BUSH TO COACH TRACK MEN
TO BE ASSISTED BY PROF. EASTMAN AND ANDERSON

Mr. Stephen H. Bush, Instructor in French, to Train the Track Team this Spring-Gossip About Coach's Successor

Mr. Stephen H. Bush, Instructor in French, has been elected coach of the track team by the board of athletic control. He will be assisted by Prof. Clarence W. Eastman, in coaching the team this spring. Captain Anderson will also assist in the coaching.

Mr. Bush was a member of the Harvard track team and of the All-American track team chosen to compete against the English track team two years ago. Mr. Bush was unable to compete in the English-American meet on account of his accepting a position in Iowa which required his presence in September of the fall in which the meet was held.

Expression of Extent

Proposition Comes from President Humbolt

The latest proposition which comes to the front in speaking for a debating proposition comes from President Peterson of Miami University. President Peterson is desirous that his team meet either Iowa or Wisconsin in an informal debate, a question which has been especially prominent at the college. He proposes to the board of regents that they go to either debate Wisconsin, make a detour to Indianapolis in either way there or coming back.

President Peterson states that he is desirous to have a debate which will be made to tour of universities or colleges. It is not likely that the proposition will be accepted by the debating leagues for the expense and difficulty toward the trip system might establish a bad precedent, in as much as long trips keep students away from their studies and duties and should therefore be discouraged.

ABUSE OF THE LIBRARY

Condemned by the Literary Societies

Last night Irving Institute passed resolutions condemning the misuse that is being made of the library. Books have been misplaced, taken out without authority to the great inconvenience of all literary workers, but the grossest feature is that books have been clipped of articles and pictures. The blame for this abuse of the library has been placed upon the literary societies. The resolutions add similar cases, which the other societie are working on, all condemn the practice in the strongest terms. "It gives no advantage to them, in fact it is a disadvantage. The abuse of the debating literature placed upon individuals and not societies."

An effort is being made at Ohio University to get a more and more completely equipped athletic field.

The Yale Dramatic Association has selected Goldsmith's comedy, "The Good Natural Man," for its production this spring.

By its two successive victories over Yale in the Big Ten, Harvard hockey team won the final round for the intercollegiate championship and finished its season without having experienced a defeat.

**Debaters not to Blame**

Whether the resolutions of the literary societies will stop the abuse of the library is a question. The misplacing of a book is ex- cessible; the temporary abstraction of a volume may be overlooked; but the systematic cutting out of articles and pictures can not be too severely condemned. Such vandalism should be reported to the authorities by anyone who detects the act.

The blame has been unjustly placed upon students who are working upon debates. What possible use they could have for a Christy or a colored lithograph of Cream of Wheat seems doubtful. The most of the books used by them are the various reports which find little use by the ordinary user of the library. Then too these shelves have very few blanks, which can not be filled from the hands of a nearby de- bater.

The Minnesota Daily is wax-ing sarcastic. The following appeared among a number of short paragraphs which were headed “Happy Thoughts.”

Dr. Knipe, coach at Iowa is in New York at present.

The Cedar Rapids Republican in commenting on the recent lecture delivered by Prof. Sas- sman of the department of psy- chology before the Science club of Iowa College says: “No member of the Science club this year has been so largely attended, nor has there been such a valuable ad- dress given. Dr. Sasehore knows his subject thoroughly, and talks about it in an impressive way but which is at the same time very entertaining. The people of Cedar Rapids who missed the lecture of last evening missed a rare treat, for it is seldom they are given the opportunity of hear- ing a popular subject treated in a scientific way by one of the famous and ability of the lecturer of last evening.”

The biennial convention of the Fifth District of the national fra- ternity of Phi Kappa Phi will be held in Iowa City under the auspices of the local chapter of that fraternity on the 15th and 16th days of April, 1903. The chap- ters which will send delegates to this convention are located at Wis- consin university, Beloit college, Minnesota university, Kansas university, Leland Stanford, Jr. univer- sity, university of California, the university of Nebraska and the university of Iowa.

The coming of William Jennis- ons Bryan is set for Friday, March 12. He will give an ora- tion which will arouse discussion undoubtedly, but certainly one which will command respect and admiration. His subject is one of great interest, “A Conquering Nation.” Everyone should hear this great leader of the common people.

Data recently compiled from the general catalogue of the univer- sity of Michigan and the alum- ni records show that only thirty per cent of the women graduates of that institution, marry.

The Errolphian and Errolphian societies will hold a joint program tonight.

The graduates of the law school of the University of Min-
nesota are now admitted to the bar of the state without examin-
ation but a bill is pending before the Minnesota legislature to cam-
pel them to take the bar examina-
tion the same as other appli-
cants for admission. Concerning the bill the Minnesota Daily says: 
"There is not the slightest chance that the graduates of the law 
school can fail to pass the exami-
nation, but so can any enterpris-
ing young man who has a fancy 
to write 'Attorney at Law' after 
his name and is willing to spend 
six months in the office of a 
practicing attorney looking over 
old examination questions."
