet enjoyment of the pastime.

At other universities, particularly in the east, chess forms an important part of the winter sports and a field for inter-collegiate contests. There are certainly many men in the university who are not only greatly interested in the game but well fitted to represent the varsity in intercollegiate games if such can be arranged.

Official Bulletin
STUDENTS IN COLLEGES
Students may pay tuition and re-register for the second semester from now until Saturday, February 1, except that from February 6 to February 11, inclusive, the office will be regularly open for registration purposes for new students only. It is necessary for the reason that semester reports must be collated.

After Saturday, February 1, students not properly registered are not entitled to be in attendance upon classes.

Students who are reported to this office as failed, or conditionally, or passed at 60, or as having unfinished work, for the first semester, will be notified to this effect as soon as the semester reports are collated. Students not receiving such a notice will understand their work has been satisfactory. Except for purposes of registration no other reports with regard to standing will be given out. Four days after the close of the semester are allowed to instructors in which to make returns to this office. It is expected that within a week or ten days from the close of the semester all students may know definitely whether their work for the first semester has been reportable to this office as complete or not.

STUDENTS IN ALL COLLEGES
Students who expect to be candidates for baccalaureate degrees in June should see that all back work is either credited or included in their registration for the last semester, and that they are regularly and properly registered for finally completing all requirements of the course in which they expect their degree.

Near or at the end of the third quarter, April 19, 1902, a report is to be made to each faculty of all students in the several colleges who are in line of graduation. Any student not at present regularly registered as a senior but expecting to take a degree in June must so arrange that at the time of this report he shall be regularly registered as a senior. It is understood that this list when reported will be the official list of candidates and that unless students are reported at this time they can not expect to come up for a degree at the June commencement.

STUDENTS IN THE COLLEGE OF LIBERAL ARTS
Students in the college of liberal arts who do not wish to pay tuition now and re-register regularly in advance are requested, in order that registration may be facilitated, to file in the office of the registrar during January a program of their studies for the second semester. Cards for this purpose may be obtained at the office. In cases where no change in program is contemplated students are requested to call and learn a notice to that effect.

February 12, 13, and 14, preference in registration will be given to those who have previously arranged programs of study.

Changes in divisions will be allowed only when necessary.

Students will please bear in mind that registration is not completed until permission is paid; and only when this is certified, is registration in a certain division secured. When word is received that enough have regularly registered to make a full division no one will be allowed thereafter to register for that section without written permission from the head of the department.

Students who fail in work of the first semester in which beginning classes are offered for the second semester will be required to re-register for the same work.

Two Books--Two Cents

The Burlington Route has just issued two publications of great interest to homeseekers.

"Nebraska" is the title of a 48-page book descriptive of the agricultural resources of the state, profusely illustrated with farm scenes and supplemented with an accurate sectional map.

"Big Horn Basin" is an illustrated folder telling all about the rich but undeveloped portion of Northwestern Wyoming. The Big Horn Basin contains wonderful openings for small ranches along good streams, with a million acres of government land open for settlement under the United States land laws.

Both publications will be sent to any address on receipt of two cents in stamps. Address J. FRANCIS, General Passenger Agent, Burlington Route, Omaha.

Amusements

"The Prisoner of Zenda" with T. B. Alexander, Eloise Ellister and Maud Atkinson in the cast comes to the opera house, Thursday, January 22. These are three names to conjure with in the dramatic profession and a delightful presentation is well assured.

Samuel Arthur King, Master of Arts of the University of London, will entertain Iowa City at the opera house, Tuesday and Wednesday, January 20 and 21. He comes with a tremendous reputation as an interpreter of Shakespeare. Iowa City has never had a man here who could approach him as a delineator of the characters in the great dramas of the greatest of dramatists.

The Denver Express

With an unsurpassed company, a car load of beautiful scenery and mechanical effects the Denver Express comes to the opera house Monday, January 26 and will without doubt prove one of the strongest and best melodramatic productions that will visit our city this season. It is under the management of those well known and popular managers, Holden Bros., which fact is alone a guarantee that the performance will be all that is claimed for it.

In the annual debate between Northwestern and Minnesota on Friday, the former won the decision. The question was "Chinese exclusion."

Logic; The Underwood & Underwood Co. has accumulated millions of dollars. Would such capiable financiers have money in an unpaid business? No. But their salesmen must profit in proportion to their profit. It is to be expected as is the case. Many students at the universities of Michigan, Nebraska, Kansas, Minnesota, etc. are making a very liberal income to meet their college expenses. Investigate the matter. This is not the old, worn out canvassing proposition.
