KNIPE RESIGNS AS PHYSICAL DIRECTOR AND COACH

UNCONDITIONAL RESIGNATION SENT TO REGENTS

Dr. A. A. KIPE, Iowa's Physical Director, has Resigned to Engage in Writing in New York City—Permanent Retirement from Athletics

Day, when the Iowa eleven was sick from being doped with strychnine, Minnesota disputed the championship title with Iowa at the close of the season.

In 1902 and 1903, Iowa's eleven were not strong, owing to a failure to furnish Dr. KIPE with the requisite material. In this respect KIPE fared well with himself, but in his last years at Iowa as his great instructor, Woodruff, at Pennsylvania.

Dr. KIPE coached the '99, '00 and '01 track teams for the two teams that won the state championship. He trained the '00 and '01 baseball teams which won the state championship and students and alumni followed up well in conference contests.

Since his appointment as director of physical training in 1899, Dr. KIPE has devoted much more time and thought to securing greater results by inorganic training for Iowa students. The physical training now furnished the coach was obtained through his efforts. He interested as many men as possible in athletics and secured plans and ideas for the gymnasium which will soon be built at Iowa.

LACK OF GYMNASIUM

Dr. KIPE's work at Iowa was handicapped by the lack of a gymnasium associated with the foundation, a gymnasium, and the accomplished great results were

never-the-less. His greatest work was giving Iowa a university spirit, a definite feeling on the part of the students, alumni and fellow students of Iowa's sons and daughters. KIPE has been largely in accordance with his recommendations for the position. He has often said that he has trained and thought out things with Griffith, Hobbs, Edison, Warner, Williams and is able to continue his work when he should leave Iowa.

On the other hand, it has frequently been stated by university authorities that Dr. KIPE's successor would be a man of east- ern experience and training, of the rank with himself if possible.

There are not a few Iowans who believe that, considering his standing, KIPE is in some degree superior in the country as a coach. Dr. KIPE's determination not to return to Iowa is regretted by the students, alumni, regents, faculty and friends of the university.

W. H. Lewis, '04, a member of the Iowa board has left school and will go into business in Chicago.

Iowa Seniors Will Present Sheridan's "Rivals" and "Esmeralda"

This undoubtedly Sheridan's best play; and although an old play, it has stood the test of time, and is still popular in both America and Europe.

The new committee, who reported upon this play yesterday, was the same old committee whose resignation was accepted by the class and whom President Greene re-appointed.

The committee in their report state that they had tried to find a play, that would deal with college life, and were unsuccessful. Two plays were submitted, "The Rivals" and "Esmeralda." They further submitted affidavits, that nothing had been done as yet towards the selection of a cast. After considerable discussion as to the selection of the cast, a committee of three was elected to choose the cast. The society selected G. E. Hill, chairman, Miss Alice Tyler, and A. A. Schreck. There were no restrictions on the committee's placing themselves in the position, for the cast to elect their own manager was passed.

PROFESSORS APPOINTED

The executive committee of the board of regents this morning appointed the following professors to the faculty of the summer session: Green, Prof. Arthur Fairbanks; Latzo, Prof. T. H. Potter; French, Prof. Charles Van Sickle; Wilson, Miss Alice Tyler; Angell, Miss Katie; Public Speaking, Prof. Gordon; History, Prof. Schramm; English, Prof. Ansley; Chemistry, Prof. Shambaugh; biology and chemistry, Prof. Seashore; education, Prof. Bolton and Prof. Brown; Botany, Prof. Shimek; physics, Prof. Felden; mathematics, Prof. Wells.

The summer library school which is the partial direction of the State Library association will be in charge of Miss Alice Tyler, who is secretary of the state library commission with headquarters in Des Moines. She will be assisted by Miss Esther Crawford, cataloguer of the library of Western Reserve University in Cleveland, Ohio and Miss Annie Moore, instructor in Pratt Institute Library School.

Brooklyn N. Y. Miss Wood and Mrs. Ridgway of the university library will also deliver lecture to the library school.

In some of the German universities the teaching of chemistry are required to take life insurance.
mourn the passing of the freshman banquet. Peace be to its ashes!

The senior class play committee in their selection of "The Ritual" seem to have acted wisely. It is a part of our analysis to bring out the best talent in the class. It is one easily shaped and played by amateurs, for the same time it one the public will admire and appreciate. If the cast be as wisely chosen, it means success.

An Iowa man who refuses to help raise the athletic union debt must either be in abject poverty or devoid of varsity spirit and he had better be in the former condition of the two.

A fellow who spends money for his personal pleasures and luxuries and has none for athletes is a "right-wad" and a "tin-horn" of the most tiresome variety.

"In paying three dollars to the athletic ball committee you are donating probably one dollar of that amount to the athletic union treasury.

The Scimitar and Fees is established at Iowa. It is now up to the class to do as well in the matter of a senior pin.
