WASHINGTON'S BIRTHDAY

Last night, class dances. The title for a place on the track team to $150 and down to $50 deficit, it was a fine and lived there until four years ago. Such a profit was the hope of the committee. Speckled with patches of athletic ball, however, which was given many years ago with the record of $150 deficit. It was a fine and successful attempt. For, at the social standpoint we can best judge the party from the many and often repeated, remarks made by those present, that it easily outranked any general university function of its kind ever given here and rivaled even the best of the fraternity parties. The word "beautiful" and "dandy" seemed to have a very large element of sincerity. About two hundred people were present and they made a true Iowa crowd.

The decorations following the Washington birthday idea, were in deep umly of the patriotic red, with the yellow and white around the balcony old gold of the university was draped appropriately.

The orchestra, Myers of Cedar Rapids, gave an almost flawless performance, and perfect music was not stationed on the stage as usual but were placed on a platform in the north-east part of the hall. The stage which many called the "tangled room" was decorated and furnished into a pleasant place for those who did not dance. The steps leading up to it were a popular place between dances. The tropic corner in the northeast corner of the room was the most interesting and attractive part of the room. The trophies and medals collected for years were there on exhibition.

The patronesses of the evening were Mesdames George E. MacLeans, Zolin McClain, William S. Hosford, James R. Guthrie, Arthur G. Smith and Miss Gregory.

The committee of the athletic union were Joe W. Brown, Adam K. Deptula, Pauline J. Smith, Charles A. Will, Hurst, John F. Kunz, William F. Bushnell, Carl Edmison, Clarence A. Dyer, Robert J. Bannister, Harri son E. Spangler.

Socially and Financially the Athletic Ball Goes Down on Record as a Success

The presence of a 15-year old boy in the literary department of the university is so unusual an occurrence that Lawrence C. Hull, Sophomore from Indiana, Ind., has attracted not a little attention in University circles, though he has only been here since the first of the year. He could not enter on account of the age limit, which is 18 years, but insisted that he be given examinations. It was finally decided to give him a try as his phenomenal record as a student had procured him the examinations were completed he had not only succeeded in entering but in getting 15 hours average credit, which is equivalent to one year's work. A university official of the literary department said that it was the second case ever known in the university where a person had entered under age, and decidedly the most noticeable from the fact that he has received so much advanced credit.

Mr. Hull was born in Detroit and lived until four years ago, when he went to Brooklyn with his father and mother. While there he attended the Polytechinic Preparatory School and graduated the youngest in his class. During the course in the preparatory school he won so many prizes he was selected "Head Boy of the School" in his first year. He won the first prize in French as well as Latin, Greek and essay writing. He was secretary and treasurer of the debating society for two years and member of the championship debating team of Brooklyn and won first place in the oratorical contest his junior year. The only second prize he ever received was in debate, and he so decided in the great failure of his life.

Lawrence Hull has not alone been successful in the pursuit of his studies but has won medals repeatedly in athletics. In the championship meets of the state he was one of the largest point winners for his school. His specialty is the 100-yard dash, which he has made in 10.4. In the pole vault, high jump and hurdles he has very good high school records. Mr. Hull was accepted entering the commission for a place on the track team here this year. Both his parents are graduates from Michigan, which, according to his story, had helped him more than anything else in getting in when under the age limit of 18—Michigan Daily.

THE CONVOCATION

UNIVERSITY WILL CELEBRATE WASHINGTONS BIRTHDAY

The Father of our Country's Birthday and our Fifty-sixth Anniversary will be Celebrated Monday

The conviction which will be held at the armory on Monday at 10, will serve a double purpose, that of doing honor to George Washington's memory and also that of celebrating the university's fifty-sixth anniversary. The university was founded February 25, 1847.

The address of the day will be given by the Hon. Scott M. Ladd, LL. B., now justice on our supreme bench.

The university sextette will render music.

MILITARY BALL

The Process of The Military Party Will go to The Athletic Union

Col. Geo. R. Burnett said last night the idea of turning the profits of the ball over to the athletic union was a good one and that the annual military party should lead in establishing a precedent to that end. "We will donate our profits to the good cause," said Col. Burnett and "will deliver the matter of getting permanent medals for the military department for a while." "Athletes go a long way in making a university," continued the Colonel, "they give us a union in spirit and give us a chance to show our loyalty. They aid the university in many ways and when they need support every department should drop personal matters and help the whole. Only the second prize he ever received was in debate, and he so decided in the great failure of his life.

For the Common Good

The attitude of the military
department in declaring that the
money made at the annual
day will be turned over
to the athletic union is
very laudable and one
speaks very highly for the public spirit-
edness of the department. This
party, judging from its standard
last year will be a good one, and
it had been intended to use its
profits for the purpose of getting
some permanent monument to be
given for high proficiency in the
department. The financial con-

conditions in athletics however leads
the military authorities to leave
the needs of their own department
and come forward for the
common cause. The military

certainly have the proper spirit.

When it comes to speaking
about the rugged sports of boy-
hood, Walter Camp has just
on the right theories, whatever
his practical knowledge of sports may
be. It seems ridiculous that the
state legislatures should try to
pass bills against football playing

Two Books--Two Cents

THE Burlington Route has just issued two publications of great interest to homeseekers. "Nebraska" is the title of a 48-page book descriptive of the agricultural resources of the state, profusely illustrated with farm scenes and supplemented with an accurate sectional map.

"Big Horn Basin" is an illustrated folder telling all about the rich but undeveloped portion of Northwestern Wyoming. The Big Horn Basin contains wonderful openings for small ranches along good streams, with a million acres of government land open for settlement under the United States land laws.

Both publications will be sent to any address on receipt of two cents in stamps. Address J. FRANCIS, General Passenger Agent, Burlington Route, Omaha.

Amusements

It is not unusual for the songs of a comic opera to become so popular that they are heard everywhere, but "The Princess Chic" is the only one of the modern musical plays from which the lyrics are often quoted even without the music. The Manager of "The Princess Chic" is invariably asked after each performance by newspaper men for a copy of the lyrics. This attests their poetic value, but as it is so convenient for papers to wish to print in entirety the words of songs, Manager Stobum of "The Princess Chic" has heretofore been unprepared to supply this demand. Will appear at the opera house next Monday night.

So far all the entertainments presented by the Y. M. C. A. have given splendid satisfaction but the one to be given Friday evening in the liberal arts auditorium by the De Barrie Gill Company promises to eclipse them all. If the number of dates booked is an index of popularity they are probably the most popular attraction on the lyceum platform, as they have had dates for the season of 1902-3 which is more than any similar attraction on the road. Those who have reserved seats for Germaine will occupy the same ones for this number. General admission 35 cents.

The Christian, Hall Caine's famous play, is strong and most notable and lasting successes given in the public of recent years, and in the forthcoming presentation at the opera house on next Thursday night. Liebler and company, the original producers offer an excellent cast, together with fine scenic settings and detail of stage scenery and decoration which has characterized the former engagements and the occasion is one that will doubtless prove of more than usual interest to our theatre goers.

Our guarantee to satisfy means something, for we are responsible. You will find our February cut prices on everything in the Furniture line 15 to 25 per cent lower than elsewhere.
