ATHLETIC DEBT HALF RAISED

The Long Pull Comes This Week—Extra Efforts Desired Until the Debt is Raised

The athletic debt is half subscribed. Twenty-five hundred dollars was the amount subscribed at noon today. The balance of the debt must be raised within a week.

The baseball team began practice this afternoon, but the debt will have to be subscribed before it is known whether the baseball team or the track team will have any games this spring.

Every subscriber is urged to work with greater activity until the debt is raised.

Professor C. W. Johnson will deliver the second of a series of three lectures given under the auspices of the Iowa Society of the Archaeological Institute of America in the auditorium last night. Before introducing the speaker, Prof. Fairbanks announced that on account of price of admission being raised, the society could not meet its obligations before delivering its lecture on "Ancient Potliolls, Cliff Dwellings and Monuments" and that the Iowa Society had secured as substitute, Professor Sterrett, of Cornell University, who will read a paper on "Cave Dwellers of Asia Minor" on April 5.

Prof. Shorney gives Sketch of Greek Literature

Profl. Paul Shorey, of Chicago University, delivered the second of a series of three lectures given under the auspices of the Iowa Society of the Archaeological Institute of America in the auditorium last night. Before introducing the speaker, Prof. Fairbanks announced that on account of price of admission being raised, the society could not meet its obligations before delivering its lecture on "Ancient Potliolls, Cliff Dwellings and Monuments" and that the Iowa Society had secured as substitute, Professor Sterrett, of Cornell University, who will read a paper on "Cave Dwellers of Asia Minor" on April 5.

Shorney, Professor in Greek, was speaking of his theme, "Realism and Idealism in Greek Literature and Art," first drew distinctions between idealism and realism both in the ancient and the modern sense and then in a brief and pleasing way traced the history of Greek literature and art through the classical period which he calls "idealistic to the fourth century which is realistic."

The program includes Mexican Central, is a candidate for a baccalaureate degree in three years. In the latter part of January, Sigma Xi conferred the honorary degree of member on Mr. Berryhill. James G. Berryhill, Jr., able to Graduate in Three Years and Attain Phi Beta Kappa and Sigma Xi

The election of James G. Berryhill, Jr. to the society of Phi Beta Kappa which was announced yesterday completes a unique and remarkable record of collegiate scholarship. Entering the university in 1899 from the west Des Moines high school he has been able to announce himself as a candidate for a baccalaureate degree in three years. In the latter part of January, Sigma Xi conferred the honorary degree of member on Mr. Berryhill. In an extensive legal and commercial career, he has traced the history of Greek literature and art through the classical period which he calls "idealistic to the fourth century which is realistic."

In addition to his class room work Mr. Berryhill has taken an active part in Irving Institute for three years. He is also a member of Beta Theta Pi fraternity. It is explained by officers of the society, that the Sigma Xi does not require that its members shall be chosen from those taking school courses but that those chosen must have demonstrated a very high order of scholarship.

The Northern Oratorical League—hardest, slowest, toughest, half are open to alumni far and near. Everything Fresh and Wholesome

There is plenty of work in sight for the campus beautifier. In the words of M. L. Curtis "where are you going to begin," it might be suggested that some of the colors on the west slope don't blend very happily.

WANTED—Some philanthropist who will say I will double every dollar that the students raise for athletics. This mythical individual is warned in advance that it will cost him a pretty penny.

There is one word which should be dearer than all others to every student, never spoken without a thrill, a rallying cry for her thousands sons and daughters: "Iowa."

The mock trial conducted by law students at Iowa has attracted a great deal of attention for the last week—L.S.C. Student.

Now is the time to enroll in some good teacher's agency. The Educational Exchange desires to send information regarding plans to every teacher who thinks of making a change. You may not decide to enroll, but to look over our papers can do you no harm, and may do you good. The bulk of our work is done in Iowa, but during this month we have had written requests of teachers from South Dakota, Nebraska, Wisconsin, Ohio, Minnesota, Pennsylvania, Wyoming, Illinois, Washington, Indiana, Montana, Idaho, Colorado and Arizona. Also, A business of this kind cannot be built up in a day or a year. It requires a continual investment in advertising, particularly among those employing teachers, and above all, a strict adherence to correct and honest business methods. Let us send you our papers,

March 19—Lecture, Miss Hari
d Wood, Auditorium.

Now, next Christmas, is the time to select a good subject and begin to think about it. Then the writer will be able to competely assimilate thought gained from various sources and stamp it strongly with his own personality. When this is done by every contestant we shall never fail to take a high place in the Northern Oratorical League—Minnesota Daily.

Half of the athletic debt has been subscribed. The longest, hardest, slowest, toughest, half yet remains. Everyone should redouble his efforts in the few days yet remaining. We must make a big hole in the last half of the five-thousand at once.

The athletic subscription lists are open to alumni far and near. Checks may be sent to H. E. Spangler, President of the Athletic Union.

"Nebraska" is the title of a 48-page book descriptive of the agricultural and cultural resources of the state, profusely illustrated with farm scenes and supplemented with an accurate sectional map. "Big Horn Basin" is an illustrated folder telling all about the rich but undeveloped portion of Northwestern Wyoming. The Big Horn Basin contains a wonderful opening for small ranches along good streams, with a million acres of government land open for settlement under the United States land laws.
