FUN FOR COMMITTEE

ATHLETE DISCOVERED COMMITTING CRIME

Great Detective Work by Professors—Athlete is Thrown Into Outer Darkness by the Eligibility Committee

"Wow! woh! whoopee!" shouted a member of the eligibility committee of the board of athletic control.

"Ha ha ha!" laughed the other members.

"Another man caught! Isn't it great?" insisted the member of the eligibility committee.

"Great! Great!" repeated the other members, slapping their fellow member on the back.

"And he's the best on the team, too, isn't he?" chuckled the member in his glee.

"You bet. That's what makes it interesting," said the other professors.

"And there's no hope of his getting out of it," queried one of the professors.

"Not a bit of it," rejoined the first. "Caught him in the act, in flagrante delicto, you know. You see it happened once at Amherst and I knew the moment I saw it what was up.

"Ha ha ha!" laughed the members in chorus. "We're getting pretty good. Won't Stagg and Jones and Mr. Baird feel jealous of us though!"

The eligibility committee relapsed into another paroxysm of laughter.

A basketball player's winning twenty-five cents in a contest at the shooting gallery Saturday night was the cause of it all.

WILTON SATURDAY.

The basket ball team will open its winter schedule by playing Wilton college at Close Hall Saturday afternoon. The Iowa line up will be about the same as last year and it is understood that Wilton has a number of old men on her team.

UTTERBACK PROTESTS

Saturday's Des Moines News contained a dispatch from Iowa City by a staff correspondent (Mr. H. Utterback, the Drake university baseball manager, who attended the meeting of the state baseball league here the day previous) protesting against Iowa's action in opposing the admission of Drake university to the state baseball league. The article states that the reason for Drake's being kept out in the cold was that Iowa did not think Drake had arrived at that point in baseball where she is assured of an amateur team.

The article goes on to state that it is Iowa's intention to play Williams, Yates and some other players who are not barred out of the game by state rules in the state games and keep them out of the conference games where they are barred.

Mr. Utterback is quite gratuitous in attributing this intention to Iowa. Ever since Iowa went

into the conference, she has played all her games by conference rules. No man represents Iowa who is not eligible according to the strictest letter of the conference regulations. It is also a potent fact that so long as Williams, Yates, etc., are admissible according to the state rules, none of these colleges could take exception to Iowa's playing them if she chose without at the same time taking exception to their own athletic policies.

Iowa opposed Drake's admission openly. Manager Utterback knows Iowa's reasons for he was told them straight. If the state of opinion at any state college disapproves of conducting athletic contests by any save conference rules, that is an end devoutly desired by Iowa, but before any colleges criticize imagined departures from the conference rules by Iowa, it would first be well for the critics to practice them. Secondly it might be well to leave for the future the things which are imagined of Iowa. There will be time to howl when they become realities. But just now spooks are at a discount.

A Strong Team

The final for the Iowa debate was held in Prof. McDermott's room Monday night. A well balanced team was selected, and victory is in sight. J. A. Churchill is a junior who hails from Rochester. Throughout his college course he has evinced himself as a most logical debater. He is well competent to lead the debate. He is a member of the Shakopean society.

Warren Williams, Law, '04, claims West Concord as his home. He completed two years of academic work before entering the law college. In the inter-society contests last spring, he easily won a place of inter-collegiate rank. His impulsive earnestness acquires the oratorical style. He is a member of the Castalian society.

H. Leslie Wildey, L. '04, has followed the same course as Mr. Williams. He also proved a winner in last year's contests. In common with all Iowa men he goes after his opponent to win and serves as a balance wheel to the logic and oratory of the other team. He is a Castalian.

With the honor of representing our college, the debaters won the \$40, \$30, and \$20 prizes offered by Prof. Sanford—Minnesota Daily.

The officers of the university battalion have been extended a complimentary invitation to the annual military ball of Co. H. 54th Infantry, I. N. G. of Burlington, by Captain Fred S. Holsteen L. A. '98, L. '00 commanding the company. Captain Holsteen was major and commandant at the university in '99-'00, and has many friends in the senior class who started their military careers as freshmen under his able guidance.

THE HAWAIIAN ISLANDS

OUR NEW POSSESSIONS

Eloquent Address before the University Graduate Club Last Night by Professor Nutting

Professor Nutting addressed the Graduate Club and invited guests last evening on his last summer's trip to the Hawaiian islands.

"The Hawaiian group," he said, "are truly oceanic islands for they are the farthest from continental land of any group. They cover an extent of territory equal to the distance from here to New York. They are volcanic islands having a distinct windward and leeward side. This accounts for the different contour of the two opposite shores.

"The importance of these islands is due to two things, their vast sugar plantations, and their value as coaling and naval stations.

"The population is a mixed one, both of races and of nations. The Japanese predominate, with the Americans, Chinese and natives in equal proportion, running a close second. The Japanese have monopolized the fisheries, the Chinese are the merchants, and the Americans are the capitalists. Among these there is little hope for the natives.

"Physically the Hawaiians are a fine looking people, but they have little stamina, and will probably soon be exterminated. Naturally they are inferior. They are weak and tainted with disease. As manufacturers they belong to the stone age. Their weapons are the crudest—mere hardened wood and stone clubs. They are indolent and good natured. Too lazy to live they are also too good natured to oppose. Missionaries have done a great work for them, especially in the schools.

"Sugar raising is the chief industry. Considerable coffee and rice is also raised. The Chinese have extensive duck farms. Guano, from Guano island is also a leading source of revenue.

"The private houses and grounds of Honolulu are as pretty as any I have ever seen in any city. Their system of landscaping is very effective. Their idea is the beautiful and not the stilted. Everywhere are the royal palms, their clear white trunks contrasting strangely with the rich green foliage. The streets are paved throughout. The paving is a natural asphalt made from the lava, ground with tar. The city also has an excellent electric car service.

"It is generally supposed that lepers are confined to the island of Molokai. This is not true as they are scattered throughout the islands. Those upon the leper island, are as a class contented and happy. The disease is only contagious on the closest intimacy.

"Guano is the field for the ornithologist. There are acres of

gannets, terns and albatrosses. The birds are so tame that they can be posed for their photographs.

"Kanai is well called the Garden Island! Here is probably the most beautiful tropical valley in the world."

The lecture was illustrated by many stereopticon views, and by the manufactured products of the islands.

BALL TICKETS STOLEN

PUBLIC WARNED AGAINST THEM

Thief Who Entered Printing Shop Purloined Tickets to Athletic Ball—They Will Not be Accepted

It has been discovered that the thief who forced the back window of Moulton & Conger's shop last Tuesday night took a number of tickets to the athletic ball which were lying within easy reach, having just been printed.

It is feared that these tickets will be offered for sale and the public is warned against them. These tickets will not be recognized at the door. Anyone acts at his peril who purchases a ticket to the athletic ball from any but the following named members of the committee: H. E. Spanglar, Joe Brown, W. M. Hutt, W. G. Bushnell, Clarence A. Dykstra, C. W. Ross, Adam K. Hess, John F. Kunz, Donald McClain, E. C. Arthur or Robt. J. Bannister.

The invitations to the ball were issued yesterday. The sub-committee on music is now laboring on the list of dances. The new and popular selections will be rendered for the dances to the exclusion of the more classical concert pieces. Meyer's orchestra, which will furnish the music, will be given a list of music in time to provide themselves with anything in that line they do not now have and it is hoped in this way to make every dance a merry one.

Dr. Cunningham of Dumont, Iowa, is in the city with a case for Dr. Guthrie's clinic.

Dr. Grant of Riverside is in the city visiting the clinics.

J. A. Dulin, M. '03, recently called to his home on account of his mother's death has returned to the university.

W. W. Jones, M. '03, has been absent from classes for ten days and has been practicing medicine at West Branch.

Prof. Jepson did not reach the city in time for his clinic yesterday morning.

Dr. Grimes of Wapello, Iowa, was here yesterday afternoon with a case for Prof. Jepson's clinic.

The members of Y. W. C. A. were entertained at Close Hall last evening by the newly elected officers at a juvenile party.

University Chess Club

The movement which has been inaugurated to organize the University Chess Club is worthy of much commendation. The Paul Morphy Club for several years filled this place but of late the latter has been morbid if not entirely defunct and has offered little opportunity for those interested in the old, old game to meet together and spend an evening in quiet enjoyment of the pastime.

At other universities, particularly in the east, chess forms an important part of the winter sports and a field for inter-collegiate contests. There are certainly many men in the university who are not only greatly interested in the game but well fitted to represent the varsity in intercollegiate games if such can be arranged.

Official Bulletin

STUENTS IN COLLEGES

Students may pay tuition and re-register for the second semester from now until Saturday, February 21, except that from February 6 to February 11, inclusive, the office will be regularly open for registration purposes for new students only. This is necessary for the reason that sem-

ester reports must be collated.

After Saturday, February 21, students not properly registered are not entitled to be in attendance upon classes.

Students who are reported to this office as failed, or conditioned, or passed at 6 only, or as having unfinished work, for the first semester, will be notified to this effect as soon as the semester reports are collated. Students not receiving such a notice will understand their work has been satisfactory. Except for purposes of registration no other reports with regard to standing will be given out. Four days after the close of the semester are allowed to instructors in which to make returns to this office. It is expected that within a week or ten days from the close of the semester all students may know definitely whether their work for the first semester has been reported to this office as complete or not.

SENIORS IN ALL COLLEGES

Students who expect to be candidates for baccalaureate degrees in June should see that all back work is either credited or included in their registration for the last semester, and that they are regularly and properly registered for finally completing all requirements of the course in which they expect their degree.

Near or at the end of the third quarter, April 9, 1903, a report is to be made to each faculty of all students in the several colleges who are in line of graduation. Any student not at present regularly registered as a senior but expecting to take a degree in June must so arrange that at the time of this report he shall be regularly registered as a senior. It is understood that this list when reported will be the official list of candidates and that unless students are reported at this time they can not expect to come up for a degree at the June commencement.

STUDENTS IN THE COLLEGE OF LIBERAL ARTS

Students in the college of liberal arts who do not wish to pay tuition now and re-register regularly in advance are requested, in order that registration may be facilitated, to file in the office of the registrar during January a program of their studies for the second semester. Cards for this purpose may be obtained at the office. In cases where no change in program is contemplated students are requested to call and leave notice to that effect.

February 12, 13, and 14, preference in registration will be given to those who have previously arranged programs of study.

Changes in divisions will be allowed only when necessary.

Students will please bear in mind that registration is not completed until tuition is paid; and only when this is certified, is registration in a certain division secured. When word is received that enough have regularly registered to make a full division no one will be allowed thereafter to register for that section without written permission from the head of the department.

Students who fail in work of the first semester in which beginning classes are offered for the second semester will be required to re-register for the same work.

Two Books-- Two Cents

THE Burlington Route has just issued two publications of great interest to homeseekers.

"Nebraska" is the title of a 48-page book descriptive of the agricultural resources of the state, profusely illustrated with farm scenes and supplemented with an accurate sectional map.

"Big Horn Basin" is an illustrated folder telling all about the rich but undeveloped portion of Northwestern Wyoming. The Big Horn Basin contains wonderful openings for small ranches along good streams, with a million acres of government land open for settlement under the United States land laws.

Both publications will be sent to any address on receipt of two cents in stamps. Address J. FRANCIS, General Passenger Agent, Burlington Route, Omaha.

Amusements

"The Prisoner of Zenda" with T. B. Alexander, Eloise Ellister and Maud Atkinson in the cast comes to the opera house, Thursday, January 22. These are three names to conjure with in the dramatic profession and a delightful presentation is well assured.

Samuel Arthur King, Master of Arts of the University of London, will entertain Iowa City at the opera house, Tuesday and Wednesday, January 20 and 21. He comes with a tremendous reputation as an interpreter of Shakespeare. Iowa City has never had a man here who could approach him as a delineator of the characters in the great dramas of the greatest of dramatists.

The Denver Express

With an unsurpassed company, a car load of beautiful scenery and mechanical effects the Denver Express which comes to the opera house Monday, January 26 will without doubt prove one of the strongest and best melodramatic productions that will visit our city this season. It is under the management of those well known and popular managers, Holden Bros., which fact is alone a guarantee that the performance will be all that is claimed for it.

In the annual debate between Northwestern and Minnesota on Friday, the former won the decision. The question was "Chinese exclusion."

C. S. Macy, L. A. '03, spent Monday in the city visiting university friends.
